April 11, 2022

Dear Fellow Shareholders:

In the year since my last annual letter, our team has worked tirelessly to capitalize on the strong momentum we built in fiscal 2021, and I am happy to report, despite lingering effects from the COVID-19 pandemic, we have performed well. Our employees are continuing to return to on-site work across our global footprint, with nearly 30 percent back at our Lahore campus, home to much of our workforce and the heart of our technology operations, at the end of calendar 2021.

The well-being of our employees, customers, and communities remains at the forefront of our decision making. With that in mind, and to alleviate some of the hardships brought on by the pandemic, I and several founders have continued to assist our employees and communities globally, through combined donations totaling more than \$100,000 over the last 12 months.

On the business side, we expect growth trends to strengthen moving forward. Within our core business, the pipeline and mix of opportunities remain robust, particularly in our European and North American growth markets, giving us confidence in our ability to drive additional contract signings over the coming months.

Within our more venture-based operations, the rollout of the auto digital platform in partnership with MINI Anywhere has been a resounding early success and has been featured across major publications, including Newsweek, Automotive News and ABC News. We ended the December quarter with 12 dealerships subscribed, 11 in California, and one in Texas, with additional states coming online soon. We are very encouraged by the initial response and overall opportunity.

Looking ahead, we'll be rolling out some major enhancements to the platform, including financing and insurance protection products with digital sales, as well as introducing additional support for used car inventory, which has been a popular request under current market conditions.

In the coming months, we are also anticipating the launch of a second OEM digital retail program, and we continue to engage with several other tier one OEMs on potential partnerships. To address the strong interest we are seeing, we have expanded our sales and partner success team to expand our sales funnel and ensure ongoing success for our growing list of dealer partners.

Our cloud and SaaS-based offering continue to gain traction in the market, with Europe and North America presenting exciting new growth areas. We closed our first official sale of NFS Ascent in the US market last summer, and we have a few additional large opportunities for our flagship Ascent platform in the US, as well as several new opportunities in Europe specifically that are making their way through the sales cycle. Our pipeline of opportunities in these regions remains the greatest near-term growth opportunity for our business.

We also continue to explore inorganic opportunities for growth, including M&A and JVs, where it makes sense. The potential opportunities we are evaluating are highly accretive and strategic to our business.

Our cash position remains healthy, providing additional resources to support our core business as well as strategic investments in high-return long-term opportunities, such as our work in the OTOZ Innovation Lab.

As we have stated previously, we intend to make this year a return to meaningful growth, and we are confident that the investments we will be making in our leadership, workforce, and technology, alongside our expanded sales efforts, will lead to outsized returns in the coming quarters.

I hope you will join us at our annual meeting to be held on June 07, 2022, at the Company's headquarters located at 23975 Park Sorrento, Suite 250, Calabasas, CA 91302 at 10:00 a.m. local time. As state and local mandates related to in-person gatherings are subject to change, we will continue to monitor these issues and inform you of any changes to the meeting format, should that become necessary.

Regardless of the format, as we do each year, we will address the voting items in the Proxy Statement and, of course, take your questions. Whether you plan to attend the meeting or not, your vote is important, and we encourage you to review the enclosed materials and submit your proxy whether it is by mail or in person.

Thank you again for your continued support of NETSOL. We hope you and your family remain safe and healthy.

Sincerely,

Najeeb Ghauri
Chairman and CEO

PROXY STATEMENT GENERAL INFORMATION

This Proxy Statement is furnished to holders of the common stock, par value \$.01 per share, of NetSol Technologies, Inc., a Nevada corporation (the "Company" or "NETSOL"), in connection with the solicitation by the Company's Board of Directors of proxies for use at the Company's Annual Meeting of Shareholders (the "Annual Meeting"). For overnight accommodations, Hilton Garden Inn located at 24150 Park Sorrento, Calabasas, CA 91302, telephone (818) 591-2300 is within a short walking distance of the Company and meeting site. The time and place of the Annual Meeting are stated in the Notice of Proxy Materials and the Notice of Annual Meeting of Shareholders that accompanies this proxy statement.

The Annual Meeting has been called for the purpose of the following:

1. To consider and vote on the election of directors, each to hold office for a term of one year ending in 2022 or when their successors are elected.
2. To consider and vote upon the ratification of the appointment of BF Borgers CPA PC as the Company's independent auditors for the fiscal year 2022.
3. To approve, on an advisory basis, named executive officer compensation in this Proxy Statement ("Say-on-Pay"); and,
4. To consider such other matters as may properly come before the Annual Meeting.

QUESTIONS AND ANSWERS ABOUT VOTING AND THE SHAREHOLDER MEETING

Q: Why did I receive the proxy materials?

A: We have made the proxy materials available to you over the internet and have mailed you notices of these materials because the Board is soliciting your proxy to vote your shares of our common stock at the annual meeting to be held on June 7, 2022, and at any adjournments or postponements of this meeting.

Q: What is a proxy?

A: The Board is asking you to give us your proxy. Giving us your proxy means that you authorize another person or persons to vote your shares of our common stock at the annual meeting in the manner you direct. The written document you complete to designate someone as your proxy is usually called a "proxy card" or a "voting instruction form" depending on how the ownership of your shares is reflected in our records. If you are the record holder of your shares, a "proxy card" is the document used to designate your proxy to vote your shares. If you hold your shares in street name, a "voting instruction form" is the document used to designate your proxy to vote your shares. In this proxy statement, the term "proxy card" means both the voting instruction form and proxy card unless otherwise indicated.

Q: Who Can Vote?

A: You are entitled to notice of the Annual Meeting if you held any shares of common stock of NETSOL as of the close of business on the record date, April 11, 2022. You are entitled to vote at the Annual Meeting all shares of common stock of NETSOL that you held as of the close of business on that record date. Each share of common stock is entitled to one vote with respect to each matter properly brought before the Annual Meeting.

As of April 11, 2022, there were 11,252,539 shares of common stock of NETSOL issued and outstanding.

In accordance with Nevada law, lists of our shareholders who are entitled to vote at the Annual Meeting will be available for inspection by any stockholder present at the Annual Meeting and, for ten days prior to the Annual Meeting, by any shareholder, for purposes germane to the meeting, at our offices located at 23975 Park Sorrento, Suite 250, Calabasas, CA 91302. Any inspection of these lists prior to the Annual Meeting must be conducted between 9:30 A.M. and 4:30 P.M. (PST). Please contact our Corporate Secretary to arrange any inspection prior to the Annual Meeting, especially if the shelter in place continues to be in place by the city of Los Angeles.

1

Q: Who Is the Record Holder?

A: You may own common stock either (1) directly in your name, in which case you are the record holder of such shares, or (2) indirectly through a broker, bank or other nominee, in which case such nominee is the record holder.

If your shares are registered directly in your name, we are sending these proxy materials directly to you. If the record holder of your shares is a nominee, you will receive proxy materials from such nominee.

Q: How Do I Vote?

Record Holders:

- By Mail. If you choose to vote by mail, mark your proxy card, date and sign it, and return it as soon as possible in the postage-paid envelope provided.
- By Telephone. If you choose to vote by phone, please call toll free (888) 605-1956 and vote your shares; international callers please call our toll number 201-806-7301 or 212-771-1133 to vote.
- By voting on the Internet. Please go on www.proxyvote.com.

Stock Held by Brokers, Banks and Nominees:

- If your common stock is held by a broker, bank or other nominee, such nominee will provide you with instructions that you must follow in order to have your shares voted.

Q: Are proxy materials available on the Internet?

A: Yes, please see notice below:

**Important notice regarding the availability of proxy materials
for the annual shareholder meeting to be held on June 7, 2022.**

Our Proxy Statement and 2021 Annual Report are available on the following Web site:

<http://ir.netsoltech.com/all-sec-filings>

Q: What are NETSOL shareholders being asked to vote on at the annual shareholder meeting?

A: You will vote on:

- **Item 1:** The election of directors to serve until the next annual meeting of shareholders.
- **Item 2:** To consider and vote upon the ratification of the appointment of BF Borgers CPA PC as the Company's independent auditors for the fiscal year 2022; and
- **Item 3:** To approve, on an advisory basis, named executive officer compensation in this Proxy Statement ("Say-on-Pay").

2

Q: How Many Shares Must be Represented in Order to Transact Business at the Annual Meeting?

A: A quorum is the number of shares that must be represented, in person or by proxy, in order to transact business at the Annual Meeting. We will have a quorum and be able to conduct business at the Annual Meeting if a majority of the outstanding shares of common stock entitled to vote are present at the virtual meeting, either in person or by proxy. Abstentions will be included in the calculation of the number of shares considered to be present for purposes of determining whether a quorum is present.

Q: How Many Votes Are Required to Approve a Proposal?

A: If a quorum is present, the vote of a majority of votes present in person or represented by proxy at the meeting and entitled to vote on the election of directors is required to elect directors. The vote of a majority of the votes cast is required to ratify the selection of our independent registered public accounting firm, and, to approve the proposal to approve, on an advisory basis, the named executive officer compensation in this Proxy Statement.

Q: What is a Broker Non-Vote?

A: Under the rules that govern nominees who have record ownership of shares that are held in "street name" for account holders (who are the beneficial owners of the shares), nominees typically have the discretion to vote such shares on routine matters, but not on non-routine matters. If a nominee has not received voting instructions from an account holder and does not have discretionary authority to vote shares on a particular item, a "broker non-vote" occurs. Shares that constitute broker non-votes with respect to a particular proposal will not be considered present and entitled to vote on that proposal at the Annual Meeting even though the same shares will be considered present for purposes of establishing a quorum and may be entitled to vote on other proposals. However, in certain circumstances, such as the appointment of the independent registered public accounting firm, the broker, bank, or other nominee has discretionary authority and therefore is permitted to vote your shares even if the broker, bank, or other nominee does not receive voting instructions from you. Election of directors and the advisory vote to approve the Company's named executive officer compensation are not considered "routine" matters and as a result, your broker, bank, or other nominee will not have discretion to vote on these matters at the Annual Meeting unless you provide applicable instructions to do so. Therefore, we strongly encourage you to follow the voting instructions on the materials you receive.

Q: What is the difference between holding shares as a "Shareholder of Record" and as a "Beneficial Owner"?

A: If your shares are registered in your name on the books and records of American Stock Transfer and Trust Company, our registrar and transfer agent, you are a "Stockholder of Record" (also sometimes referred to as a "Registered Shareholder"). If you are a Shareholder of Record, we sent the Notice directly to you.

If your shares are held by your broker or bank on your behalf, your shares are held in "Street Name" and you are considered a "Beneficial Owner." If this is the case, the Notice has been sent to you by your broker, bank, or other holder of record.

Q: Does Anyone Solicit this Proxy and Who Will Pay the Expenses of the Proxy Distribution?

A: We will pay the expenses for the preparation of the proxy materials and the solicitation of proxies. Our directors, officers or employees may solicit proxies on our behalf in person or by telephone, e-mail, facsimile or other electronic means. These directors, officers and employees will not receive additional compensation for such services. We have hired D.F. King to assist us in the solicitation of votes for approximately \$7000 plus any out-of-pocket expenses. In accordance with the regulations of the United States Securities and Exchange Commission (the "SEC"), we may reimburse brokerage firms and other custodians, nominees and fiduciaries for their out-of-pocket expenses incurred in sending proxies and proxy materials to beneficial owners of our common stock.

3

Q: What do I need to do now?

A: First, carefully read this document in its entirety. Then, vote your shares by following the instructions from your broker, if your shares are held in "street name", or by one of the following methods:

- **VOTE BY MAIL.** If you requested the proxy materials to be sent to you by mail, please mark, sign, and date and return your proxy card in the enclosed return envelope as soon as possible; or,
- **VOTE BY TELEPHONE.** Call the toll-free number (888) 605-1956 on the proxy card received by mail and follow the directions provided; or
- **VOTE BY INTERNET.** Before the Annual Meeting go to www.proxyvote.com. This information is also listed on your proxy card mailed to you; or
- **BROKER VOTE.** If a broker holds your shares in "street name," you will need to get a legal proxy from your broker to vote in person at the meeting.

Voting by phone or on the Internet has the same effect as submitting a properly executed proxy card.

Q: What are my choices when voting?

A: When you cast your vote on:

Item 1: You may vote in favor of electing the nominees as directors or vote against one or more nominees or you may abstain from voting.

Item 2: You may cast your vote in favor of or against the proposal, or you may elect to abstain from voting your shares.

Item 3: You may cast your vote in favor of or against the proposal, or you may elect to abstain from voting your shares.

If you sign, date and mail your proxy card without indicating how you want to vote, your proxy will be counted as a vote in favor of each director nominee in Proposal 1 and in favor of Proposal 2 and 3.

Q: Does the Board have a recommendation for voting?

A: The Board unanimously recommends you vote your shares as follows:

Proposal 1- “FOR” each of the persons nominated for election to the Board.

Proposal 2- “FOR” ratifying the selection of BF Borgers CPA PC as the Company’s independent auditor for fiscal year ending June 30, 2022.

Proposal 3- “FOR” approval, on an advisory basis, named executive officer compensation in this Proxy Statement (“Say-on-Pay”).

4

Q: What if I abstain from voting?

A: If your shares are represented at the annual meeting, in person or by proxy, but you abstain from voting on a matter, or include instructions in your proxy to abstain from voting on a matter, your shares will be counted for the purpose of determining if a quorum is present but will not be counted as either an affirmative vote or a negative vote with respect to that matter. With respect to the items scheduled to be voted on at the meeting, abstentions will have no effect on the outcome of the vote on those proposals, assuming a quorum is present.

Q: Who is eligible to vote?

A: Holders of record of NETSOL common stock at the close of business on April 11, 2022, are eligible to vote at NETSOL’s Annual Meeting of Shareholders. As of April 11, 2022, there were 11,252,539 shares of NETSOL common stock issued and outstanding held by 141 holders of record, a number that does not include beneficial owners who hold shares in “street name”.

Q: Why did I receive a notice in the mail regarding the Internet availability of the proxy material instead of a full set of printed proxy material?

A: Pursuant to rules adopted by the SEC, we are making this Proxy Statement available to our Shareholders electronically via the Internet. On or about May 6, 2022, we will mail the Notice to Shareholders of our common stock at the close of business on the Record Date, other than those shareholders who previously requested electronic copy of our proxy materials, including this Proxy Statement and our 2021 Annual Report. The Notice also contains instructions on how to request a paper copy of the Proxy Statement. We believe this process will provide you with the information you need in a timely manner, while conserving natural resources and lowering the costs of the Annual Meeting.

Q: Can I vote my shares by filling out the Notice of Internet Availability of Proxy Materials?

A: No. The Notice only identifies the items to be voted upon at the Annual Meeting. You cannot vote the Proposals by marking the Notice and returning it. The Notice provides instructions on how to cast the vote.

Q: If my shares are held in “street name” by my broker, will my broker vote my shares for me?

A: Yes, but only if you give your broker instructions. If your shares are held by your broker (or other nominee), you should receive this document and an instruction card from your broker. Your broker will vote your shares if you provide instructions on how to vote. If you do not tell your broker how to vote, your broker may vote your shares in favor of ratification of the auditor appointment but may not vote your shares on the election of directors or any other item of business. However, your broker is not required to vote your shares if you do not provide instructions.

Q: Can I change or revoke my vote after I have mailed my signed proxy card or voted by telephone or electronically?

A: Yes. If you have not voted through your broker, you can do this by:

- Calling the toll-free number on the proxy card at least 24 hours before the meeting and following the directions provided; or,
- Going to the website listed on the proxy card at least 24 hours before the meeting and following the instructions provided; or,
- Submitting a properly executed proxy prior to the meeting bearing a later date than your previous proxy.

If you voted through your broker, please contact your broker to change or revoke your vote.

5

Q: Why did I receive more than one proxy card?

A: You may receive multiple cards if you hold your shares in different ways (e.g. joint tenancy, in trust or in custodial accounts). You should vote on every proxy card that you receive.

Q: How many shares are owned by NETSOL’s directors and executive officers?

A: On April 11, 2022, NETSOL’s directors and executive officers beneficially owned 1,503,546 shares entitled to vote at the annual meeting, constituting approximately 13.36% of the total shares outstanding and entitled to vote at the meeting.

Q: Where do I get more information?

A: If you have questions about the meeting or submitting your proxy, or if you need additional copies of this document or the proxy card, you should contact the Company’s Corporate Secretary at (818) 222-9195.

BUSINESS OVERVIEW-2021 HIGHLIGHTS

The outbreak of COVID-19 and its development into a pandemic in March 2020 (the “COVID-19 Pandemic” or the “Pandemic”) has resulted in significant economic disruption globally, including in the United States and specific geographic areas where we operate. Actions taken by various governmental authorities, individuals and companies around the world to prevent the spread of the COVID-19 Pandemic through both voluntary and mandated social distancing, curfews, shutdowns and expanded safety measures have restricted travel, many business operations, public gatherings and the overall level of individual movement and in-person interaction across the globe. While recovery from the Pandemic began in 2021, the Company’s operations and financial results in 2021 were still impacted by Pandemic-related activities.

In fiscal 2021, NETSOL performance was impacted by the challenges our business faced as a result of the global COVID-19 pandemic. To protect the health and welfare of our employees and in support of efforts to control the spread of the pandemic, we asked all of our employees to work from home (WFH) and adhere to their local guidelines when returning back to our offices. As we adapted, gradually we were able to service customers and clients remotely. With the steady recovery of our business globally, we accelerated our plans to transform our business to meet customers’ evolving preferences in the new environment and position the Company for long-term success.

6

A few of our highlights for the fiscal year ended June 30, 2021, were:

- SCI Lease Corp, our first North American Ascent™ customer, successfully went live with NFS Ascent®.
- Peter Minshall was appointed Executive Vice President for NetSol Technologies Americas.
- A leading captive finance company of a notable U.S. based auto manufacturer went live with LeasePak cloud.
- NETSOL’s U.S. based mobility startup, Otoz™, launched its digital automotive retail platform for BMW Group Financial Services in the U.S. for its key brand Mini Anywhere. This represents NETSOL’s first retail platform solution in the North American market for Mini dealerships.
- Daimler Financial Services went live with NFS Ascent® Retail Platform on a single code, single instance and involving multi-tenancy setup in Singapore. Daimler also went live with our NSF Ascent® Retail Platform in Thailand and began the implementation process of our NSF Ascent® Retail Platform in New Zealand and Australia.
- We entered into an agreement with an existing tier one finance company in China for them to upgrade to our NFS Ascent® Retail and Wholesale platforms. The contract is expected to generate approximately \$9,000,000 during the contract term.
- A Captive auto finance company of a leading German Auto manufacturer based in China went successfully live with our NFS Ascent® Retail Platform.
- A rapidly growing U.K. bank serving small and medium-sized enterprises successfully went live with the NFS Ascent® Retail Platform. This is our first go live of an NFS Ascent® Retail client in the U.K.
- We entered into an agreement with a renowned financial services company in the U.S. to implement LeasePak, one of our legacy solutions. The contract is expected to generate approximately \$1,000,000 over the life of the contract.

TRANSFORMATION OF OUR BUSINESS DURING THESE UNUSUAL TIMES

We are taking sweeping actions to transform our business to preserve liquidity, sustain key investments, improve performance, and position the Company to be more productive and competitive as the automotive industry rapidly changes. This ongoing effort involves a thorough review of our business, with numerous key transformational projects throughout every subsidiary.

7

As we transform our business, we are working to reshape our infrastructure, streamline our overhead and organizational structure, strengthen the health of our pipeline and demand operational excellence into every corner of our business.

Some of the key 2021 actions included the following:

Adjustments were made during the Covid-19 Pandemic to allow our employees to work from home. However, as the world continues to recover and open, we currently have approximately 30% of our work force back in our offices, worldwide.

Infrastructure

Critically evaluating cost structure, and how we operate and are organized, with an eye toward simplification and provide leadership in global operations. We expanded the role of Mr. Naeem Ghauri as President of NETSOL as of 2021 and Peter Minshall as Executive Vice President NetSol Technologies Americas.

Overhead and Organization

Pipeline Health

Carefully managing pipeline while recalibrating potential customers, while improving efficiency, quality, and cost performance. We continue to implement new tools, systems and processes, such as JIRA and Agile Framework to further enhance productivity. We offer cloud enablers for NFS Ascent at subscription based priced models to generate additional interest from prospects.

Operational Excellence

Strengthening every aspect of operational excellence to improve performance, enhance quality and reduce redundancies. Even with the Covid-19 limitations, our teams recalibrated and remotely went live. NETSOL is selected as the vendor of choice for BMW Automotive Finance in China after extensive evaluation. NFS Ascent Retail and Platform is implemented in the UK and South Korea, respectively.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE HIGHLIGHTS

For decades, NETSOL's innovations and products have helped transform leasing and finance industries. We believe in the power of technology for the greater good.

Responsible Business.

We integrate responsible and sustainable practices throughout our organization. Our products are services oriented and designed, do not harm individuals, communities, or the environment. Because privacy and security are critical for success in the technologies industry, we constantly seek to promote data protection across all our implementation processes.

Environmental Sustainability.

We work to be a positive force in protecting the environment by continually looking for ways to conserve water, reduce waste, recycle, and minimize energy consumption. As we repurpose our workspaces and operate our offices more efficiently globally, we focus on our environmental impact. Having our headquarters located in Southern California, we are at the epicenter of fires that remind us environmental sustainability is an everyday phenomenon. Globally, all our offices have developed and implemented a recycling, reducing waste and no plastics office space. All employees are encouraged to contribute to a safe and responsible work environment.

PEOPLE AND CULTURE

We believe we have developed a strong corporate culture that is critical to our success. Our key values are delivering world-class quality software, client-focused timely delivery, leadership, long-term relationships, creativity, openness and transparency and professional growth. The services provided by NETSOL require proficiency in many fields, such as software engineering, project management, business analysis, technical writing, sales and marketing, and communication and presentation skills.

Due to the growing demand for our core offerings and IT services, retention of technical and management personnel is essential. Our employee turnover was under 20% in 2021 with a goal to maintain the turnover level under 20% or lower during the 2022 fiscal year and onwards. In addition, we are committed to improving key performance indicators such as efficiency, productivity and revenue per employee.

To encourage all employees to build on our core values, we reward teamwork and promote individuals that demonstrate these values. We support diversity, equality and inclusion on a global basis. We are an equal opportunity employer with the largest concentration of female employees in Lahore, Pakistan and our U.S. headquarters.

Human Capital

There is significant competition for employees with the skills required to perform the services we offer. We run an elaborate training program for different cadres of employees to cover technical skills and business domain knowledge, as well as communication, management and leadership skills. We believe that we have been successful in our efforts to attract and retain the highest level of talent available, in part because of the emphasis on core values, training and professional growth. We intend to continue to recruit, hire and promote employees who share our vision.

As of June 30, 2021, we had approximately 1,447 employees; comprised of 77% software engineers, programmers, project managers, quality assurance, sales, pre-sales, business development, dedicated employees to core NFS™ and NFS Ascent® and 23% non-IT personnel, and 140 plus employees supporting the regional offerings as well as IT consulting and services. None of our employees are subject to a collective bargaining agreement.

Diversity and Inclusion. We believe that our growth and success are attributable in large part to the high caliber of our employees and our commitment to maintain the values on which our success has been based. We believe that a diverse workforce is critical to our success, and we continue to focus on the hiring, retention and advancement of women and underrepresented populations. Our female workforce overall in the Company is 20%. We provide transportation, daycare support, meal support and after school care support at our Technology Campus in Lahore, Pakistan. Some Lahore employees also receive free medical care. These additional supports are especially important to continue building our female workforce at the Lahore Campus. In addition, we offer flexible work schedules to all our employees, providing them with WFH opportunities. All employees, male and female, have access to gym facilities in our Pakistan and U.S. offices promoting the health and wellness of our staff.

Giving Back to the Community. NETSOL believes it should give back to the community and employees as much as possible. Certain subsidiaries of ours are located in regions where basic services are not readily available. Where possible, NETSOL acts to not only improve the quality of life of its employees, but also the standard of living in these regions. Examples of such programs are as follows:

- **Humanitarian Relief:** We are all aware of the devastation that can be brought by natural disasters. We have historically supported earthquake and flood relief where the need is the greatest.

- Literacy Program: Launched to educate our illiterate employees, the main objective of this program is to enable these employees to acquire basic reading, writing and arithmetic skills.
- Higher Education and Science and Research Institutions: To support higher education in Pakistan, we have contributed endowments to NUST, Forman Christian College, and a few other universities who are focused on science and engineering.
- Noble Cause Fund: A noble cause fund has been established to meet medical and education expenses of the children of the lower paid employees. Our employees voluntarily contribute a fixed amount every month to the fund and NETSOL matches the employee subscriptions with an equivalent contribution amount. A portion of this fund is also utilized to support social needs of certain institutions and individuals, outside of NETSOL.
- Day Care Facility: NETSOL's human resources are its key assets and thus we take numerous steps to ensure the provision of basic comforts to our employees. In Pakistan, the provision of outside pre-school childcare is a rarity. As such, a children's day care facility has been created near NETSOL's offices providing employees with peace of mind knowing their children are nearby and being taken care of by qualified staff in a child friendly facility. Due to local COVID-19 restrictions, the facility is temporarily closed.
- Preventative Health Care Program: In addition to the comprehensive outpatient and inpatient medical benefits, preventive health care has also been introduced. This phased program focuses on vaccination of our employees against such diseases as Hepatitis – A/B, Tetanus, Typhoid and Flu on a routine basis.

ANNUAL MEETING BUSINESS

PROPOSAL 1 ELECTION OF DIRECTORS

NETSOL's articles of incorporation and bylaws provide that directors are elected to serve a one-year term of office, expiring at the next annual meeting of shareholders. Our articles of incorporation establish up to nine directors, with the exact number to be fixed from time to time by resolution of the Board of Directors.

Directors are elected by a majority of votes, which means that the nominees receiving the most votes will be elected. Shareholders are not entitled to cumulate votes in the election of directors. In determining the votes cast for the election of a director, abstentions and broker non-votes are excluded. The Nominating and Corporate Governance Committee considers the offer of resignation and recommends to the Board whether to accept it. The policy requires the Board to act on the Nominating and Corporate Governance Committee's recommendation within 90 days following the shareholder meeting. Board action on the matter requires the approval of a majority of the independent directors.

The Board of Directors has nominated the following directors for election to one-year terms that will expire at earlier of their removal or replacement or at the 2022 annual meeting:

Najeeb Ghauri
Mark Caton
Malea Farsai
Henry Tolentino
Kausar Kazmi

The individuals appointed as proxies intend to vote "FOR" the election of the nominees listed above. If any nominee is not available for election, the individuals named in the proxy intend to vote for such substitute nominee as the Board of Directors may designate. Each nominee has agreed to serve on the board and we have no reason to believe any nominee will be unavailable.

For the biography of each nominee as well as for Director Compensation, please refer to Page 24 of the Proxy.

Board Recommendation:

✓The Board of Directors recommends shareholders vote "FOR" the election of each of the five director nominees.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF BF BORGERS CPA PC AS THE COMPANY'S INDEPENDENT AUDITORS FOR FISCAL YEAR 2022

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the Company's independent registered public accounting firm. The Audit Committee engages in an annual evaluation of the independent public accounting firm's qualifications, assessing a wide variety of factors.

The Audit Committee has appointed BF Borgers CPA PC ("Borgers CPA") to audit and review NETSOL's financial statements since 2020. A majority of the votes cast, in person or by proxy, at the Annual Meeting, is required for the ratification of the appointment of the independent registered public accounting firm. Should the shareholders not ratify the selection of Borgers CPA, it is contemplated that the appointment of Borgers CPA will be permitted to stand unless the Audit Committee finds other compelling reasons for making a change. Disapproval by the shareholders will be taken into consideration for the selection of the independent registered public accounting firm for the coming year.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Audit Fees

Borgers CPA audited the Company's financial statements for the fiscal year ended June 30, 2021 and 2020. The aggregate fees billed by principal accountants for the annual audit and review of financial statements are included in the Company's Form 10-K, services related to providing an opinion in connection with our public offering of shares of common stock and/or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements was \$250,000 for the years ended June 30, 2021 and 2020.

Tax Fees

Tax fees for fiscal year 2021 were \$13,000 and consisted of the preparation of the Company's federal and state tax returns for the fiscal years 2020. Tax fees for fiscal year 2020 were \$15,000 and consisted of the preparation of the Company's federal and state tax returns for the fiscal year 2019.

All Other Fees

No other fees were paid to a principal accountant during the fiscal year 2021 and 2020.

Pre-Approval Procedures

The Audit Committee and the Board of Directors are responsible for the engagement of the independent auditors and for approving, in advance, all auditing services and permitted non-audit services to be provided by the independent auditors. The Audit Committee maintains a policy for the engagement of the independent auditors that is intended to maintain the independent auditor's independence from NETSOL. In adopting the policy, the Audit Committee considered the various services that the independent auditors have historically performed or may be needed to perform in the future. The policy, which is to be reviewed and re-adopted at least annually by the Audit Committee:

- (i) Approves the performance by the independent auditors of certain types of service (principally audit-related and tax), subject to restrictions in some cases, based on the Committee's determination that this would not be likely to impair the independent auditors' independence from NetSol;
- (ii) Requires that management obtain the specific prior approval of the Audit Committee for each engagement of the independent auditors to perform other types of permitted services; and
- (iii) Prohibits the performance by the independent auditors of certain types of services due to the likelihood that their independence would be impaired.

11

Any approval required under the policy must be given by the Audit Committee, by the Chair of the Committee in office at the time, or by any other Committee member to whom the Committee has delegated that authority. The Audit Committee does not delegate its responsibilities to approve services performed by the independent auditors to any member of management.

The standard applied by the Audit Committee in determining whether to grant approval of an engagement of the independent auditors is whether the services to be performed, the compensation to be paid therefore and other related factors are consistent with the independent auditors' independence under guidelines of the Securities and Exchange Commission and applicable professional standards. Relevant considerations include, but are not limited to, whether the work product is likely to be subject to, or implicated in, audit procedures during the audit of NetSol's financial statements; whether the independent auditors would be functioning in the role of management or in an advocacy role; whether performance of the service by the independent auditors would enhance NetSol's ability to manage or control risk or improve audit quality; whether performance of the service by the independent auditors would increase efficiency because of their familiarity with NetSol's business, personnel, culture, systems, risk profile and other factors; and whether the amount of fees involved, or the proportion of the total fees payable to the independent auditors in the period that is for tax and other non-audit services, would tend to reduce the independent auditors' ability to exercise independent judgment in performing the audit.

Summary of Fees

	Fiscal Year Ended June 30, 2021	Fiscal Year Ended June 30, 2020
Audit Fees	\$ 250,000	\$ 250,000

PROPOSAL 3 ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

A "Say-on-Pay" advisory vote is required for all U.S. public companies under Section 14A of the Securities Exchange Act of 1934, as amended. In accordance with this law, we are asking shareholders to approve, on an advisory basis, the compensation of the Company's named executive officers disclosed in the Compensation Discussion and Analysis section on page 28. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the philosophy, policies and practices described in this proxy statement.

For the reasons discussed below, the Board of Directors recommends that you vote FOR approval of the advisory vote on named executive officer compensation because it believes that the policies and practices described in the Compensation Discussion and Analysis are effective in achieving the Company's goals of rewarding sustained financial and operating performance and leadership excellence, aligning the executives' long-term interests with those of the shareholders and motivating the executives to remain with the Company for long and productive careers. Named executive officer compensation of the past three years reflects amounts of cash and long-term equity awards consistent with periods of economic stress and lower earnings, and equity incentives aligning with our actions to stabilize the Company and to position it for a continued recovery.

We urge shareholders to read the Compensation Discussion and Analysis beginning on page 28 of this proxy statement, as well as the Summary Compensation Table and related compensation tables, notes and narrative, appearing on pages 35 through 39, which provide detailed information on the Company's compensation policies and practices and the compensation of our named executive officers.

Vote Required

Approval of the advisory vote on named executive officer compensation requires the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy and entitled to vote at the meeting. While this advisory vote on named executive officer compensation is non-binding, the Board and the Compensation Committee will review and consider the voting results when evaluating our executive compensation program. Currently, the Board seeks the shareholders vote on Named Executive Officer Compensation every year. The next time the shareholders have an opportunity to vote on this matter is on the proxy for fiscal year 2022.

Board Recommendation

CORPORATE GOVERNANCE, BOARD OF DIRECTORS

MEETINGS AND BOARD COMMITTEES

Nomination of Directors:

The Board is responsible for nominating members to the Board and for filling vacancies on the Board that may occur between annual meetings of shareholders, in each case based upon the recommendation of the nominating and corporate governance committee. The committee seeks input from other Board members and senior management to identify and evaluate nominees for director. The committee may hire a search firm or other consultants. The committee will consider nominees recommended by shareholders for election to the Board provided the names of such nominees, accompanied by relevant biographical information, and relevant information about the shareholder submitting the nominee, are provided in writing to our secretary in accordance with the requirements of our bylaws.

Director Independence:

The Board has determined that independent directors must have no material relationship with the Company, based on all material facts and circumstances. At a minimum, an independent director must meet each of the standards listed below.

1. The director, within the last three years, has not been employed by and has no immediate family member that has been an executive officer of the Company.
2. Neither the director nor any immediate family member has, in any 12-month period during the last three years, received more than \$120,000 in direct compensation from the Company other than compensation for director or committee service and pension or other deferred compensation for prior service.
3. Neither the director nor any immediate family member is a current partner of the Company's independent accountants firm, the director is not a current employee of the independent accountant's firm, no immediate family member is a current employee of the independent accountant's firm working in its audit, assurance or tax compliance practice, and neither the director nor any immediate family member was an employee or partner of the independent accountant's firm within the last three years and worked on the Company's audit within that time.
4. Neither the director nor any immediate family member has, within the last three years, been part of an interlocking directorate. This means that no executive officer of the Company served on the compensation committee of a company that employed the director or an immediate family member.
5. The director is not currently an employee of and no immediate family member is an executive officer of another company that represented at least 2% or \$1 million, whichever is greater, of the Company's gross revenues, or of which the Company represented at least 2% or \$1 million, whichever is greater, of such other company's gross revenues in any of the last three fiscal years. Charitable contributions are excluded from this calculation.

For the purposes of these standards, "Company" includes all NETSOL subsidiaries and other affiliates. "Immediate Family Member" includes the director's spouse, domestic partner, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law. The independence standards for the members of the Audit Committee provide that, in addition to the foregoing standards, they may not receive any compensation other than director's fees for Board and Audit Committee service and permitted retirement pay or be an "affiliate" of the Company apart from their capacity as a member of the Board as defined by applicable SEC rules.

The Common Stock is listed and traded on the NASDAQ Capital Market. The corporate governance rules of the NASDAQ Capital Market require that a majority of the Board consist of directors who are "independent" of the Company. The Board has determined each of the following directors and nominees for director qualify as "independent" in accordance with Rule 5605(a)(2)(A) and (B) of the NASDAQ listing standards for determining independence. Messrs. Mark Caton, Henry Tolentino and Syed Kausar Kazmi are independent Board members as described in the listing standards.

Our Board Leadership Structure

Why our Board leadership structure is right for NETSOL

Our Board and Nomination and Corporate Governance Committee regularly review and evaluate the Board's leadership structure. Mr. Najeeb Ghauri serves as both NETSOL's CEO and Chair of the Board, which the Board has determined is the most appropriate and effective leadership structure for the Board and the Company at this time. Mr. Ghauri has served in this dual capacity since 2006 and brings over 16 years of strategic leadership experience and an unparalleled knowledge of NETSOL's business, operations and risks to his role as Chair of the Board. Currently, as a small-cap global corporation, the combination of these two positions is the most appropriate and suitable structure for a proper, efficient and cost-effective Board functioning and communication. Mr. Najeeb Ghauri is the direct link between senior management globally and the Board members and provides critical insight to the Board, as well as feedback to senior management through his comprehensive understanding of the issues at hand. Mr. Ghauri's travels and visits to all subsidiaries across the globe, holding meetings with heads of each subsidiary and relaying the important aspects of such meetings to the Board, justify the need for Mr. Ghauri to hold his dual leadership position. To provide the Board with autonomy, the Board maintains majority independent members whom all head and participate exclusively in all Board committees. The CEO makes quarterly reports to the Board of Directors and answers questions posed by Directors. He also discusses with the Board the reasons for certain recommendations of the Company's executive management group.

The Board does not have a policy on whether the roles of the Chair and CEO should be separated but believes the current combination of the two roles provides NETSOL with, among other things, a clear and effective leadership structure to communicate the Company's business and long-term strategy to its customers, shareholders and the public. The combined Chair-CEO structure also provides for robust and frequent communication between the Board's independent directors and the management of the Company. Recently, having Mr. Najeeb Ghauri in the dual role was extremely effective as rapid, clear, decisive decisions were made in the midst of the global Covid-19 pandemic effecting all of NETSOL's subsidiaries.

Board Composition and Refreshment

We believe the Board benefits from a mix of new directors who bring fresh perspectives and longer-serving directors, who bring valuable experience, continuity and a deep understanding of the Company. The Board strives to maintain an appropriate balance of tenure, turnover, diversity, skills and experience. To promote thoughtful Board refreshment, we have:

- ✓ Developed a comprehensive, ongoing Board succession planning process;
- ✓ Implemented an annual Board and Committee assessment process; and

- ✓ Look to our Advisory Board for input and critique.

The average age of our Director nominees and our Independent Director nominees is 67 years and 71 years respectively.

Throughout the director selection and nomination process, the Nominating and Corporate Governance Committee and the Board seek to achieve diversity within the Board with various viewpoints, perspectives and expertise that are representative of our global business. Once elected, the Directors periodically visit NETSOL’s operations, globally. This provides the Directors with an opportunity to see firsthand the execution and impact of the Company’s strategy and engage with senior leaders and associates in our subsidiaries to deepen their understanding of NETSOL’s business, competitive environment and corporate culture. This year because of the Covid-19 pandemic no visits to any of NETSOL’s operations took place; however, a Zoom/telephonic business presentation was held.

In his second year as the Audit Committee Chair, Mr. Kazmi offers a breadth of experience in finance and banking industry as head of commercial banking and business development with Habib Bank Zurich PLC, UK. He is well versed in finances and is providing valuable insight to the audit committee.

NETSOL continues to obtain diverse viewpoints and experiences from various ages, gender, business backgrounds that come together from various parts of the world to form the Board of Directors of NETSOL.

There are five members of the Board of Directors; however, only the three independent members serve on the key Board Committees.

Role of Board in Oversight of Risks:

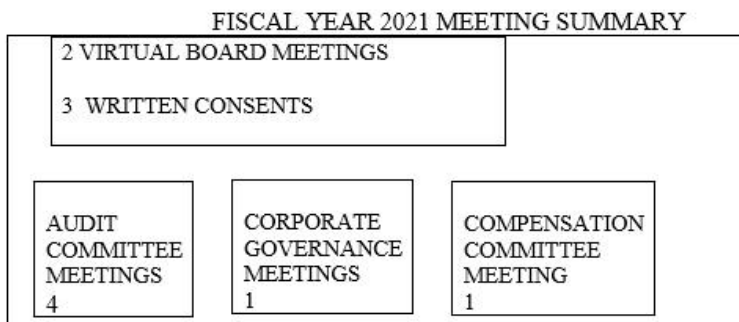

Like all companies, NETSOL faces a variety of risks, both internal and external, and many factors work simultaneously to affect the Company’s overall business risk. The Board recognizes that the Company’s business risk is not static, and that it is not possible to mitigate all risk and uncertainty. The Board does not have a standing risk management committee but administers this oversight function directly through the Board as a whole, as well as through Committees of the Board.

For example, the Audit Committee assists the Board in its risk oversight function by reviewing and discussing with management our accounting principles, financial reporting practices and system of disclosure controls and internal controls over financial reporting. The Nominating and Corporate Governance Committee assist the Board in its risk oversight function by periodically reviewing and discussing with management important corporate governance principles and practices and by considering risks related to our director nominee evaluation process and legacy. This Committee also ensures that the Company maintains a positive and effective Board leadership and is up to date with internal policies such as the Company’s Code of Ethics. The Compensation Committee assists the Board in its risk oversight function by considering risks relating to the design of our executive compensation programs and arrangements. The full Board considers strategic risks and opportunities and receives reports from the committees regarding risk oversight in their areas of responsibility as necessary.

The Company believes the Board leadership structure facilitates the division of risk management oversight responsibilities among the Board committees and enhances the Board’s efficiency in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices. The Board of Directors and the management team are committed to continuous improvement and strengthening of the Company’s risk management practices.

Board of Directors Meetings:

During the fiscal year ended June 30, 2021, the Board of Directors of the Company did not meet in person due to the global pandemic, however, they met telephonically two times. The Board also acted by written consent three times at which all Directors were available to vote unanimously. The Company requests that all Board members attend annual meetings of the Board, however, it is not mandatory.

Board Committees:

The Board of Directors of the Company has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The charters for the Audit, Compensation and Nominating and Corporate Governance Committees are posted on the Company’s web site at www.netsoltech.com (select “About Us” then “Corporate Governance” and finally, the desired committee charter) <https://ir.netsoltech.com/board-committees> All committee members are appointed by the Board of Directors and only Independent Board members serve on these committees.

The Audit Committee met four times, the Compensation Committee met one time, and the Nominating and Corporate Governance Committee also met one time during fiscal year 2021.

The Nominating and Corporate Governance Committee consists of Mr. Tolentino as Chair, Mr. Caton and Mr. Kazmi as members.

Board Composition

Our Nominating and Corporate Governance Committee is responsible for reviewing with the Board of Directors, on an annual basis, the appropriate characteristics, skills and experience required for the Board of Directors as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members), the nominating and corporate governance committee, in recommending candidates for election, and the Board of Directors, in approving (and, in the case of vacancies, appointing) such candidates, takes into account many factors, including the following:

- Whether the potential nominee has leadership, strategic, or policy setting experience in a complex organization, including any scientific, governmental, corporate, educational, or a non-profit organization.
- Whether the potential nominee has experience and expertise that is relevant to the Company's business, including any specialized business experience, technical expertise, or other specialized skills, and whether the potential nominee has knowledge regarding issues affecting the Company.
- Whether the potential nominee is highly accomplished in his or her respective field.

19

- In light of the relationship of the Company's business to the field of technology, whether the potential nominee has received any awards or honors in the fields of technology or engineering and whether he or she is recognized as a leader in that field.
- Whether the addition of the potential nominee has practical and mature business judgment including the ability to make independent analytical inquiries.
- Whether the addition of the potential nominee to the Board of Directors would assist the Board of Directors in achieving a mix of Board members that represents a diversity of background and experience, including diversity with respect to age, gender, national origin, race, and competencies.
- Whether the potential nominee has high ethical character and a reputation for honesty, integrity, and sound business judgment.
- Whether the potential nominee can work collegially with others.
- Whether the potential nominee is independent, as defined by NASDAQ listing standards, whether he or she is free of any conflict of interest or the appearance of any conflict of interest with the best interests of the Company and its shareholder, and whether he or she is willing and able to represent the interests of all shareholders of the Company.
- Any factor which would prohibit the potential nominee to devote sufficient time to its business, and
- Any other relevant qualifications, attributes, or skills.

In addition, with respect to an incumbent director whom the nominating committee is considering as a potential nominee for re-election, the Company's nominating committee reviews and considers the incumbent director's service to the Company during his or her term, including the number of meetings attended, level of participation, and overall contribution to the Company. The manner in which the nominating committee evaluates a potential nominee will not differ based on whether the potential nominee is recommended by a shareholder or the Company. Our Board of Directors evaluates each individual in the context of the Board of Directors as a whole, with the objective of assembling a group that can best maximize the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. The Nominating Chair prepared a blind questionnaire for all board members to evaluate the Board's current risk management, succession, autonomy, and other matrix.

The Company did not pay any fee to any third party to identify or evaluate or assist in identifying or evaluating potential nominees for director at the fiscal year 2021 Annual Meeting of shareholders. COMPENSATION DISCUSSION AND ANALYSIS

NETSOL’s Named Executive Officers (“NEOs”), a group comprised of the Chief Executive Officer, the Chief Financial Officer and the Secretary and General Counsel in the 2021 fiscal year are the following individuals:

Najeeb Ghauri	Chief Executive Officer
Roger K. Almond	Chief Financial Officer
Patti L. W. McGlasson	Secretary and General Counsel

Introduction

Our Compensation Committee is responsible for establishing and overseeing compensation programs that comply with NETSOL’s named executive officer’s compensation philosophy. As described in this Compensation Discussion and Analysis (“CD&A”), the Compensation Committee follows a disciplined process for setting executive compensation. This process involves analyzing factors such as company performance, individual performance, strategic goals and competitive market data to arrive at each element of compensation. The Compensation Committee approves compensation decisions for all executive officers. An independent compensation consultant helps the Compensation Committee by providing advice, information, and an objective opinion. This CD&A will focus on the compensation awarded to NETSOL’s “named executive officers”—the Chief Executive Officer, Chief Financial Officer, and General Counsel, Corporate Secretary. You can find more complete information about all elements of compensation for the named executive officers in the following discussion and in the Summary Compensation table that appears on page 35.

Fiscal 2021 Executive Compensation Highlights and Governance

This section identifies the most significant decisions and changes made regarding NETSOL’s executive compensation in fiscal year 2021.

Shareholder Approval of Compensation

At the last annual general meeting held on June 14, 2021, shareholders expressed support for our executive compensation programs, with 95.72% of votes cast at the meeting voting to ratify the compensation of our named executive officers. Although the advisory shareholder vote on executive compensation is non-binding, the Compensation Committee has considered, and will continue to consider, the outcome of the vote and the sentiments of our shareholders when making future compensation decisions for the named executive officers. Based on the results from our last annual general meeting, the Compensation Committee believes shareholders support the Company’s executive compensation philosophy and the compensation paid to the named executive officers.

Taking into account the marked increase in support of this plan at the June 14, 2021, Annual Shareholders Meeting, the Compensation Committee believes the compensation program meaningfully explains the Compensation Committee’s compensation decisions and its determination to tie long term incentives of the Chief Executive Officer to performance criteria. The Compensation Committee continues to reach out to its shareholders regarding their positions on the Company’s compensation program. In connection with the proxy solicitations, the executive compensation was discussed with certain of our top shareholders and their general acceptance of the compensation structure is reflected in the proxy vote results. Accordingly, the Compensation Committee will continue to provide the CEO with a bonus criterion that is based on total revenues and income from operations on a graduated basis. Bonuses would be paid 60% in cash and 40% in stock valued at the share price on June 30th of the fiscal year in which it was earned.

Based on the 2016 Annual Meeting of Shareholders vote on the Frequency of Say on Pay voting, we will continue to provide our stockholders with an annual opportunity to cast an advisory vote on the compensation programs for our named executive officers and as always, the stockholders are welcome to contact Investor Relations with any questions.

Governance and Evolving Compensation Practices

The Compensation Committee and the Board are aware of evolving practices in executive compensation and corporate governance. In response, we have adopted and/or maintained certain policies and practices that are in keeping with “best practices” in many areas. For example:

- The Compensation Committee engages an independent compensation consultant to evaluate our chief executive officer’s executive compensation practices in comparison to a peer group.
- We do not provide excessive executive perquisites to our named executive officers.
- Our incentive plans expressly prohibit repricing of options (directly or indirectly) without prior shareholder approval.

- Our policy on the prevention of insider trading prohibits various types of transactions involving Company stock or securities, including short sales, options trading, hedging, margin purchases and pledges.
- Our stock ownership guidelines require our executive officers to align their long-term interests with those of our stockholders.
- Our policy prohibits the named executive officers from selling any newly issued shares for a period of three months, in an open market transaction.
- Beginning with our fiscal year 2018 to current, we modified our compensation practices for our CEO to tie a significant portion to financial results both on a top line and bottom-line basis.

General Compensation Overview

For 2021, compensation designed for our executive officers consisted of:

- Base Salary
- Cash awards at the discretion of the Compensation Committee
- Long term equity in the form of time-based restricted stock; and
- Ability to participate generally in all group health and welfare benefit programs and tax-qualified retirement plans on the same basis as applicable to all of our employees.

In response to discussions we have had with certain shareholders and given the percentage voting in favor of our executive compensation, beginning with the 2019 fiscal year, Chief Executive Officer compensation shall consist of:

- Base Salary
- Short-term cash awards conditioned upon achieving objective performance targets
- Long-term equity in the form of time and objective performance targets; and
- Ability to participate generally in all group health and welfare benefit programs and tax-qualified retirement plans on the same basis as applicable to all of our employees.

The Compensation Committee administers the cash and non-cash compensation programs applicable to our executive officers. The Compensation Committee makes all decisions about executive officer compensation for the Chief Executive Officer and the remaining named executives after discussion with our Chief Executive Officer about his direct reports. The Compensation Committee has often refined the direct reports' compensation recommendations made by the Chief Executive Officer. Our Chief Executive Officer's compensation is determined solely by the Compensation Committee, which, consistent with NASDAQ requirements, is comprised exclusively of independent directors, and the Chief Executive Officer does not participate in Committee decisions surrounding his compensation.

Independent Compensation Consultant

The Compensation Committee retained Compensation Resources, Inc. as its independent compensation consultant. Compensation Resources provided chief executive officer and director compensation consulting services to the Compensation Committee, including a competitive market analysis of peers and the base salary, total cash compensation and total direct compensation. Interactions with Compensation Resources was limited to the Compensation Committee Chair and interaction with executives was generally limited to discussions as required to compile information at the Compensation Committee's direction. During fiscal year 2021, Compensation Resources did not provide services to the Company. Based on these factors and its own evaluation of Compensation Resources independence pursuant to the requirements approved and adopted by the SEC, the Compensation Committee has determined that the work performed by Compensation Resources does not raise any conflicts of interest.

Compensation Philosophy and Objectives

Our executive compensation philosophy calls for competitive total compensation that will reward executives for achieving individual and corporate performance objectives and will attract, motivate and retain leaders who will drive the creation of shareholder value. It incorporates elements that create shareholder value by driving financial performance, retaining a high-performing and talented executive team, and aligning the interests of the executive team with the interests of shareholders. The Compensation Committee reviews the compensation and benefit programs for executive officers, including the named executive officers, and performs an annual assessment of the Company's executive compensation policy. In determining total compensation, the Compensation Committee considers the objectives and attributes described below.

Executive Compensation Principles

Shareholder Alignment	<ul style="list-style-type: none"> • Our executive compensation programs are designed to create shareholder value. • Long-term incentive awards, delivered in the form of equity, make up a portion of our executives' total compensation and closely align the interests of executives with the long-term interests of our shareholders. Our policy prohibits the named executive officers from selling any newly issued shares for a period of three months, on an open market transaction.
Performance based	<ul style="list-style-type: none"> • Long-term incentive awards are designed to reward our executive officers for creating long-term shareholder value. Long-term incentive awards are granted primarily in the form of stock options and/or shares.
Appropriate Risk	<ul style="list-style-type: none"> • Our executive compensation programs are designed to encourage executive officers to take appropriate risks in managing their businesses to achieve optimal performance.

Compensation Analysis Peer Group

After consideration of business models, company revenue and market capitalization of other companies in the Company's technology industry segment, and with the input from Compensation Resources, Inc., the compensation consultant used by the Company at the time the study was last conducted, the Compensation Committee established the following list of peer companies to provide a comparative framework for use in setting executive compensation:

Amber Road, Inc.	B Square Corp.
Cass Information Systems	Data Watch Corp.
Digital Turbine, Inc.	Everbridge, Inc.
Mitek Systems, Inc.	SPS Commerce Inc.

Executive Officer Base Salaries and Compensation Comparisons

Compensation plans are developed by utilizing publicly available compensation data in the information technology and software services industries. We believe that the practices of these groups of companies provide us with appropriate compensation benchmarks, because these groups of companies are in similar businesses and tend to compete with us for executives and other employees. For benchmarking executive compensation, we typically review the compensation data we have collected from these groups of companies, as well as a subset of the data from those companies that have a similar number of employees as the Company. The Compensation Committee has determined to utilize the services of a consultant for purposes of comparing our compensation program with similarly situated companies in like industries. The recommendations of these consultants will be utilized by the Compensation Committee in determining the appropriate compensation packages in addition to taking into account the unique global scale of the Company's business. While these consultants may make general recommendations about the size and components of compensation, we anticipate our philosophy to continue on the basis of a pay-for-performance philosophy.

In establishing the compensation of our named Chief Executive Officer, we based the amounts primarily on the market data and advice provided by Compensation Resources, Inc. with respect to the compensation paid to individuals who perform substantially similar functions within the peer group companies. In connection with the other named executive officers, we also relied on the recommendations of the Chief Executive Officer's analysis relative to those individuals' performance and compensation. We also examined the outstanding stock options and equity grants held by the executive officers for the purpose of considering the retention value of any additional equity awards.

31

As a general guideline, for our named executive officers, we aim to set base salary, cash compensation and total compensation at approximately the mean market range. Our analysis determined that the base salary of our Chief Executive officer was slightly above the mean, cash compensation was generally within the mean, but the total direct compensation was below the mean. As such, it was determined to develop a long-term, performance-based element of the compensation that brought the total direct compensation within the mean.

2021 Executive Compensation Components

Base Salary

An executive's base salary is a fixed element of the executive's compensation intended to attract and retain executives. It is evaluated together with components of the executive's other compensation to ensure that the executive's total compensation is consistent with our overall compensation philosophy. Base salaries are adjusted annually by the Compensation Committee.

The base salaries were established in arms-length negotiations between the executive and the Company, considering their extensive experience, knowledge of the industry, track record, and achievements on behalf of the Company. The Company expects each named executive officer to contribute to the Company's overall success as a member of the executive team rather than focus solely on specific objectives within the officer's area of responsibility.

We provided a 3% increase in base salary for Ms. McGlasson in fiscal 2020. Due to the effects of COVID-19, the Company reduced her base salary by 13%. We provided a 4% increase in base salary for Mr. Almond in fiscal 2020. Due to the effects of COVID-19, the Company reduced his salary by 13%. In fiscal year 2020, Mr. Ghauri's base salary did not increase. Due to the effects of COVID-19, Mr. Ghauri's base salary was reduced by 4.7%. Mr. Ghauri's perquisites were reduced by 8% for a total compensation reduction of 5.4%. The Compensation Committee determined that salary alone was an adequate basis for short term compensation, and that equity incentives would be used for the long-term elements of incentive programs for Ms. McGlasson and Mr. Almond.

Annual Bonus

Our compensation program includes eligibility for bonuses as rewarded by the Compensation Committee. All executives are eligible for annual performance-based cash bonuses in accordance with Company policies. The Compensation Committee takes into consideration the executive's performance during the previous year to determine eligibility for discretionary bonuses. Further, the compensation committee will review, if applicable, the performance criteria set forth in an executive's previous year's agreement and will determine if the executive has met such criteria in order to achieve the bonus. The Company's bonus criteria at the executive management level, is typically based on a gross revenue and income from operations targets. Cash bonuses, if any for 2021 are reflected in the summary of compensation discussed below starting on page 35. For 2021, based on structured KPI's by the compensation committee, Mr. Ghauri earned a bonus of \$67,500. See bonus structure as discussed below on page 41. The Compensation Committee determined that Gross Revenue and Income from Operations structure used in fiscal 2021 continues to be a proper measure for measuring Mr. Ghauri's performance in that it encourages his participation in revenue generating activities and continues to incentivize him to monitor and maximize cost efficiency.

32

Long-Term Equity Incentive Compensation

We believe that long-term performance is achieved through an ownership culture that encourages long-term participation by our executives in equity-based awards. Because base salary and equity awards are such basic elements of compensation within our industry, as well as the high technology and software industries in general, and are generally expected by employees, we believe that these components must be included in our compensation mix in order for us to compete effectively for talented executives. We award time based vested stock from our Equity Incentive Plans for several reasons. First, such awards facilitate retention of our executives. Restricted stock generally vests only if the executive remains employed by the Company. Second, time-based stock awards align executive compensation with the interests of our shareholders and thereby focuses executives on increasing value for the shareholders. Time vested stock generally only provides a superior return if the stock price appreciates, and results in materially less dilution to the shareholders than options while frequently providing equivalent value to the employee at less cost to the Company than options. In determining the number of shares to be granted to executives, we take into account the individual's position, scope of responsibility, ability to affect profits and shareholder value, past and recent performance, and the estimated value of shares at the time of grant. Assuming individual performance at a level satisfactory to the Compensation Committee, the size of total equity compensation is generally targeted at the 50th percentile for the peer group. As indicated above, market data, including compensation percentiles, were among several factors the committee reviewed in determining compensation.

Equity incentives provided to executives are determined by the Fair Market Value of our common stock on the grant date. Each executive's stock award was based on an analysis of the Compensation Committee of an appropriate overall cash compensation for each individual taking into account their position and compensation at similarly situated companies. Each executive's stock award was based on a desired overall compensation cash value less the base salary as approved by the Compensation Committee.

In fiscal year 2020, Ms. McGlasson and Mr. Almond received a grant of 7,500 and 10,000 shares of common stock, respectively, vesting quarterly over a two-year period.

Mr. Najeeb Ghauri is eligible to receive grants of shares based on the performance criteria connected to gross revenues and net income from operations as discussed below. The total compensation including equity grants is designed to bring the Chief Executive Officer to the mean market average.

Mr. Najeeb Ghauri's bonus for fiscal year 2021 is based on the total revenues and income from operations on a graduated basis. The following table demonstrates the graduated percentage of bonus that Mr. Ghauri will be eligible to earn based on the percentage of the goal achieved. Bonuses will be paid 60% in cash and 40% in shares of common stock

valued on June 30, 2021. Total net revenues and income from operations are based on those values reported for the year ending June 30, 2021 excluding any adjustments relating to changes in revenue recognition policy.

Perquisites and Other Personal Benefits

We provide named executive officers with perquisites and other personal benefits that we believe are reasonable and consistent with our overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Compensation Committee periodically reviews the level of perquisites and other personal benefits provided to NETSOL's executive officers.

We maintain benefits and perquisites that are offered to all employees, including health and dental insurance. Benefits and perquisites may vary in different country locations and are consistent with local practices and regulations.

33

Termination Based Compensation

Upon termination of employment, all executive officers with a written employment agreement are entitled to receive severance payments under their employment agreements. In determining whether to approve, and as part of the process of setting the terms of, such severance arrangements, the Compensation Committee recognizes that executives and officers often face challenges securing new employment following termination. Further, the Committee recognizes that many of the named executives and officers have participated in the Company since its founding and that this participation has not resulted in a return on their investments. Termination and Change in Control Payments considered both the risk and the dedication of these executives' service to the Company.

Our Chief Executive Officer has an employment agreement that provides, if his employment is terminated without cause or if the executive terminates the agreement with Good Reason, he is entitled to (a) all remaining salary to the end of the date of termination, plus salary from the end of the employment term through the end of the fourth anniversary of the date of termination, and (b) the continuation by the Company of medical and dental insurance coverage for him and his family until the end of the employment term and through the end of the fourth anniversary of the date of termination. Provided, however, if such benefits cannot be continued for this extended period, the Executive shall receive cash (including a tax-equivalency payment for Federal, state and local income and payroll taxes assuming Executive is in the maximum tax bracket for all such purposes) where such benefits may not be continued. These agreements further provide for vesting of all options and restrictive stock grants, if any.

Our Chief Financial Officer has an employment agreement that provides, if his employment is terminated without cause or if the executive terminates the agreement with Good Reason, he is entitled to (a) all remaining salary to the end of the date of termination, plus salary from the end of the employment term through the end of the first anniversary of the date of termination, and (b) the continuation by the Company of medical and dental insurance coverage for him and his family until the end of the employment term and through the end of the first anniversary from the date of termination. Provided, however, if such benefits cannot be continued for this extended period, the Executive shall receive cash (including a tax-equivalency payment for Federal, state and local income and payroll taxes assuming Executive is in the maximum tax bracket for all such purposes) where such benefits may not be continued. These agreements further provide for vesting of all options and restrictive stock grants, if any.

The Secretary of the Company has an employment agreement that provides, if she is terminated without cause or if the executive terminates the agreement with Good Reason, she is entitled to (a) all remaining salary to the end of the date of termination, plus salary from the end of the employment term through the end of the second anniversary of the date of termination, and (b) the continuation by the Company of medical and dental insurance coverage for her and her family until the end of the employment term and through the end of the second anniversary of the date of termination. Provided, however, if such benefits cannot be continued for this extended period, the Executive shall receive cash (including a tax-equivalency payment for Federal, state, and local income and payroll taxes assuming Executive is in the maximum tax bracket for all such purposes) where such benefits may not be continued. These agreements further provide for vesting of all options and restrictive stock grants, if any.

These agreements were designed to assist in the retention of the services of our named executives and to determine in advance the rights and remedies of the parties in connection with any termination. The types and amounts of compensation and the triggering events set forth in these agreements were based on a review of the terms and conditions of normal and customary agreements in our competitive marketplace.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. The Compensation Committee is aware of the limitations imposed by Section 162(m) and considers the issue of deductibility when and if circumstances warrant. The committee reviews proposed compensation plans in light of applicable tax deductions, and generally seeks to maximize the deductibility for tax purposes of all elements of compensation. However, the committee may approve compensation that does not qualify for deductibility, including stock option and time-based restricted stock awards, if and when the committee deems it to be in the best interests of the Company and our shareholders.

Accounting for Stock-Based Compensation

Director Compensation Policy

Messrs. Najeeb and Naeem Ghauri and Ms. Farsai are not paid any fees or other compensation for services as members of our Board of Directors.

The Committee relied on a survey conducted by Compensation Resources, Inc. in setting the compensation for the non-employee members of our Board of Directors. As with named executives, the aim is to compensate the Board of Directors at the mean of peer companies. Any additional cash and/or equity compensation for the fiscal year beginning was designed to maintain this mean.

The non-employee members of our Board of Directors received as compensation for services as directors as well as reimbursement for documented reasonable expenses incurred in connection with attendance at meetings of our Board of Directors and the committees thereof. The Company paid the following total amounts to members of the Board of Directors for the activities shown during the fiscal year ended June 30, 2021.

Further, from time to time, the non-employee members of the Board of Directors are eligible to receive stock grants that may be granted if and only if approved by the shareholders of the Company.

On September 12, 2016, the Compensation Committee granted independent board members 19,834 shares of common stock vesting at 50% immediately and rest at the completion of each year served commencing with the period ended September 30, 2017 and ending September 30, 2021.
