SUBJECT TO COMPLETION, DATED OCTOBER 31, 1997

PROSPECTUS  
MIRAGE HOLDINGS, INC.  
UP TO 500,000 SHARES OF COMMON STOCK AND  
1,000,000 COMMON STOCK PURCHASE WARRANTS  
MINIMUM OFFERING: 250,000 SHARES

Mirage Holdings, Inc., a Nevada corporation ("the Company"), hereby offers for sale: (i) a minimum (the "Minimum Offering") of 250,000 shares of common stock, \$0.001 par value (the "Common Stock" or the "Shares"); and (ii) a maximum (the "Maximum Offering") of 500,000 shares of Common Stock and 1,000,000 Common Stock Purchase Warrants (the "Warrants.") The Common Stock and the Warrants offered hereby (sometimes referred to as the "Securities") will be separately tradeable immediately upon issuance and may be purchased separately. The Common Stock and Warrants will be sold by the Underwriters to the public at the public offering prices set forth below. Each Warrant entitles the holder to purchase one share of Common Stock at an exercise price \$6.00 per share during the five year period commencing on the date of this Prospectus. See "Description of Securities."

Additionally, 564,065 shares of Common Stock (the "Private Placement Stock") and 444,500 shares of Common Stock underlying warrants (the "Private Placement Warrants") (collectively, the "Private Placement Securities") of the Company are being registered herein and will be sold from time to time by the shareholders described herein (the "Selling Shareholders") in transactions in the national over-the-counter market or otherwise at prices prevailing at the time of sale. The Company will not receive any of the proceeds from the sale of any Private Placement Securities by the Selling Shareholders. All expenses incurred in registering the Private Placement Securities are being borne by the Company, but all selling and other expenses incurred by the Selling Shareholders will be borne by the Selling Shareholders. See "Selling Shareholders."

The Private Placement Securities offered by the Selling Shareholders have been acquired by the Selling Shareholders from the Company in private transactions and are "restricted securities" under the Securities Act of 1933, as amended (the "Act"), prior to their sale hereunder. This Prospectus has been prepared for the purpose of registering the Private Placement Securities under the Act to allow for future resales by the Selling Shareholders to the public without restriction. To the knowledge of the Company, the Selling Shareholders have made no arrangement with any brokerage firm for the sale of the Private Placement Securities. The Selling Shareholders may be deemed to be "underwriters" within the meaning of the Act. Any commissions received by a broker or dealer in connection with resales of the Private Placement Securities may be deemed to be underwriting commissions or discounts under the Act. See "Plan of Distribution."

Prior to this Offering, there has been no public market for the Company's securities. The public offering prices of the Common Stock and the Warrants have been determined by negotiation between the Company and Platinum Equities, Inc., the Managing Underwriter, and are not necessarily related to the Company's asset value, net worth, results of operations, or other established criteria of value. See "Underwriting." The Company is applying for quotation of the Common Stock and Warrants on the Over-the-Counter Bulletin Board ("OTC/BB") system under the symbols "MIRG" and "MIRGW," respectively. However, there can be no assurance that an active public trading market for such securities will be developed or sustained.

The Securities offered hereby involve a high degree of risk.  
See "Risk Factors" commencing on page 4.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

- (1) Does not include additional compensation to Platinum Equities, Inc. the form of a non-accountable expense allowance equal to 3% of the gross proceeds of the offering. See "Underwriting."
- (2) Before deduction of estimated expenses of \$82,500 payable by the Company, not including the 3% non-accountable expense allowance. See "Underwriting":
- (3) There is no assurance that all or any of the Securities offered hereunder will be sold. If the Company fails to receive subscriptions for a minimum of 250,000 Shares within 120 days from the date of this Prospectus (or 150 days if extended by the Company), the Offering will be terminated and any subscription payments received will be promptly refunded within 5 days to subscribers, without any deduction therefrom or any interest thereon. If subscriptions for at least the minimum amount are received within such period, funds will not be returned to investors and the Company may continue the Offering until such period expires or subscriptions for the Maximum Offering have been received, whichever comes first. The investment funds shall be held in an Escrow Account for up to 150 days. During this time, investors cannot demand the return of their investments. If the Company does not meet the required minimum number of securities to be sold (250,000 Shares), the investors will be refunded their investment in full without interest. Affiliates may purchase Securities in the Offering and no limits have been imposed in this regard, but no one has made any commitment to purchase any portion of the Offering in order to reach the minimum.

The Securities are being sold by the Company and offered by the Underwriters on a "best efforts, minimum/maximum" basis, subject to prior sale, when, as and if accepted by the Underwriters, and subject to certain conditions. The Underwriters reserve the right to withdraw, cancel or modify such offer and to reject orders in whole or in part. It is expected that the certificates representing the Securities will be ready for delivery at the offices of Platinum Equities, Inc., 19 Rector Street, Suite 2301, New York, NY, 10006, within 10 business days after the date the Registration Statement is declared effective by the SEC.

PLATINUM EQUITIES, INC.

The Date of this Prospectus is October 31, 1997

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITERS MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE SHARES AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

PROSPECTUS SUMMARY

The following summary is qualified in its entirety by reference to, and should be read in conjunction with, the more detailed information and the Consolidated Financial Statements (including the notes thereto) appearing elsewhere in this Prospectus. Unless otherwise specifically referenced, all references to dollar amounts refer to United States dollars.

The Company

Mirage Holdings, Inc. (the "Company") was formed for the purpose of marketing unique fashions. The Company specializes in the marketing of fashions targeted toward the segment where discriminating customers are always looking for unique and innovative products. The origin of these designs is mainly from India and Pakistan but not limited to these countries. Management of the Company is continuously in search of new ideas, regardless of the ethnic background.

Management of the Company believed they could fill a niche in the apparel market by importing these fashions. The economic feasibility of this idea was studied by conducting a market research over a period of one year. The results were very encouraging. The study identified two main areas of profitability: the existing affluent market segments of Indian and Pakistani people living in the United States and Canada who are always thirsty for new fashions from their countries, as well as the growing demand in the mainstream American market of designs that are different than the usual.

To explore the potential presented by these opportunities, the Company was formed with the goal to be the dominant supplier of fashionwear in these specialty market segments in the United States and Canada.

In the future, the Company may also pursue other business opportunities in the United States and Canada which arise out of its relationships with the Indian and Pakistan communities. See "Business of the Company--General."

As of September 1, 1997, the Company had 1,814,065 Common shares issued and outstanding and 444,500 warrants to purchase one share of Common Stock for \$0.75 outstanding. The Company will have 2,064,065 shares of Common Stock outstanding after the Offering if the minimum amount is sold hereunder and 2,314,065 Common shares outstanding if the maximum amount is sold hereunder, without giving effect to the exercise of any warrants. Assuming exercise of all warrants, including Warrants to be issued hereunder, the Company will have 2,508,565 shares of Common Stock outstanding after the Offering if the minimum amount is sold hereunder and 3,758,565 shares of Common Stock if the maximum amount is sold hereunder. The Company also has 500,000 common shares reserved for issuance under its stock option plan, of which 120,000 options have been issued.

From July 1, 1995 through June 30, 1997, the Company had aggregate revenues of \$412,202 from the sale of its products. The Company's cumulative loss from operations for the respective period was \$175,041. Successful development of the Company's products and successful implementation of the Company's marketing plan are necessary for the Company to commence generating substantial operating revenues or to achieve profitability.

Mirage Holdings, Inc. was incorporated under the laws of the State of Nevada on March 18, 1997. Mirage Collection, Inc., a wholly-owned subsidiary of Mirage Holdings, Inc., began business as a partnership July 1, 1995, and was reorganized into a corporation in the State of Nevada pursuant to Internal Revenue Code Section 351 on April 1, 1997. The address of the Company's principal executive offices is: 18638 Pioneer Boulevard, Artesia, CA, 90701. The Company's telephone number is (310) 860-5556.

1

Unless otherwise noted, the "Company" as used in this Prospectus, will refer to the consolidated entities described above.

RISK FACTORS

An investment in the Securities offered in this Prospectus involves a high degree of risk and should only be made by persons who can afford the loss of their entire investment. Accordingly, prospective investors should consider carefully the following factors, in addition to the other information concerning the Company and its business contained in this Prospectus, before purchasing the Securities offered hereby.

**Limited Operating History.** The Company began operations on April 17, 1995, and first sold its product in April 1995. While the Company is generating some revenues, it has not generated net income since its inception. (See Operating Losses.) The Company's success is dependent upon the successful development and marketing of its products, as to which there is no assurance. Unanticipated problems, expenses, and delays are frequently encountered in establishing a new business and marketing and developing products. These include, but are not limited to, competition, the need to develop customer support capabilities and market expertise, setbacks in product development, market acceptance, sales, and marketing. The failure of the Company to meet any of these conditions would have a materially adverse effect upon the Company and may force the Company to reduce or curtail operations. No assurance can be given that the Company can or will ever operate profitably. See "Management's Discussion and Analysis of Financial Condition and Results of Operations," "The Company--Marketing" and "--Competition."

**Dependence on Few Products.** The Company currently derives all of its sales revenue from the sale of its products. The Company expects that sales of such products will continue to represent a substantial portion of its sales revenue unless and until the Company fully develops and markets additional products. In the event the Company's introduction of new products is delayed or is eventually unsuccessful, the Company will be forced to rely upon revenues generated by the products. In the event revenues generated by any one of these products decline, the Company's financial condition could be adversely and materially effected. See "Business of the Company--Products."

**Operating Losses.** The Company has not been profitable since its inception. For the period beginning April 17, 1995 (date of inception) to June 30, 1995 and the period beginning July 1, 1995 to June 30, 1996, the Company incurred net operating losses of \$6,305 (unaudited) and \$62,295 (audited), respectively. For the year ended June 30, 1997, the Company incurred a net loss of \$112,746 (audited). The Company expects to continue to incur losses at least through fiscal 1997, and there can be no assurance that the Company will achieve or maintain profitability or that its revenue growth can be sustained in the future. See Financial Statements.

**Future Capital Needs Could Result in Dilution to Investors; Additional Financing Could be Unavailable or Have Unfavorable Terms.** The Company's future capital requirements will depend on many factors, including cash flow from operations, progress in its research and development, competing market developments, and the Company's ability to market its proposed products successfully. Although the Company currently has no specific plans or arrangements for financing other than this Offering and no commitments for future financing, to the extent that the funds generated by this Offering are insufficient to fund the Company's activities, it may be necessary to raise additional funds through equity or debt financings. Any equity financings could result in dilution to the Company's then-existing stockholders. Sources of debt financing may result in higher interest expense. Any financing, if available, may be on terms unfavorable to the Company. If adequate funds are not obtained, the Company may be required to reduce or curtail operations. The Company anticipates that its existing capital resources, together with the net proceeds of this Offering, will be adequate to satisfy its operating expenses and capital requirements for at least 12 months after the Offering. However, such estimates

may prove to be inaccurate. See "Management's Discussion and Analysis of Financial Condition and Results of Operations," "Business of the Company" and Financial Statements.

Investors Could Be Without Funds and Securities for up to 150 Days. The Units shall be held in an Escrow Account for up to 150 days. During this time, investors cannot demand return of their investments. If the Company

5

does not meet the required minimum number of securities to be sold (250,000 Shares), the investors will be refunded their investment in full without interest. See "Underwriting."

**Economic Conditions and Consumer Spending.** As with other retail businesses, the Company's results may be adversely affected by unfavorable local, regional or national economic conditions affecting disposable consumer income. There can be no assurance that consumer spending will not decline in response to economic conditions, thereby adversely affecting the Company's growth, net sales, and profitability. Currently, the Company has a limited customer base as its sales are focused in the Los Angeles, California region, with some sales targeted at national conventions for Indian and Pakistani professionals, such as doctors' and lawyers' conventions.

**Unpredictable Product Acceptance; Lack of Distribution Agreements.** There can be no assurance that the Company's marketing and/or sales strategies will be effective and that consumers will buy the Company's products. The failure of the Company to penetrate its markets would have a material adverse effect upon the Company's operations and prospects. Market acceptance of the Company's products will depend in part upon the ability of the Company to demonstrate the advantages of its products over competing products. In addition, the Company's sales strategy for its products contemplates sales to markets yet to be established. Also, the Company currently has no distribution agreements for any of its products in place. See "Business of the Company--Marketing" and "--Competition."

**Competition.** The retail apparel business is highly competitive and is expected to remain so despite consolidation in the industry. The Company competes primarily with other specialty retailers and to a lesser degree with department stores and other retailers and catalogers engaged in the retail sale of apparel. Most of these competitors have significantly greater financial, marketing and other resources than the Company. The Company believes that its emphasis on unique, ethnic fashions and its marketing focus on ethnic markets makes it less vulnerable to changes in fashion trends than many general apparel retailers; however, the Company's sales and profitability depend upon the continued demand for its unique styles. See "Business of the Company--Competition" and "--Marketing."

**Difficulty of Planned Expansion; Management of Growth.** The Company has expanded its operations rapidly, and it plans to continue to further expand its level of operations in all areas following the Offering. The Company's operating results will be adversely affected if net sales do not increase sufficiently to compensate for the increase in operating expenses caused by this expansion. In addition, the Company's planned expansion of operations may cause significant strain on the Company's management, technical, financial, and other resources. To manage its growth effectively, the Company must continue to improve and expand its existing resources and management information systems and must attract, train, and motivate qualified managers and employees. There can be no assurance, however, that the Company will successfully be able to achieve these goals. If the Company is unable to manage growth effectively, its operating results will be adversely affected.

**Dependence Upon Key Personnel.** The Company's success depends, to a significant extent, upon a number of key employees. The loss of services of one or more of these employees could have a material adverse effect on the business of the Company. The Company believes that its future success will also depend in part upon its ability to attract, retain, and motivate qualified personnel, and consequently has entered into employment agreements with certain key officers. Competition for such personnel is intense. There can be no assurance that the Company will be successful in attracting and retaining such personnel. The Company does not have "key person" life insurance on any of its key employees. See "Management."

**One Outside Director.** The Company's Board of Directors presently consists of three (3) directors: Najeeb U. Ghauri, President; Irfan Mustafa; and Gill Champion, Vice President. Therefore, the Company's Board of Directors has only one outside director (Mr. Mustafa) and, as they constitute a majority of the directors, insiders may be able to control certain policies, actions, and decisions of the Company. While the Company has agreed that, upon completion of the Offering, the Board of Directors will increase its size to five, of which a majority shall be outside directors, there can be no assurance that the Company will be able to retain qualified outside directors. See "Management--Directors and Executive Officers."

6

**Reliance on Independent Subcontractors for Design and Manufacture of the Company's Product Line.** The Company does not maintain its own production facilities to design and manufacture the product line and does not intend to do so in the foreseeable future. The Company's products are designed and produced by independent companies. In the event the Company were to have difficulties with its present suppliers, the Company could experience delays in supplying products to its customers and potentially be forced to discontinue a product line. Any negative change in the Company's relationship with its suppliers could have a material adverse impact on the Company's business, financial condition and results of operations unless the Company could quickly find a replacement supplier. See "Business of the Company--Distribution."

*Potential Conflicts of Interest Between the Company and its Officers, Directors, and Shareholders.* The interest of Investors and Shareholders may be inconsistent in some respects with the interests of the principals of the Company. The risk exists that such conflicts will not be resolved in the best interest of the Company. Further, the Company will rely on its Officers and Directors to manage the Company's business operations. All Officers and Directors will devote as much of their time to the business of the Company as, in their judgment, is reasonably necessary to operate the Company in a profitable manner. These individuals may engage for their own account, or the account of others in other business ventures for which the Company is not entitled to compensation. At some time in the future, the Company may compete for the management services of the Officers of the Company. As a result, these individuals may be placed in a position where their decision to favor other operations in which they are associated over those of the Company will result in a conflict of interest. In allocating their time, they will recognize their fiduciary obligations to the Company, the prevailing industry standards, and the financial situation of the Company. Further, the Company has accepted a loan from one of its officers and directors as well as a loan from the brother of one of its officers and directors. These situations create a potential conflict of interest situation where the officers and directors could act in the best interest of themselves and their families rather than the Company. The Company's management believes that the terms of these transactions are no less favorable to the Company than would have been obtained from an unaffiliated third party in similar transactions. All future transactions with affiliates will be on terms no less favorable than could be obtained from unaffiliated third parties, and will be approved by a majority of the disinterested directors. The Company has agreed with certain state regulatory authorities that so long as the Company's securities are registered in such states, or one year from the date of this prospectus, whichever is longer, the Company will not make loans to its officers, directors, employees, or principal shareholders, except for loans made in the ordinary course of business, such as travel advances, expense account advances, relocation advances, or reasonable salary advances. However, any of the relationships disclosed herein could result in a conflict of interest for the Company. See "Certain Transactions," and "Principal Shareholders."

*Lack of Dividends.* The Company has never paid any cash dividends on its Common Stock and does not anticipate paying any cash dividends in the future. The Company currently intends to retain future earnings, if any, to fund the development and growth of its business. See "Dividend Policy."

*Dilution.* Purchasers of shares of Common Stock in the Offering will experience immediate dilution of \$4.53 per share (88%) if the minimum amount is sold or \$4.08 per share (79%) if the maximum amount is sold (based on the initial public offering price of \$5.15 per share) in the net tangible book value of the shares from the initial public offering price. The shares sold by the Company in the Offering represent 12% of the total shares of Common Stock outstanding following the Offering if the minimum amount is sold or 22% of the total shares of Common Stock outstanding following the Offering if the maximum amount is sold hereunder and represent a cash contribution of 82% of the aggregate book value or cash contributions to the Company if the minimum amount is sold or a cash contribution of 88% of the aggregate book value or cash contributions to the Company if the maximum amount is sold. See "Dilution."

*Control by Existing Shareholders.* Upon completion of this Offering, the Company's existing shareholders will beneficially own approximately 88% of the outstanding Common Stock if the minimum amount is sold or approximately 78% of the outstanding Common Stock if the maximum amount is sold. Of these shares, the Company's officers and directors, together with shareholders who beneficially own more than five percent of the outstanding stock of the Company, will beneficially own approximately 67% of the outstanding Common Stock

7

if the minimum amount is sold or approximately 61% of the outstanding Common Stock if the maximum amount is sold hereunder. Investors purchasing shares pursuant to this Offering will beneficially own approximately 12% of the outstanding Common Stock if the minimum amount is sold or approximately 22% of the outstanding Common Stock if the maximum amount is sold. As a result, all or certain combinations of the Company's existing shareholders, acting in concert, will have the ability to control the Board of Directors and policies of the Company. See "Principal Stockholders" and "Certain Transactions."

*No Prior Public Market; Possible Volatility of Share Price.* No public securities market existed prior to this Offering for the Company's Common Stock. Although the Company has applied to have the Common Stock included on the OTC/BB System, there can be no assurance that an active public trading market for such securities will be developed or sustained. Accordingly, purchasers of the Common Stock may experience substantial difficulty selling such securities. The offering price of the shares of Common Stock has been determined by negotiations between the Company and the Representative and are not necessarily related to the Company's existing market price, asset value, net worth, or other established criteria of value. Additionally, potential investors should be aware that the securities of the Company have recently sold at a substantial discount to the public offering price herein. The Company and the Representative considered the following factors in pricing the securities issued in the recent private placement of the Company at \$0.50 per share of Common Stock and \$0.10 per warrant versus the initial public offering price: at the time of the private placement the Company was still developing its business plan, the Company had minimal officer and director support, key personnel of the Company were not yet in place, the Company was in the process of structuring its public offering plan, the Company had not yet secured an underwriter for a public offering, and there could be no assurance of a public market for the securities. See "Underwriting."

Shares Eligible for Future Sale. Upon the closing of this Offering, 1,250,000 of the total of 1,814,065 shares of Common Stock outstanding prior to this Offering will be "restricted securities" within the meaning of Rule 144 under the Securities Act of 1933 (the "Act"). All directors, officers, and holders of 5% or more of the existing shares of Common Stock (whether restricted or otherwise) have agreed not to sell any of their shares of Common Stock for a period of 12 months after the date of this Prospectus without the prior written consent of the Representative. At the end of that period, these shares will be eligible for sale, subject in the case of restricted securities to the holding period, volume limitations, and other conditions imposed by Rule 144. Ordinarily, under Rule 144, a person holding restricted securities for a period of one year may, every three months, sell in ordinary brokerage transactions or in transactions directly with a market maker an amount equal to the greater of one percent of the Company's then-outstanding Common Stock or the average weekly trading volume during the four calendar weeks prior to such sale. In addition, non-affiliates of the Company may sell unlimited amounts of restricted securities after a holding period of one year. Future sales of such shares could have an adverse effect on the market price of the Common Stock. See "Description of Securities" and "Underwriting."

Risks Relating to Low-Price Stocks. The Company has applied for inclusion of the Common Stock on the Over-the-Counter Bulletin Board ("OTC/BB") upon the completion of this Offering. As a result, an investor could find it more difficult to dispose of, or to obtain accurate quotations as to the market value of, the Company's securities as compared to securities which are traded on the Nasdaq trading market or on an exchange. In addition, trading in the Common Stock would be covered by Rules 15g-1 through 15g-100 promulgated under the Securities Exchange Act of 1934 for non-Nasdaq and non-exchange listed securities. Under this rule, broker-dealers who recommend such securities must satisfy burdensome sales practice requirements, including a requirement that they make an individualized written suitability determination for the purchaser and receive the purchaser's written consent prior to the transaction. The Securities Enforcement and Penny Stock Reform Act of 1990 (the "Reform Act") also requires additional disclosure in connection with any trades involving a stock defined as a "penny stock" (generally, according to recent regulations adopted by the Commission, any equity security that has a market price of less than \$5.00 per share, subject to certain exceptions), including the delivery, prior to any penny stock transaction, of a disclosure schedule explaining the penny stock market and the risks associated therewith, the requirement that a broker-dealer must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson in the transaction, and monthly account statements showing the market value of each penny stock held in the customer's account. The regulations governing low-priced or penny stocks could limit the ability of broker-dealers to sell the

8

Company's securities and thus the ability of the purchasers of this Offering to sell their securities in the secondary market.

Inexperienced Underwriter. Platinum Equities, Inc. has no experience in underwriting public offerings. This Offering is the first public offering Platinum Equities, Inc. will underwrite. There can be no assurance that the Underwriter's lack of experience will not adversely affect the Offering or the ability to maintain a market for the Company's Common Stock following the completion of the Offering. Accordingly, the market for the Company's Common Stock could be adversely affected if other firms are unwilling to make a market in the Common Stock.

9

#### DILUTION

Dilution is the difference between the public offering price of \$5.15 per share for the Common Stock offered herein, and the net tangible book value per share of the Common Stock immediately after its purchase. The Company's net tangible book value per share is calculated by subtracting the Company's total liabilities from its total assets less any intangible assets, and then dividing by the number of shares then outstanding.

The net tangible book value of the Company prior to this Offering, based on June 30, 1997 financial statements, was \$233,944. Prior to selling any shares in this Offering, the Company has 1,814,065 shares of Common Stock outstanding.

If the maximum Shares offered herein are sold, the Company will have 2,314,065 shares outstanding upon completion of the Offering. The post offering pro forma net tangible book value of the Company, which gives effect to receipt of the net proceeds from the Offering and issuance of additional Shares of Common Stock in the Offering, but does not take into consideration the Warrants sold in the Offering nor any other changes in the net tangible book value of the Company after June 30, 1997, will be \$2,478,694 or \$1.07 per share, approximately. This would result in dilution to investors in this Offering of \$4.08 per share or 79% from the public offering price of \$5.15 per Share. Net tangible book value per share would increase to the benefit of present shareholders from \$0.13 prior to the Offering to \$1.07 after the Offering, or an increase of \$0.94 per share attributable to the purchase of the Shares by investors in this Offering.

If only the minimum number of Shares is sold, the Company will have 2,064,065 shares outstanding upon completion of the Offering. The post offering pro forma net tangible book value of the Company will be \$1,271,569 or \$0.62 per share, approximately. This would result in dilution to investors in this Offering of \$4.53 per share or 88% from the public offering price of \$5.15 per Share. Net tangible book value per share would increase to the benefit of present shareholders from \$0.13 prior to the Offering to \$0.62 after the Offering, or an increase of \$0.49 per share attributable to the purchase of the

Shares by investors in this Offering.

The following table sets forth the estimated net tangible book value per share after the Offering and the dilution to persons purchasing Shares based on the foregoing minimum and maximum offering assumptions

USE OF PROCEEDS

The net proceeds to the Company (at an initial public offering price of \$5.15 per Share) and \$0.10 per Warrant from the sale of the Securities offered hereby (less commissions of 10%, the Representative's non-accountable expense allowance of 3% and expenses of this Offering (estimated at \$82,500)) are estimated to be approximately \$1,037,625 if the minimum amount is raised hereunder and \$2,244,750 if the maximum amount is raised, excluding any proceeds from the exercise of the Warrants.

</TABLE>

The allocation of net proceeds set forth above represents the Company's current estimates based upon its current plans and upon certain assumptions regarding the progress of development of its products, changing competitive conditions, the ongoing evaluation and determination of the commercial potential of the Company's products and the Company's ability to enter into agreements. These assumptions include the facts that the Company's retail clothing line will continue to increase its sales in order to support an expansion of its sales force and establishment of advertising and promotional activities; the Company will be able to attract new designers and purchase additional inventory from such designers; the Company will be able to establish import/export distribution channels for its retail clothing line between the United States, India, and Pakistan. If any of these factors change, the Company may reallocate some of the net proceeds within or between the above-described categories. The Company believes that the funds generated by this Offering, together with current resources, will be sufficient to fund working capital and capital requirements for at least 12 months from the date of this Prospectus.

#### DIVIDEND POLICY

The Company has never paid any cash dividends on its Common Stock and does not anticipate paying any cash dividends in the future. The Company currently intends to retain future earnings, if any, to fund the development and growth of its business.

#### CAPITALIZATION

The following table sets forth the capitalization of the Company as of June 30, 1997 and as adjusted to give effect to the sale by the Company of a minimum of 250,000 Shares at an offering price of \$5.15 per Share and the application of the net proceeds of \$1,037,625 therefrom and as adjusted to give effect to the sale by the Company of a maximum of 500,000 Shares at \$5.15 per Share and 1,000,000 Warrants at \$0.10 per Warrant and the application of the net proceeds of \$2,244,750 therefrom.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

General

The Company was formed in April 1995 and incorporated on March 18, 1997 for the purpose of marketing and selling unique clothing. The Company has generated nominal revenues to date. It has accumulated losses from operations of \$181,346 since its initial inception in April 1995 through June 30, 1997.

Mirage Holdings, Inc. was incorporated under the laws of the State of Nevada on March 18, 1997. Mirage Collection, Inc., a wholly-owned subsidiary of Mirage Holdings, Inc., formally began business as a partnership July 1, 1995, and was reorganized into a corporation in the State of Nevada pursuant to Internal Revenue Code Section 351 on April 1, 1997. Therefore, this discussion and analysis and the financial statements included herein are based on a partnership entity for the year ended 1996. The year ended 1997 includes operations of the partnership and corporation.

Results of Operations

Net (Loss)	(112,746)	(62,295)

</TABLE>

Revenues:

The Company's sales for the year ended June 30, 1997 were \$212,972 (average of \$17,748 per month) as compared to \$199,230 for the fiscal year ended June 30, 1996 (average of \$16,603 per month). This increase is largely due to increased advertising and marketing efforts. The Company is also targeting a broader market by selling lower to middle end merchandise as well.

Cost of goods sold and gross profit:

The Company's gross profit was approximately 30% for the year ended June 30, 1997 as compared to 19.5% for the fiscal year ended June 30, 1996. The gross profit percentage has increased largely because the Company is able to purchase at a lower cost and sell its merchandise for a higher gross profit.

Selling, general and administrative expenses:

15

Selling, general, and administrative expenses for the year ended June 30, 1997 were \$212,578 (average of \$17,715 per month) as compared to \$97,192 for the fiscal year ended June 30, 1996 (average of \$8,099 per month). The increase is, in part, due to opening of a new store in Diamond Bar.

Liquidity and Capital Resources

Since its inception, the Company has funded its capital requirements through partners' contributions of cash in the cumulative amount of \$165,738 since April 17, 1995 (inception) to December 31, 1996.

On February 26, 1997, the Company issued an unsecured note to Manhattan West, Inc. in exchange for loans in the principal amount of \$46,997. The note is due on February 26, 2000 and bears interest at the rate of 10% per annum. The note contains a conversion feature whereby Manhattan West, Inc. may, at any time, convert the balance due and owing to it into share of Common Stock of the Company at the rate of \$0.50 per share. As of the date of this Prospectus, the balance due on the note is \$37,678 plus accrued interest. See "Certain Transactions."

On April 10, 1997, the Company commenced a private placement (the "Private Placement") of 564,065 shares of the Company's common stock at a purchase price of \$0.50 per share (the "Private Placement Stock") and 445,500 warrants, each warrant to purchase one share of the Company's common stock at an exercise price of \$0.75 for a term of five years at a purchase price of \$0.10 per warrant (the "Private Placement Warrants"). The Private Placement was exempt from the registration provisions of the Act by virtue of Section 4(2) of the Act, as transactions by an issuer not involving any public offering. The securities issued pursuant to the Private Placement were restricted securities as defined in Rule 144. The Private Placement Stock and the Common Stock underlying the Private Placement Warrants are being registered herein. The offering generated net proceeds of approximately \$290,000. The Company used the net proceeds of the private offering as follows: (1) \$200,000 for the acquisition of a 10% ownership interest of Network Solutions (PVT) Limited, a software development firm in Lahore, Pakistan ("NetSol") (see "Business of the Company--General"); (2) \$50,000 for the retainer fee for Horwitz & Beam, Inc. to prepare the Company's Registration Statement and to act as counsel to the Company in connection with the filing of the Registration Statement; and (3) \$40,000 for working capital.

At June 30, 1997, the Company had outstanding current liabilities of \$130,909. The Company anticipates satisfying its current liabilities in the ordinary course of business from revenues and notes receivable.

Capital expenditures during the period from inception through June 30, 1997 were \$55,976. Over the next 12 months, the Company plans to upgrade its management information system, telecommunications system, and office equipment to accommodate anticipated growth plans. The Company anticipates these upgrades and acquisitions may require estimated expenditures of approximately \$50,000 over the next 12 months. The Company anticipates financing these expenditures through revenues and working capital raised in this Offering.

The Company does not believe that inflation has had a significant impact on its operations since inception of the Company.

Change in Auditing Firm

The Company terminated Hoffski & Pisano as its principal accountant as of August 15, 1997. The principal accountant's report on the financial statements for either of the past two years contained no adverse opinion or a disclaimer of opinion, or was qualified nor modified as to uncertainty, audit scope, or accounting principles. The termination of the accountant was approved by the Board of Directors. During the Company's two most recent fiscal years and any subsequent interim period preceding such registration, declination, or dismissal, there were no disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure.

16

The Company engaged Stonefield Josephson, Inc. ("Stonefield Josephson") as its principal accountants effective August 15, 1997. Stonefield Josephson's business address is 1620 26th Street, Suite 400 South, Santa Monica, California 90404-4002. Stonefield Josephson replaces Hoffski & Pisano. The decision to

engage Stonefield Josephson was approved by the Board of Directors.

#### Seasonality

Like most retailers, the Company's business is subject to seasonable fluctuations, with an increase in sales and revenues occurring during the fourth quarter of each year, mostly due to holiday purchasing. Because of the seasonality of the Company's business, results for any quarter are not necessarily indicative of the results that may be achieved for the full year.

17

### BUSINESS OF THE COMPANY

#### GENERAL

The Company specializes in the marketing of fashions targeted towards the segment where discriminating customers are always looking for unique and innovative products. The origin of these designs is mainly from India and Pakistan but not limited to these countries. The management of the Company is continuously in search of new ideas regardless of the ethnic background.

The idea was to fill this niche in the apparel market by importing these fashions. The economic feasibility of this idea was studied by conducting a market research over a period of one year. The market research consisted of documentary research into the income, affluence, and spending habits and preferences of the Company's target market (the Indian-Pakistani population living in the United States), some of which follows. Additionally, a series of fashion shows and exhibitions of the apparel were held at conventions around the country. The locations of these shows included St. Louis, Missouri; Chicago, Illinois; San Francisco, California; Seattle, Washington; Brea, California; and Fullerton, California. The shows and exhibitions indicated the level of interest and purchasing in certain lines of apparel in various areas around the country. The results were very encouraging. The study identified two main areas of profitability: the existing affluent market segment of Indian and Pakistani people who are always thirsty of new fashions from their countries, as well as the growing demand in the mainstream American market of designs that are different than the usual.

To explore the potential presented by these opportunities, Mirage Collection was formed with the goal to be the dominant supplier of fashionwear in these specialty market segments in the United States and Canada.

In the future, the Company may also pursue other business opportunities in the United States and Canada which arise out of its relationships with the Indian and Pakistan communities. India ranks as one of the ten largest emerging markets in the world, according to the U.S. Department of Commerce. India has been called the "Silicon Valley of the East" and houses many high-tech corporations, including Motorola and Hewlett Packard. (National Geographic, May 1997.) The Company anticipates that such opportunities may arise in the software and entertainment industries.

On March 30, 1997, the Company purchased 10% of the outstanding capital stock of Network Solutions (PVT) Limited, a software development firm in Lahore, Pakistan ("NetSol"), in exchange for the payment of \$200,000. The cash consideration of \$200,000 was paid by the Company from the net proceeds of the Private Placement. NetSol was incorporated in Pakistan on August 22, 1996, under the Companies Ordinance, 1984, as a private company limited by shares. The principal business of NetSol is the development and export of software. At June 30, 1997, NetSol had net assets of \$336,086, sales of \$258,282, and a net profit of \$45,853 for the period of August 22, 1996 (date of inception) through June 30, 1997. Through its 10% ownership interest in NetSol, the Company can assist NetSol in marketing its software development services to North American and European clients.

The Company has also identified a niche market existing in the entertainment industry in that, currently, there are no significant entertainment venues catering to the Indian/Pakistani communities in the United States. Management of the Company believes that a significant opportunity exists in the development of theme parks, virtual reality games, theme restaurants, and other entertainment venues to serve this market. However, the Company has yet to perform significant market research into this sector, no formal agreements have been reached, and there can be no assurance as to the terms of any such potential agreements nor that any agreements will ever be reached nor that the Company will ever enter into this market.

Mirage Holdings, Inc. was incorporated under the laws of the State of Nevada on March 18, 1997. Mirage Collection, Inc., a wholly-owned subsidiary of Mirage Holdings, Inc. which actively conducts the retail clothing business of the Company, began business as a partnership in July 1995, and was reorganized into a corporation in the State of Nevada pursuant to Internal Revenue Code Section 351 on April 1, 1997.

18

#### OVERVIEW OF THE COMPANY'S MARKETS

The United States is India's largest single trading partner. Between 1987 and 1993, United States exports to India rose 11% annually, slightly faster than imports to the United States from India, which measured 10% a year. India's exports to the United States increased 15% in 1994 and management of the Company expects that India's exports will probably remain strong in subsequent years. In 1994, India's exports totaled \$24 billion, of which \$5.3 billion in goods was exported to the United States. Annual growth rates of 5% to 10% are expected between 1995 and 2000. (U.S. Global Trade Outlook: 1995 - 2000, U.S. Dept. of Commerce.)

Pakistan's single largest trading partner is also the United States. Pakistan's total exports in 1993 were \$6.7 billion. Both India's and Pakistan's exports include clothing. (1997 Information Please Almanac, Atlas, and Yearbook, Houghton Mifflin Company, Boston and New York, 1997.)

[LOGO of GRAPH OF U.S. TRADE WITH INDIA]

Estimated annual retail and wholesale sales of apparel and accessory stores in the United States were \$109.962 billion in 1995, a slight increase over 1994 sales of \$109.881 billion. Imports of clothing and footwear in the United States in 1995 were \$51.632 billion, an increase over 1994 imports of \$48.46 billion. (1997 Information Please Almanac, Atlas, and Yearbook, Houghton Mifflin Company, Boston and New York, 1997.)

The total Indian-Pakistani population in the United States (the "U.S. I-P population") has been estimated at 4 million. There are large populations in most major states with significant populations in New York, New Jersey, California, Illinois, Florida, Washington, D.C., Maryland, North Carolina, Pennsylvania, Connecticut, Texas, Massachusetts, Georgia, Ohio, Michigan, South Carolina, and Tennessee. The average annual household income of the U.S. I-P population is \$80,000+. Thirteen percent earn more than \$100,000 per year; 46% have an annual income of \$75,000 or greater; and nearly half earn at least \$50,000 per year. Ninety percent of the U.S. I.P. population own homes of which more than half (51%) own their homes outright. More than half (53%) own two cars and 12% own more than three cars. The U.S. I-P population is also educated as 70% have college degrees and 35% have advanced degrees (i.e., Master's, Ph.D.'s, etc.). Seventy-nine percent of the U.S. I-P population is employed in professional capacities (28%: executives or managers; 21%: doctors or dentists; 17%: engineers or scientists; and 13%: lawyers or accountants). (Zarposh International, Trabuco Canyon, California, January 1, 1997.) Therefore, management of the Company believes that its target market, the U.S. I-P population, can afford to purchase unique fashions.

Due to the large U.S. I-P population, there is a high demand for ethnic fashions. Most of these people are not able to travel to India or Pakistan often due to professional commitments. Even when they do travel, it is hard for them to find the right designers or boutiques. The Company conducted market research over a one-year period before the

19

opening of its first store and is constantly reviewing opinions and needs of its customers to provide the products that best suit their needs.

Reasons for seeking ethnic fashions:

- . Desire of the I-P people to preserve and maintain their culture.
- . Social commitments such as community events and casual gatherings where the people like to wear the latest ethnic fashions.

BUSINESS STRATEGY

- . The Company is researching the feasibility of setting up a production facility in Pakistan. This can reduce costs and increase profit margins.
- . To explore new designers in India and Pakistan by traveling to these countries every quarter. This will also help the Company to stay in touch with the latest trends and fashions.
- . To work with existing designers for a product line of everyday wear and occasional wear to provide a variety to customers.
- . Research the potential of opening stores in other major cities highly populated by the I-P people such as Houston, Chicago, Atlanta, and New York.
- . To introduce the luxurious fabrics and intricate embroidered fashions to the "entertainment industry," an affluent market which requires a need for unique fashions due to social commitments.
- . To introduce a modified/modern version of the shalwar-qamiz (long shirt draped over loose palazzo-style pants) through department stores such as Bloomingdales and Nordstrom catering to the mainstream middle class and upper class.
- . To aggressively market our products to the younger generation of the ethnic market.

PRODUCTS

Most Indians wear light, loose clothing because of the hot climate. Bright colors and white are common. Most Indian women wear a sari, a straight piece of cloth draped around the body as a long dress. They place its loose end over the head or shoulder. Wealthy women in India wear saris made of silk, with borders of gold thread. Many of the women of northern India wear full trousers with a long blouse and veil. (World Book Encyclopedia, World Book, Inc., 1995.)

Traditional Indian fashions have evolved over the years to compete with western clothes which are also accessible to the younger generation of Indian people. Modern Indian fashions include the lengha/cholis (skirt and short top), and sarecs (six yards of fabric wrapped around the waist similar to a skirt with the loose end draped over the shoulder) worn in different ways from traditional to modern.

In Pakistan, the most common garment of both men and women is the shalwar-gamiz, which consists of loose trousers and a long overblouse. Women may wear a dupatta, a scarf, over their shoulders and head. Outside the home, women usually cover themselves with a tent-like garment called a burqa. (World Book Encyclopedia, World Book, Inc., 1995.)

20

Pakistani fashions have also evolved over the years as designers who are exposed to western fashions have created traditional clothes in modern forms. The trend these days is influenced by the Moguls who ruled in regions of Afghanistan, Pakistan, and India from 1483 to 1739. The Mogul women adorn themselves with elaborate costumes and precious jewels. The designers display these traditions in the use of luxurious fabrics and intricate embroidery. The Company offers shararas, ghararas, and peshwaz - traditional fashions with contemporary hints, and shalwar/gamiz - traditional to modern versions.

The average retail price charged by the Company for one outfit is \$150, but prices range from under \$100 to over \$1,500. The Company also sells accessories and costume jewelry.

#### COMPETITION

The retail apparel business is highly competitive and is expected to remain so despite consolidation in the industry. The Company competes primarily with other specialty retailers and to a lesser degree with department stores and other retailers and catalogers engaged in the retail sale of apparel. Most of these competitors have significantly greater financial, marketing and other resources than the Company. The Company believes that its emphasis on unique, ethnic fashions and its marketing focus on ethnic markets makes it less vulnerable to changes in fashion trends than many general apparel retailers; however, the Company's sales and profitability depend upon the continued demand for its unique styles.

The Company's primary competitors are Yasmin which has four locations and its principal store at 18161 Pioneer Boulevard, Artesia, California; Memsahib, 18161 Pioneer Boulevard, Artesia, California; and Raaz, Inc., Chicago, Illinois. However, the Company's specific market is very fragmented and there may exist numerous other small and large competitors.

#### COMPETITIVE ADVANTAGES

- . The accessibility to top designers from both India and Pakistan.
- . Involvement of buyers working with designers to understand the U.S. market.
- . The customer comes first approach gives people a level of comfort and confidence which they may not find at other ethnic stores. This is especially appealing to the younger generation who is exposed to the western store concepts like greeting customers when they walk in.
- . Due to detailed designs such as type of fabric or type of embroidery, the Company trains the employees about the products so they are confident when the customers ask questions.

#### MARKETING

Management of the Company devised a marketing strategy aimed at achieving its goal of being the dominant supplier of fashionwear in the specialty market segments in the United States and Canada. The main focus of the strategy was to penetrate the market with products that have strong appeal to customers who enjoy exclusivity.

The following activities were carried out in order to accomplish the objectives:

1. Top designers were identified and agreements for exclusive supply to the Company were signed for representation in the local markets.
2. The Company identified Fashion Shows and Exhibitions to be effective distribution channels and thus hosted and participated in these events successfully.

21

3. The Company opened its first showroom in October 1995 in the Los Angeles area. This showroom occupies an area of approximately 2,500 square feet. The decor was done to create the ambiance with a touch of class so that the customer can appreciate not only the products but the way they are presented and has proven to be successful in attracting the customers.

4. An advertising and promotion campaign was launched targeting the potential groups.
5. The Company made contacts with the designer boutiques in the mainstream market which cater to these selective customers.

In the future, the management plans to focus on the following areas:

1. Enhance the advertising and promotion activities in line with the expected growth in sales.
2. Increase the variety of product offering by adding new designers.
3. Provide custom tailoring to the customers. This area not only enhances

sales, but provides another avenue of generating revenues.

4. Increase the sales and marketing activities by adding to the existing sales staff for developing contacts with the potential customers which includes a variety of parties including the film industry as well as high end boutiques.

5. Increase the product exposure by attending reputable designer shows.

6. Aggressive participation in medical conventions which provide an excellent sales opportunity as well as added exposure with the most affluent of the customers.

7. Increase the level of inventory of its products.

8. Establish a chain of Mirage stores in different metropolitan markets as well as studying the possibility of franchising the Mirage concept.

9. Introduce the Mirage catalogue for sales through mail order.

#### DISTRIBUTION

Currently, the Company purchases its products wholesale and sells them for retail at the Company's stores. The Company has one supplier in the U.S. which imports products from India and Pakistan, Raaz Collection, Los Angeles, California. The Company obtains approximately 20% of all of its products from Raaz Collection. All of the Company's other suppliers are located in India and Pakistan. Representatives of the Company make approximately one trip per month to India and Pakistan to purchase products.

The Company anticipates that it will have a centralized distribution center in the future which will purchase products and distribute the products to the Company's stores for retail sale. However, such plan is dependent upon the Company raising sufficient capital, increasing its revenues, and opening more stores and therefore there can be no assurance that this plan for the Company will ever come to fruition.

22

#### EMPLOYEES

As of the date of this Prospectus, the Company employed three full-time employees and one consultant. The Company hires independent contractors on an "as needed" basis only. The Company has no collective bargaining agreements with its employees. The Company believes that its employee relationships are satisfactory. The Company plans on hiring additional part-time sales staff in the immediate future. Long term, the Company will hire additional employees as needed based on its growth rate.

Mr. Ghauri will become employed by the Company as its President and Secretary upon completion of this Offering. Mr. Champion will become employed by the Company as its Chief Financial Officer and Vice President on May 15, 1997. See "Management--Directors and Executive Officers."

#### PROPERTIES

The Company leases a 2,500 square feet showroom and office in Artesia, California. The lease expires on August 31, 2000 and requires monthly payments of approximately \$3,200. The Company has an option to renew the lease for an additional five year term, beginning September 1, 2000 to August 31, 2005; the terms of such renewal shall be agreed upon prior to execution of the lease option.

The Company also leases a 1,150 square feet showroom in Diamond Bar, California. The lease expires on September 30, 2001 and requires monthly payments of approximately \$1,150. Prior to its termination, the Company has an option to renew the lease for an additional five year term at the then fair market value of the property.

#### LITIGATION

To the knowledge of management, there is no material litigation pending or threatened against the Company.

23

#### MANAGEMENT

##### Directors and Executive Officers

The directors and officers of the Company as of the date of this Prospectus are as follows:

<TABLE>

Gill Champion	55	Vice President, Chief Financial Officer, Director of Mirage Holdings, Inc.
Irfan Mustafa	46	Director of Mirage Holdings, Inc.

The number of directors may be fixed from time to time by the Board of Directors. The Board of Directors presently consists of 3 directors. Each of the Company's directors hold office until their respective successors are elected at the next annual meeting of shareholders. Vacancies in the Board of Directors are filled by a majority vote of the remaining directors or by a shareholder vote called expressly for such purpose.

Najeeb U. Ghauri - Mr. Ghauri, President, Secretary, and Director of Mirage Holdings, Inc. and Chief Financial Officer of Mirage Collection, Inc., has an M.B.A. in Marketing Management from the Claremont Graduate School (1983) and a B.S. degree in Management/Economics from Eastern Illinois University (1980). Mr. Ghauri has been employed by Arco Petroleum Products Co. since 1987 and continuing through the present. His current position at Arco is Territory Manager. Mr. Ghauri is fluent in English, Urdu, and Indian languages and has a working knowledge of mid-eastern languages.

Irfan Mustafa - Mr. Mustafa, a director of the Company, has an M.B.A. from IMD (formerly Imede), Lausanne, Switzerland (1975); an M.B.A. from the Institute of Business Administration, Karachi, Pakistan (1974); and a B.S.C. in Economics, from Punjab University, Lahore, Pakistan (1971). Mr. Mustafa has been employed by Pepsicola Company since 1990 and continuing through the present. His current position at Pepsicola is as a leader of the Executive Designate Program. He was Area Vice President for Egypt and Sudan from 1994 through 1995 and Area Vice President for West Asia from 1990 through 1994. Mr. Mustafa is the Chairman and Founder Member of the Pepsi Education Foundation, Pakistan; Founder Member of the Market Research Society, Pakistan; and a member of the Board of Trustees of Educational and Charitable Organizations in Pakistan.

Gill Champion - Mr. Champion, Vice President, Chief Financial Officer, and a director of Mirage Holdings, Inc., has a B.A. degree from New York University; attended Rutgers University; and attended the American Academy of Dramatic Arts. Mr. Champion was C.E.O. of American Cinema Stores, Inc., a public company, from 1990 through 1996 where he established domestic and international sales and marketing strategies and distribution channels for licensed entertainment products. He was Executive Vice President of Reel Treasures, Inc. from 1985 through 1989; Vice President of Gaylord Broadcasting from 1981 through 1984; and Vice President of Production of Producer Circle Co. from 1976 through 1981.

Saima Khan - Ms. Khan, President, Secretary, and Director of Mirage Collection, Inc., the Company's wholly-owned subsidiary, is the original founder of Mirage Collection Inc., and commenced full-time employment at Mirage Collection in 1992 as its sole proprietor. Prior to that, Ms. Khan was employed in financial public relations.

Total Executive Compensation

The Company's Board of Directors authorized the compensation of several of its officers with restricted shares of the Company's Common Stock and options. The following officers of the Company receive the following annual cash salaries and other compensation:

- (1) No officers received or will receive any bonus or other annual compensation other than salaries during fiscal 1997. The table does not include any amounts for personal benefits extended to officers of the Company, such as the cost of automobiles, life insurance and supplemental medical insurance, because the specific dollar amounts of such personal benefits cannot be ascertained. Management believes that the value of non-cash benefits and compensation distributed to executive officers of the Company individually or as a group during fiscal year 1996 did not exceed the lesser of \$50,000 or ten percent of such officers' individual cash compensation or, with respect to the group, \$50,000 times the number of persons in the group or ten percent of the group's aggregate cash compensation.
- (2) No officers received or will receive any long term incentive plan (LTIP) payouts or other payouts during fiscal 1997.
- (3) All stock awards are shares of Common Stock of the Company.

(4) All securities underlying options are shares of Common Stock of the Company.

Indemnification of Directors and Officers

The laws of the State of Nevada and the Company's Bylaws provide for indemnification of the Company's directors for liabilities and expenses that they may incur in such capacities. In general, directors and officers are indemnified with respect to actions taken in good faith in a manner reasonably believed to be in, or not opposed to, the

25

best interests of the Company, and with respect to any criminal action or proceeding, actions that the indemnitee had no reasonable cause to believe were unlawful.

The Company has been advised that in the opinion of the Securities and Exchange Commission, indemnification for liabilities arising under the Securities Act is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

EMPLOYMENT AND RELATED AGREEMENTS

Incentive and Nonstatutory Stock Option Plan

On April 1, 1997, the Company enacted an Incentive and Nonstatutory Stock Option Plan (the "Plan") for its employees and consultants under which a maximum of 500,000 option may be granted to purchase Common Stock of the Company. Two types of options may be granted under the Plan: (1) Incentive Stock Options (also known as Qualified Stock Options) which only may be issued to employees of the Company and whereby the exercise price of the option is not less than the fair market value of the Common Stock on the date it was reserved for issuance under the Plan; and (2) Nonstatutory Stock Options which may be issued to either employees or consultants of the Company and whereby the exercise price of the option is less than the fair market value of the Common Stock on the date it was reserved for issuance under the plan. Grants of options may be made to employees and consultants without regard to any performance measures. All options listed in the Summary Compensation Table were issued pursuant to the Plan. All options issued pursuant to the Plan vest over an 18-month period from the date of the grant per the following schedule: 33% of the Options vest on the date which is six months from the date of the grant; 33% of the Options vest on the date which is 12 months from the date of the grant; and 34% of the Options vest on the date which is 18 months from the date of the grant. All options issued pursuant to the Plan are nontransferable and subject to forfeiture. As of the date of this Prospectus, the Company had issued 120,000 Incentive Stock Options of which none have vested nor been exercised.

Directors Compensation

Directors of the Company do not receive any cash compensation, but are entitled to reimbursement of their reasonable expenses incurred in attending Directors' Meetings. In addition, the Company has granted to its three directors 20,000 options to purchase common stock of the Company under the Company's Incentive and Nonstatutory Stock Option Plan each.

Employment Agreements

The Company entered into an Employment Agreement with Saima Khan, President of Mirage Collection, Inc. on July 1, 1996. Ms. Khan commenced her employment with the Company in July 1995. Pursuant to that Agreement, Ms. Khan receives a salary of \$2,000 per month, a \$500 monthly auto allowance, and is entitled to 20% of the net profits of Mirage Collection, Inc. on an annual basis. Ms. Khan shall also be granted stock options in the Company based on performance and profits generated at the discretion of the board of directors. To date, no such options have been granted. The Agreement is terminable at will by either party upon notice to the other and contains no severance provisions. An anti-competition clause is in effect for a period of six months after termination of the Agreement that Ms. Khan will not accept employment with any and all direct competitors of the Company. However, a court of competent jurisdiction could determine not to enforce or only partially enforce such non-competition clause. Ms. Khan devotes 100% of her working hours to serving Mirage Collection, Inc.

The Company entered into an Employment Agreement with Gill Champion, Vice President, and Chief Financial Officer of the Company on May 15, 1997. Mr. Champion commenced his employment with the company on May 15, 1997. Pursuant to his Employment Agreement, Mr. Champion receives initial compensation of \$4,000 per month for four months or until the Company successfully completes its IPO (whichever occurs first) (the "Initial Compensation

Term"), base compensation of \$5,500 per month after the Initial Compensation Term, an award of 30,000 options to purchase common stock under the Company's Incentive and Nonstatutory Stock Option Plan, and is entitled to participate in all insurance and benefit plans which may be adopted by the Company. Mr. Champion's Employment Agreement is for a term of one year with an automatic extension of one year thereafter, unless either party elects to terminate the Agreement at that time. The Agreement is terminable at will by Mr. Champion or for cause by the Company. The Agreement contains no severance or anti-competition provisions. Mr. Champion devotes 100% of his working hours to the Company.

The Company entered into an Employment Agreement with Najeeb U. Ghauri, President and Secretary of the Company on May 15, 1997. Mr. Ghauri commenced his employment with the company on May 15, 1997. Pursuant to his Employment Agreement, Mr. Ghauri receives initial compensation of \$2,000 per month for four months or until the Company successfully completes its IPO (whichever occurs first) (the "Initial Compensation Term"), base compensation of \$5,500 per month after the Initial Compensation Term, an award of 30,000 options to purchase common stock under the Company's Incentive and Nonstatutory Stock Option Plan, and is entitled to participate in all insurance and benefit plans which may be adopted by the Company. Mr. Ghauri's Employment Agreement is for a term of one year with an automatic extension of one year thereafter, unless either party elects to terminate the Agreement at that time. The Agreement is terminable at will by Mr. Ghauri or for cause by the Company. The Agreement contains no severance or anti-competition provisions. Mr. Ghauri currently devotes 50% of his working hours to the Company, however, if this Offering is successful (i.e., the minimum amount is raised hereunder), Mr. Ghauri has committed to devote 100% of his working time to the Company commencing at that time.

#### CERTAIN TRANSACTIONS

On February 13, 1997, the Company entered into a Consulting Agreement with Manhattan West, Inc. Under the Consulting Agreement, Manhattan West, Inc. shall provide business and financial consulting services to the Company in exchange for a maximum of 50,000 options to purchase common stock of the Company (20,000 options exercisable at \$2.00 per share for five years and, if the Company completes an initial public offering, 30,000 options exercisable at \$2.50 per share for five years) and reimbursement of expenses. The Consulting Agreement has a term of two years with automatic renewal after the termination of the two-year period on a month-to-month basis unless either party elects to terminate. Tariq Khan is the Managing Director of Manhattan West, Inc. and the brother of Saima Khan, President of Mirage Collection, Inc.

On February 26, 1997, Mirage Collection, Inc. issued an unsecured note to Manhattan West, Inc. in exchange for loans in the principal amount of \$46,997. The note is due on February 26, 2000 and bears interest at the rate of 10% per annum. The note contains a conversion feature whereby Manhattan West, Inc. may, at any time, convert the balance due and owing to it into share of Common Stock of the Company at the rate of \$0.50 per share. As of the date of this Prospectus, the balance due on the note is \$46,997 plus accrued interest. Tariq Khan is the Managing Director of Manhattan West, Inc. and the brother of Saima Khan, President of Mirage Collection, Inc. Manhattan West, Inc. is an "affiliate" of the Company in that Manhattan West, Inc. is the beneficial owner of more than 5% of the Company's outstanding common stock. See "Principal Shareholders."

In April 1996, Najeeb U. Ghauri loaned \$10,000 to Mirage Collection, Inc. This sum is repayable to Mr. Ghauri upon demand without interest. Mr. Ghauri is President, Secretary, and a Director of Mirage Holdings, Inc. and Chief Financial Officer of Mirage Collection, Inc.

The Company's management believes that the terms of these transactions are no less favorable to the Company than would have been obtained from an unaffiliated third party in similar transactions. All future transactions with affiliates will be on terms no less favorable than could be obtained from unaffiliated third parties, and will be approved by a majority of the disinterested directors.

The Company has agreed with certain state regulatory authorities that so long as the Company's securities are registered in such states, or one year from the date of this prospectus, whichever is longer, the Company will not make

loans to its officers, directors, employees, or principal shareholders, except for loans made in the ordinary course of business, such as travel advances, expense account advances, relocation advances, or reasonable salary advances.

#### Conflicts of Interest

Other than as described herein, the Company is not expected to have significant further dealings with affiliates. However, if there are such dealings, the terms of such transactions will be no less favorable to the Company than would have been obtained from an unaffiliated third party in similar transactions. All future transactions with affiliates will be on terms no less favorable than could be obtained from unaffiliated third parties, and will be approved by a majority of the disinterested directors.

A director of the Company owes fiduciary duties to the Company which may conflict with other interests. The Company has not entered into any noncompete, confidentiality, or similar agreements with its directors. The fiduciary duties that directors owe to a Company include the duty not to withhold from the Company, or appropriate, any corporate opportunity which the Company may be able to exploit, the duty not to use for their personal benefit

or the benefit of any other individual or entity any information not generally known which they acquire through their association with the Company, and in short, the duty to deal fairly with the Company. The Company's current director intends to submit to the Company any potential business they become aware of which may constitute a corporate opportunity to the Company. The Company's policy is that all transactions between the Company and any affiliates be on terms no less favorable to the Company than could be obtained from unaffiliated third parties.

#### PLAN OF DISTRIBUTION

The Shares will be offered and sold by the Selling Shareholders for their own accounts. The Company will not receive any of the proceeds from the sale of the Shares by the Selling Shareholders pursuant to this Prospectus. The Company will pay all of the expenses of the registration of the Shares, but shall not pay any commissions, discounts, and fees of underwriters, dealers, or agents.

The Selling Shareholders may offer and sell the Shares from time to time in transactions in the over-the-counter market or in negotiated transactions, at market prices prevailing at the time of sale or at negotiated prices. The Selling Shareholders have advised the Company that they have not entered into any agreements, understandings, or arrangements with any underwriters or broker-dealers regarding the sale of their Shares, nor is there an underwriter or coordinating broker acting in connection with the proposed sale of Shares by the Selling Shareholders. Sales may be made directly or to or through broker-dealers who may receive compensation in the form of discounts, concessions, or commissions from the Selling Shareholders or the purchasers of the Shares for whom such broker-dealers may act as agent or to whom they may sell as principal, or both (which compensation as to a particular broker-dealer may be in excess of customary commissions).

The Selling Shareholders and any broker-dealers acting in connection with the sale of the Shares hereunder may be deemed to be "underwriters" within the meaning of Section 2(11) of the Act, and any commissions received by them and any profit realized by them on the resale of Shares as principals may be deemed underwriting compensation under the Act.

Under the Exchange Act and the regulations thereunder, any person engaged in a distribution of the Shares offered by this Prospectus may not simultaneously engage in market making activities with respect to the Common Stock of the Company during the applicable "cooling off" periods prior to the commencement of such distribution. In addition, and without limiting the

foregoing, the Selling Shareholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, Regulation M, which provisions may limit the timing of purchases and sales of Common Stock by the Selling Shareholders.

Selling Shareholders may also use Rule 144 under the Act to sell the Shares if they meet the criteria and conform to the requirements of such Rule.

#### DESCRIPTION OF SECURITIES

The authorized capital stock of the Company consists of twenty-five million shares of Common Stock, \$0.001 par value. The Company's Transfer Agent is American Securities Transfer & Trust, Inc., 1825 Lawrence Street, Suite 444, Denver, Colorado, 80202.

32

The following summary of certain terms of the Company's securities does not purport to be complete and is subject to, and qualified in its entirety by, the provisions of the Company's Articles of Incorporation and Bylaws, which are included as exhibits to the Registration Statement of which this Prospectus is a part, and the provisions of applicable law.

#### Common Stock

As of the date of this Prospectus, there are 1,814,065 shares of Common Stock outstanding, and after completion of this Offering, 2,064,065 shares of Common Stock will be issued and outstanding if the minimum amount hereunder is sold and 2,314,065 shares of Common Stock if the maximum amount hereunder is sold (without giving effect to the exercise of any warrants). Holders of Common Stock are entitled to one vote for each share held of record on all matters submitted to a vote of the stockholders. At all elections of directors of the Company, each holder of stock possessing voting power is entitled to as many votes as equal to the number of his or her shares of stock multiplied by the number of directors to be elected, and he or she may cast all of such votes for a single director or may distribute them among the number to be voted for or any two or more of them, as he or she may see fit (cumulative voting). Subject to preferences that may be applicable to any then outstanding Preferred Stock, holders of Common Stock are entitled to receive ratably such dividends as may be declared by the Board of Directors out of funds legally available therefor. See "Dividend Policy." In the event of a liquidation, dissolution or winding up of the Company, holders of Common Stock are entitled to share ratably in all assets remaining after payment of liabilities and the liquidation preference of any then outstanding Preferred Stock. Holders of Common Stock have no right to convert their Common Stock into any other securities. The Common Stock has no preemptive or other subscription rights. There are no redemption or sinking fund provisions applicable to the Common Stock. All outstanding shares of Common Stock are, and the Common Stock to be outstanding upon completion of this Offering will be, duly authorized, validly issued, fully paid and nonassessable.

#### Warrants

As of the date of this Prospectus, there are 444,500 warrants outstanding (the "Private Placement Warrants"). These warrants were issued by the Company to private individuals in connection with the Company's Private Placement Bridge Financing commenced on April 10, 1997. The Private Placement Warrants are each exercisable for one share of Common Stock of the Company at \$0.75 per share. The term of the Private Placement Warrants is five years from the date of issuance.

The Company is also offering hereunder a maximum of 1,000,000 warrants (the "Warrants"). The Warrants are each exercisable for one share of Common Stock of the Company at \$6.00 per share. The term of the Warrants is five years from the date of issuance.

If the minimum amount is raised hereunder, the Company will have a total of 444,500 warrants outstanding (the Private Placement Warrants). If the maximum amount is raised hereunder, the Company will have a total of 1,444,500 warrants outstanding (the Private Placement Warrants plus the Warrants issued hereunder).

#### SHARES ELIGIBLE FOR FUTURE SALE

Upon completion of this Offering, the Company will have outstanding 2,064,065 shares of Common Stock if the minimum amount is sold hereunder and 2,314,065 shares if the maximum amount is sold

33

hereunder (without giving effect to the exercise of any warrants). All shares acquired in this Offering, other than shares that may be acquired by "affiliates" of the Company as defined by Rule 144 under the Securities Act, will be freely transferable without restriction or further registration under the Securities Act.

All of the 1,814,065 shares outstanding prior to this offering were shares issued by the Company and sold by the Company in private transactions in reliance on an exemption from registration. Accordingly, such shares are "restricted shares" within the meaning of Rule 144 and cannot be resold without registration, except in reliance on Rule 144 or another applicable exemption from registration.

In general, under Rule 144 as currently in effect, a person (or persons whose shares are required to be aggregated), including any affiliate of the Company, who beneficially owns "restricted shares" for a period of at least one

year is entitled to sell within any three-month period, shares equal in number to the greater of (i) 1% of the then outstanding shares of Common Stock, or (ii) the average weekly trading volume of the Common Stock during the four calendar weeks preceding the filing of the required notice of sale with the Securities and Exchange Commission. The seller also must comply with the notice and manner of sale requirements of Rule 144, and there must be current public information available about the Company. In addition, any person (or persons whose shares are aggregated) who is not, at the time of the sale, nor during the preceding three months, an affiliate of the Company, and who has beneficially owned restricted shares for at least two years, can sell such shares under Rule 144 without regard to notice, manner of sale, public information or the volume limitations described above.

The Private Placement Stock and the shares underlying the Private Placement Warrants are being registered herein. Therefore, 564,065 shares of stock and 444,500 shares of stock issuable upon exercise of warrants will be freely tradeable upon the effective date hereof.

#### UNDERWRITING

The several Underwriters, acting through Platinum Equities, Inc. as Representative, have jointly and severally agreed, subject to the terms and conditions of the Underwriting Agreement, to offer to the public on a "best efforts basis," a minimum of 250,000 Shares and a maximum of 500,000 Shares and 1,000,000 Warrants. The price of the Shares is \$5.15 per Share and the price of the Warrants is \$0.10 per Warrant. The Underwriters do not intend to sell the Securities to any accounts for which they exercise discretionary authority.

The Underwriters shall receive 10% commission for the sale of the Securities.

The Company has agreed to pay to the Representative at the closing of the Offering a non-accountable expense allowance of 3% of the aggregate public offering price to cover expenses incurred by the Representative in connection with this Offering. The Company has also agreed to issue the Representative at the closing of the Offering warrants (the "Representative Warrants") to purchase common stock of the Company at an exercise price of 120% of the public offering price in an amount equal to 10% of the number of Shares actually sold herein.

The Company has agreed with the Representative that, without the Representative's consent (which may not be unreasonably withheld), it will not issue any additional Common Stock between the effective date of this Offering and the expiration of 12 months thereafter if such issuance would cause any provision made in the Registration Statement to be materially misleading or would otherwise subject the Representative to any reasonable likelihood of liability under the Act.

The directors, officers, and employees of the Company who are also shareholders of the Company have entered into a contractual agreement with Platinum Equities, Inc. that restricts, for a period of 12 months from the effective date of the registration statement for the Units being offered hereby, their ability to sell the Common Stock beneficially owned by them including stock registered pursuant to any Form SB-2 Registration Statement.

#### 34

Prior to this Offering, there was no public securities market for the Company's Common Stock and the price of such securities may be volatile to a degree that might not occur in securities that are more widely held or more actively traded. The initial public offering price was negotiated by the Company and the Representative. In determining the offering price, the Representative considered, among other things, the business potential and earning prospects of the Company and prevailing market conditions. Additionally, potential investors should be aware that the securities of the Company have recently sold at a substantial discount to the public offering price herein. The Company and the Representative considered the following factors in pricing the securities issued in the recent private placement of the Company at \$0.50 per share of Common Stock and \$0.10 per warrant versus the initial public offering price: at the time of the private placement the Company was still developing its business plan, the Company had minimal officer and director support, key personnel of the Company were not yet in place, the Company was in the process of structuring its public offering plan, the Company had not yet secured an underwriter for a public offering, and there could be no assurance of a public market for the securities.

The Company has agreed to indemnify the Underwriters, any controlling person of an Underwriter, and other persons related to the Underwriters and identified in the Underwriting Agreement, against certain liabilities, including liabilities arising (i) under the Securities Act, (ii) out of any untrue statement or material fact contained in the Registration Statement, this Prospectus, any amendments thereto, and certain other documents, or (iii) out of any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, unless the statement or omission is made in reliance upon and in conformity with written information furnished to the Company or on behalf of the Underwriters for use in the document in which it was used. However, the Company has been advised that in the opinion of the Securities and Exchange Commission, indemnification for liabilities arising under the Securities Act is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

There is no assurance that all or any of the Securities will be sold. If the Company fails to receive subscriptions for a minimum of 250,000 Shares within 120 days from the date of this Prospectus (or 150 days if extended by the Company), the Offering will be terminated and any subscription payments received will be promptly refunded within 5 days to subscribers, without any deduction therefrom or any interest thereon. If subscriptions for at least the minimum amount are received within such period, funds will not be returned to investors

and the Company may continue the Offering until such period expires or subscriptions for all 500,000 Shares and 1,000,000 Warrants have been received, whichever comes first.

The investment funds shall be held in an Escrow Account for up to 150 days. During this time, investors cannot demand the return of their investments. If the Company does not meet the required minimum number of Securities to be sold (250,000 Shares), the investors will be refunded their investment in full without interest.

The Issuer has agreed with the California Department of Corporations that it will offer and sell the Securities only to investors who meet the following suitability standards: (1) The investor (either alone or with his or her spouse) has a net worth of not less than \$250,000 (exclusive of home, home furnishings, and automobile) plus at least \$65,000 gross annual income; or (2) not less than \$500,000 net worth (exclusive of home, home furnishings, and automobile); or (3) not less than \$1,000,00 net worth (inclusive of home, home furnishings, and automobile); or (4) not less than \$200,000 gross annual income.

#### LEGAL MATTERS

The validity of the securities offered hereby will be passed upon for the Company by Horwitz & Beam, Irvine, California. Certain legal matters in connection with this Offering will be passed upon for the Underwriters by Horwitz & Beam. Horwitz & Beam, Inc., a California corporation, is the owner of 9,500 shares of Private Placement Stock and 2,500 Private Placement Warrants. Horwitz & Beam, Inc. acquired securities in the Private Placement as an investor on April 24, 1997 pursuant to a subscription agreement and the payment of \$5,000.

#### EXPERTS

35

The Financial Statements of the Company for the fiscal year ended June 30, 1996 and the fiscal year ended June 30, 1997 included herein and elsewhere in the registration statement, have been included herein and in the registration statement in reliance on the reports of Hoffski & Pisano, P.C. and Stonefield Josephson, Inc., appearing elsewhere herein, and upon the authority of said firm as experts in accounting and auditing.

#### ADDITIONAL INFORMATION

The Company is not presently subject to the reporting requirements of the Securities Exchange Act of 1934. The Company has filed with the Securities and Exchange Commission (the "Commission") a Registration Statement on Form SB-2 (together with all amendments and exhibits thereto, the "Registration Statement") under the Securities Act of 1933, as amended (the "Securities Act") with respect to the securities offered hereby. This Prospectus, which constitutes a part of the Registration Statement, omits certain information contained in the Registration Statement on file with the Commission pursuant to the Securities Act and the rules and regulations of the Commission thereunder. The Registration Statement, including the exhibits thereto, may be inspected and copied at the public reference facilities maintained by the Commission at 450 Fifth Street, N.W., Room 1024, Washington, D.C. 20549. Copies of such material may be obtained by mail at prescribed rates from the Public Reference Branch of the Commission at 450 Fifth Street, N.W., Washington, D.C. 20549. Such material may also be accessed electronically by means of the Commission's home page on the Internet at <http://www.sec.gov>.

This Prospectus contains a complete summary of the terms of the contracts or other documents filed as exhibits to the Registration Statement which the Company believes are material to an investor. However, statements contained in this Prospectus as to the contents of any contract or other document referred to are not necessarily complete and in each instance reference is made to the copy of such contract or other document filed as an exhibit to the Registration Statement, each such statement being qualified in all respects by such reference.

[LETTERHEAD OF STONEFIELD JOSEPHSON, INC.]

Board of Directors  
Mirage Holdings, Inc.  
Santa Monica, California

We have audited the accompanying consolidated balance sheet of Mirage Holdings, Inc. as of June 30, 1997, and the related consolidated statement of operations, stockholders' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Mirage Holdings, Inc. as of June 30, 1997, and the results of its consolidated operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

As discussed in note 2, certain factors are present which raise substantial doubt about the Company's ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments to the financial statements that might be necessary should the Company be unable to continue as a going concern.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 1997

(1) General:

Mirage Holdings, Inc. was incorporated under the laws of the State of Nevada on March 18, 1997. Mirage Collection, Inc., a wholly-owned subsidiary of Mirage Holdings, Inc., began business as a partnership July 1, 1995, and was reorganized into a corporation in the State of Nevada pursuant to Internal Revenue Code Section 351 on April 1, 1997. Accordingly, the accompanying consolidated financial statements have been presented as though the acquisition of Mirage Collection, Inc. occurred at the beginning of the period (July 1, 1996).

(2) Summary of Significant Accounting Policies:

Business Activity:

The operating subsidiary of the Company was formed for the purpose of marketing unique fashions. The subsidiary Company specializes in the marketing of fashions targeted toward the segment where discriminating customers are always looking for unique and innovative products.

Principles of Consolidation:

The accompanying financial statements include the accounts of the Company and its wholly-owned subsidiary, Mirage Collection, Inc. All material intercompany accounts have been eliminated in consolidation.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses

during the reporting period. Actual results could differ from those estimates.

**Fair Value:**

Unless otherwise indicated, the fair values of all reported assets and liabilities which represent financial instruments, none of which are held for trading purposes, approximate carrying values of such amounts.

See accompanying independent auditors' report.

MIRAGE HOLDINGS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 1997

(2) Summary of Significant Accounting Policies, Continued:

**Cash Equivalents:**

For purposes of the statement of cash flows, cash equivalents include all highly liquid debt instruments with original maturities of three months or less which are not securing any corporate obligations.

**Earnings Per Share:**

Earnings per share have been calculated based upon the weighted average number of shares outstanding during the period. Shares issued for services are treated as outstanding for earnings per share purposes for all periods. Common stock equivalents have been excluded since their effect would be anti-dilutive.

The Financial Accounting Standards Board (FASB) has issued a new statement recently (FASB No. 128) which requires companies to report "basic" earnings per share, which will exclude options, warrants and other convertible securities. The accounting and disclosure requirements of this statement are effective for financial statements for fiscal years beginning after December 15, 1997, with earlier adoption encouraged. Management does not believe that the adoption of this pronouncement will have a material impact on the financial statements.

**Realization of Assets:**

The accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles which contemplates continuation of the Company as a going concern. However, the Company has incurred a net loss of \$112,746 for the year ended June 30, 1997 and has been dependent on proceeds from its private common stock offerings (see note 11) to finance its operating needs. Management believes continuation as a going concern is dependent upon maintaining sufficient cash flow from the sale of its common stock as part of a initial public offering.

**Accounting for Stock-Based Compensation:**

During October 1995, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 123, Accounting for Stock-Based Compensation, which applies the fair-value method of accounting for stock-based compensation plans. In accordance with this recently issued standard, the Company expects to continue to account for stock-based compensation in accordance with Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees. Proforma information regarding net income and earnings per share under the fair-value method has not been presented as the amounts are immaterial.

See accompanying independent auditors' report.

(2) Summary of Significant Accounting Policies, Continued:

**Income Taxes:**

Deferred income taxes are reported using the liability method. Deferred tax assets are recognized for deductible temporary differences and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed Of:

On April 1, 1997, the Company adopted the provision of FASB No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of. This statement requires that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amounts of the assets exceed the fair values of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. Adoption of this statement did not have a material impact on the Company's financial position, results of operations or liquidity.

Inventory:

Inventory, consisting principally of finished goods, is valued at the lower of cost (first-in, first-out) or market.

(3) Basis of Presentation:

On April 1, 1997, the Company entered into an acquisition agreement whereby the Company acquired 100% of the outstanding capital stock of Mirage Collection, Inc. ("Collection"), a Nevada Corporation. In full consideration and exchange for the Collection stock, the Company issued and delivered 895,000 shares of its restricted common stock. Accordingly, the accompanying financial statements present the combined operating results of both entities for the entire year accounted for as a reorganization of businesses under common control in a manner similar to pooling of interest accounting.

Upon completion of the merger and acquisition agreement, Collections' stockholder became a director and stockholder of the Company.

See accompanying independent auditors' report.

Knightrider Investments, Ltd., a related party through a common stockholder, is the holder of the loan.

(9) Commitments:

The Company leases a 2,500 square feet showroom in Artesia, California. The lease expires on August 31, 2000 and requires monthly payments of approximately \$3,200. The Company has an option to renew the lease for an additional five year term, from September 1, 2000 to August 31, 2005. The terms of such renewal shall be agreed upon prior to execution of the lease option.

The Company also leases a 1,150 square feet showroom in Diamond Bar, California. The lease expires on September 30, 2001 and requires monthly payments of approximately \$1,150. Prior to its termination, the Company has an option to renew the lease for an additional five year term at the then fair market value of the property.

(10) Incentive and Nonstatutory Stock Option Plan:

On April 1, 1997, the Company adopted an Incentive and Nonstatutory Stock Option Plan (the "Plan") for its employees and consultants under which a maximum of 500,000 options may be granted to purchase common stock of the Company. Two types of options may be granted under the Plan: (1) Incentive Stock Options (also known as Qualified Stock Options) which may only be issued to employees of the Company and whereby the exercise price of the option is not less than the fair market value of the common stock on the date it was reserved for issuance under the Plan; and (2) Nonstatutory Stock Options which may be issued to either employees or consultants of the Company and whereby the exercise price of the option is less than the fair market value of the common stock on the date it was reserved for issuance under the plan. Grants of options may be made to employees and consultants without regard to any performance measures. All options listed in the summary compensation table were issued pursuant to the Plan. All options issued pursuant to the Plan vest over an 18 month period from the date of the grant per the following schedule: 33% of the options vest on the date which is six months from the date of the grant; 33% of the options vest on the date which is 12 months from the date of the grant; and 34% of the options vest on the date which is 18 months from the date of the grant. All options issued pursuant to the Plan are nontransferable and subject to forfeiture. As of June 30, 1997, the Company has issued 120,000 Incentive Stock Options with an exercise price of \$0.01 per share, of which 39,600 have vested but have not been exercised.

Proforma net income and earnings per share, as if the fair value method of accounting were used, has not been presented because the amounts are immaterial.

(11) Private Placement:

On April 10, 1997, the Company commenced a private placement (the "Private Placement") of 564,065 shares of the Company's common stock at a purchase price of \$0.50 per share (the "Private Placement Stock") and 444,500 warrants, each warrant to purchase one share of the Company's common stock at an exercise price of \$0.75 for a term of five years at a purchase price of \$0.10 per warrant (the "Private Placement Warrants"). The Private Placement was exempt from the registration provisions of the Act by virtue of Section 4(2) of the Act, as transactions by an issuer not involving any public offering. The securities issued pursuant to the Private Placement were restricted securities as defined in Rule 144. The offering generated gross proceeds of approximately \$326,500.

(12) Investment:

On March 30, 1997, the Company purchased 10% of the outstanding capital stock of Network Solutions (PVT) Limited, a software development firm in Lahore, Pakistan ("NetSol"), in exchange for the payment of \$200,000. The cash consideration of \$200,000 was paid by the Company from the net proceeds of the Private Placement (note 11). NetSol was incorporated in Pakistan on August 22, 1996, under the Companies Ordinance 1984, as a private company limited by shares. The principal business of NetSol is the development and export of software. A stockholder of the Company is a related party to the officers of NetSol.

(13) Deferred Acquisition Costs:

The Company is in the registration process of a proposed public offering. Deferred stock offering costs of \$40,000 will be charged against the proceeds of the proposed public offering when, and if, it becomes effective.

See accompanying independent auditors' report.

INDEPENDENT AUDITORS' REPORT

To The Partners  
Mirage Collection  
Artesia, California

We have audited the accompanying balance sheet of Mirage Collection, a Partnership, as of June 30, 1996, and the related statements of operations, partnership equity, and cash flows for the twelve month period then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements

based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mirage Collection at June 30, 1996, and the results of its operations and its cash flows for the twelve month period then ended in conformity with generally accepted accounting principles.

Our examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on pages 9-11, is presented for purposes of additional information and is not a required part of the basic financial statements. Such information has been subjected to auditing procedures applied in the examination of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## MIRAGE COLLECTION, A PARTNERSHIP

## NOTES TO FINANCIAL STATEMENTS

JUNE 30, 1996

## NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## (1) NATURE OF BUSINESS

Mirage Collection, A Partnership is engaged in the retail clothing business. The Company's financial statements are presented in accordance with generally accepted accounting principles.

## (2) BASIS OF ACCOUNTING

The Company uses the accrual method of accounting for financial statement purposes. Revenue is recognized at the point of sale.

## (3) PROPERTY, PLANT, AND EQUIPMENT

Depreciable assets are stated at cost; major improvements and betterments are capitalized. Maintenance and repairs are expensed as incurred. For financial statement purposes, assets are depreciated using the straight line method of depreciation over lives of five to seven years.

## (4) INVENTORY

Inventory consists primarily of clothing garments held for resale and are valued at the lower of actual cost or market. Cost is determined by specific identification of each unit.

## (5) USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

## NOTE B: NOTES PAYABLE

Notes Payable consists of four notes to various individuals all maturing within the next six months. Interest has been accrued in accordance with the terms of the loan agreements.

## NOTE C: COMMITMENTS

The Company leases its store facilities under a five-year operating lease for \$3,200 per month. The lease expires on August 31, 2000 and requires minimum annual lease rentals as follows:

## PART II

## INFORMATION NOT REQUIRED IN PROSPECTUS

## Item 24. Indemnification of Directors and Officers.

The Nevada Corporation Law and the Company's Certificate of Incorporation and Bylaws authorize indemnification of a director, officer, employee or agent of the Company against expenses incurred by him or her in connection with any action, suit, or proceeding to which such person is named a party by reason of having acted or served in such capacity, except for liabilities arising from such person's own misconduct or negligence in performance of duty. In addition, even a director, officer, employee or agent of the Company who was found liable for misconduct or negligence in the performance of duty may obtain such indemnification if, in view of all the circumstances in the case, a court of competent jurisdiction determines such person is fairly and reasonably entitled to indemnification. Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers, or persons controlling the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

## Item 26. Recent Sales of Unregistered Securities

On April 1, 1997, in connection with the reorganization of the Company from a partnership to a corporation, the Company issued 895,000 shares of its Common Stock, to Whittington Investments, Ltd., the owner of the limited partnership in exchange for ownership of the Company. This transaction was exempt from the registration provisions of the Act by virtue of Section 4(2) of the Act, as transactions by an issuer not involving any public offering. The securities issued pursuant to this transaction were restricted securities as defined in Rule 144.

Also on April 1, 1997, in connection with the reorganization of the Company from a partnership to a corporation, the Company issued 5,000 shares of its Common Stock, to Saima Khan, in consideration of past services rendered for the Company and to entice Ms. Khan to continue working with the Company in its new corporate form. This transaction was exempt from the registration provisions of the Act by virtue of Section 4(2) of the Act, as transactions by an issuer not involving any public offering. The securities issued pursuant to this transaction were restricted securities as defined in Rule 144.

Also on April 1, 1997, in connection with the reorganization of the Company from a partnership to a corporation, the Company issued the following denominations of shares of its Common Stock to the following individuals to entice such individuals to work with the Company in its new corporate form:

## II-1

Najeeb Ghauri	200,000 shares
Irfan Mustafa	100,000 shares
Gill Champion	50,000 shares

These transactions were exempt from the registration provisions of the Act by virtue of Section 4(2) of the Act, as transactions by an issuer not involving any public offering. The securities issued pursuant to these transactions were restricted securities as defined in Rule 144.

On April 10, 1997, the Company commenced a private placement (the "Private Placement") of 564,065 shares of the Company's common stock at a purchase price of \$0.50 (the "Private Placement Stock") and 444,500 warrants, each warrant to purchase one share of the Company's common stock at an exercise price of \$0.75 for a term of five years at a purchase price of \$0.10 (the "Private Placement Warrants"). The Private Placement was exempt from the registration provisions of the Act by virtue of Section 4(2) of the Act, as transactions by an issuer not involving any public offering. The securities issued pursuant to the Private Placement were restricted securities as defined in Rule 144. The Private Placement Stock and the Common Stock underlying the Private Placement Warrants are being registered herein. The offering generated net proceeds of approximately \$300,000. All investors in the Private Placement were accredited investors as that term is defined in Rule 501 of Regulation D adopted under the Securities Act of 1933.

Item 28. Undertakings

The undersigned registrant hereby undertakes to:

(1) Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers and controlling persons of the Company pursuant to the foregoing provisions, or otherwise, the Company has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Company will, unless in the opinion of its counsel the matter has been settled by controlling precedent submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(2) File, during any period in which it offers or sells securities, a post effective amendment to this registration statement to:

- (i) Include any prospectus required by section 10(a)(3) of the Securities Act;
- (ii) Reflect in the prospectus any facts or events which, individually or together, represent a fundamental change in the information in the registration statement; and
- (iii) Include any additional or changed material information on the plan of distribution.

For determining liability under the Securities, treat each post-effective amendment as a new registration statement of the securities offered, and the offering of the securities at that time to be the initial bona fide offering.

File a post-effective amendment to remove from registration any of the securities that remain unsold at the end of the offering.

SIGNATURES

In accordance with the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form SB-2 and authorized this Registration Statement to be signed on its behalf by the undersigned, in the City of Santa Monica, State of California on October 24, 1997.
