NOTE 1 - BASIS OF PRESENTATION AND PRINCIPLES OF CONSOLIDATION

The Company designs, develops, markets, and exports proprietary software products to customers in the automobile finance and leasing, banking, healthcare, and financial services industries worldwide. The Company also provides system integration, consulting, IT products and services in exchange for fees from customers.

The consolidated condensed interim financial statements included herein have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these consolidated condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's annual report on Form 10-K for the year ended June 30, 2010. The Company follows the same accounting policies in preparation of interim reports. Results of operations for the interim periods are not indicative of annual results.

The accompanying consolidated financial statements include the accounts of NetSol Technologies, Inc. and subsidiaries (collectively, the "Company") as follows:

Wholly-owned Subsidiaries

NetSol Technologies North America, Inc. ("NTNA")

NetSol Technologies Limited ("NetSol UK")

NetSol Connect (Private), Ltd. ("Connect)

NetSol-Abraxas Australia Pty Ltd. ("Abraxas")

NetSol Technologies Europe Limited ("NTE")

NTPK (Thailand) Co. Limited ("NTPK Thailand")

Majority-owned Subsidiaries

NetSol Technologies, Ltd. ("NetSol PK")

NetSol Innovation (Private) Limited ("NetSol Innovation")

For comparative purposes, prior year's consolidated financial statements have been reclassified to conform to report classifications of the current year.

NOTE 2 - USE OF ESTIMATES:

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - NEW ACCOUNTING PRONOUNCEMENTS:

In October 2009, the FASB amended guidance related to revenue recognition that will be effective for the Company beginning July 1, 2010. Under the new guidance on arrangements that include software elements, tangible products that have software components that are essential to the functionality of the tangible product will no longer be within the scope of the software revenue recognition guidance, and software-enabled products will now be subject to other relevant revenue recognition guidance. Additionally, the FASB amended guidance on revenue arrangements with multiple deliverables that are outside the scope of the software revenue recognition guidance. Under the new guidance, when vendor specific objective evidence or third party evidence for deliverables in an arrangement cannot be determined, a best estimate of the selling price is required to separate deliverables and allocate arrangement consideration using the relative selling price method. The new guidance includes new disclosure requirements on how the application of the relative selling price method affects the timing and amount of revenue recognition. Adoption of the new guidance did not have a material impact on our financial statements.

In December 2009, the FASB amended guidance related to fair value measurements and Disclosures, which was effective beginning the 2nd quarter of the Company's 2010 fiscal year, December 31, 2009. These amendments prescribe new disclosures and clarify certain existing disclosure requirements related to fair value measurements. The objective of the amendments was to improve these disclosures and, thus, increase the transparency in financial reporting. The adoption of these amendments did not have a material impact on the Company's consolidated financial statements.

In February 2010, the FASB amended guidance related to disclosure of subsequent events, which was effective upon issuance. These amendments prescribe that entities that are SEC filers are required to evaluate subsequent events through the date that the financial statements are issued. The adoption of these amendments did not have a material impact on the Company's consolidated financial statements.

NOTE 4 - EARNINGS/(LOSS) PER SHARE:

Basic earnings per share is computed based on the weighted average number of shares of common stock outstanding during the period. Diluted earnings per share is computed based on the weighted average number of shares of common stock plus the effect of dilutive potential common shares outstanding during the period using the treasury stock method. Dilutive potential common shares include outstanding stock options, warrants, and stock awards.

The components of basic and diluted earnings per share for the three months ended September 30, 2010 and 2009 were as follows:

For the period ended September 30, 2010	Net Income	Shares	Per Share		
Basic income per share:	\$ 1,566,981	39,544,096	\$ 0.0)4	
Dividend to preferred shareholders	-				
Net income available to common shareholders					
Effect of dilutive securities*					
Stock options		1,159,964			
Warrants		2,547,459			
Convertible Note -1					
Diluted income per share	\$ 1,566,981	43,251,519	\$ 0.0	<u>)4</u>	
For the period ended September 30, 2009	Net Loss	Shares	Per Shar	e	
For the period ended September 30, 2009 Basic (loss) per share:		Shares 31,636,379		_	
				_	
Basic (loss) per share:			\$ (0.0	_	
Basic (loss) per share: Dividend to preferred shareholders			\$ (0.0	_	
Basic (loss) per share: Dividend to preferred shareholders Net income available to common shareholders			\$ (0.0	_	
Basic (loss) per share: Dividend to preferred shareholders Net income available to common shareholders Effect of dilutive securities*			\$ (0.0	_	
Basic (loss) per share: Dividend to preferred shareholders Net income available to common shareholders Effect of dilutive securities* Stock options			\$ (0.0	_	

- 1 During the period ended September 30, 2010, convertible notes payable were not included in the comuptation of diluted earnings per share because the effect of conversion would be anti-dilutive.
- * As there is a loss, these securities are anti-dilutive. The basic and diluted loss per share is the same for the three months ended September 30, 2009

NOTE 5 - OTHER COMPREHENSIVE INCOME & FOREIGN CURRENCY:

The accounts of NetSol UK and NTE use the British Pound; NetSol PK, Connect, and NetSol Innovation use Pakistan Rupees; and Abraxas uses the Australian dollar as the functional currencies. NetSol Technologies, Inc., and subsidiary, NTNA, use the U.S. dollar as the functional currency. Assets and liabilities are translated at the exchange rate on the balance sheet date, and operating results are translated at the average exchange rate throughout the period. Accumulated translation losses are classified as an item of accumulated other comprehensive loss in the stockholders' equity section of the consolidated balance sheet were \$8,665,100 and \$8,396,086 as of September 30, 2010 and June 30, 2010 respectively. During the three months ended September 30, 2010 and 2009, comprehensive loss in the consolidated statements of operations included translation loss of \$269,014 and \$315,864 respectively.

NOTE 6 - OTHER CURRENT ASSETS

Other current assets consist of the following at September 30, 2010 and June 30, 2010:

	 As of September 30, 2010	As of June 30, 2010		
Prepaid Expenses	\$ 200,912	\$	237,702	
Advance Income Tax	434,584		422,028	
Employee Advances	57,775		57,113	
Security Deposits	139,498		131,229	
Tender Money Receivable	127,474		252,826	
Other Receivables	508,237		535,981	
Other Assets	 706,392		184,782	
Total	\$ 2,174,872	\$	1,821,661	

NOTE 7 - PROPERTY AND EQUIPMENT

Property and equipment, net, consist of the following at September 30, 2010 and June 30, 2010:

	As of September 30, 2010			As of June 30, 2010
Office furniture and equipment	\$	1,053,073	\$	1,041,326
Computer equipment		8,079,559		8,038,033
Assets under capital leases		1,832,075		1,838,217
Building		2,289,040		2,314,080
Land		556,027		562,109
Capital work in progress		2,391,584		1,925,207
Autos		743,882		744,586
Improvements		161,906		163,365
Subtotal		17,107,143		16,626,923
Accumulated depreciation		(7,525,087)		(7,154,005)
	\$	9,582,056	\$	9,472,917

For the three months ended September 30, 2010 and 2009, depreciation expense totaled \$369,565 and \$372,872 respectively. Of these amounts, \$256,484 and \$214,760 respectively, are reflected as part of cost of goods sold.

 $Page \mid 8$

NOTE 8 - INTANGIBLE ASSETS:

Intangible assets consist of the following at September 30, and June 30, 2010:

Quarter ended September 30, 2010	\$	402,353	\$	125,465	\$	527,818
Quarter ended September 30, 2009	\$	446,685	\$	191,309	\$	637,994

(A) Product Licenses

Product licenses include original license issue, renewals, enhancements, copyrights, trademarks, and trade names. Product licenses included unamortized software development and enhancement costs of \$15,365,962.

(B) Customer Lists

On October 31, 2008, the Company entered into an agreement to purchase the rights to the customer list of Ciena Solutions, LLC, a California limited liability company ("Ciena"). Under the terms of the agreement, the total consideration for these rights included an initial payment of \$350,000 (plus interest of \$2,963), and deferred consideration to be paid in cash and the Company's common stock based on the operational results of Ciena, and certain other factors, over a four-year fiscal period. Each fiscal period is measured from July 1 to June 30 with fiscal period one being the period from July 1, 2008 to June 30, 2009. No other assets or liabilities were acquired by the Company as a result of this transaction.

As a result of operational losses of Ciena in the first two fiscal periods, 2009 and 2010, respectively, the first two annual deferred consideration installment payments were determined to be zero.

(C) Amortization

Software development amortization expense was \$374,457 and \$283,744 for the periods ended September 30, 2010 and September 30, 2009, respectively, and is recorded in cost of revenues.

Amortization expense of intangible assets over the next five years is as follows:

FISCAL YEAR ENDING

Asset	9/30/11	 9/30/12	 9/30/13	9/30/14	 9/30/15	Thereafter	TOTAL
Product Licences	\$ 1,457,499	\$ 780,878	\$ 780,878	\$ 780,878	\$ 780,878	\$ 15,489,637	\$ 20,070,648
Customer Lists	394,043	76,476	70,592	-	-	-	541,111
	\$ 1,851,542	\$ 857,354	\$ 851,470	\$ 780,878	\$ 780,878	\$ 15,489,637	\$ 20,611,759

NOTE 9 - GOODWILL

Goodwill represents the excess of the aggregate purchase price over the fair value of the net assets acquired in prior period businesses combinations. Goodwill is comprised of the following amounts as of September 30, 2010 and June 30, 2010:

	As	of September 30, 2010	As of June 30, 2010			
NetSol PK	\$	1,303,372	\$	1,303,372		
CQ Systems		3,471,813		3,471,813		
McCue Systems		4,664,100		4,664,100		
Total	\$	9,439,285	\$	9,439,285		

There was no impairment of the goodwill for the periods ended September 30, 2010 and June 30, 2010.

NOTE 10 - INVESTMENT UNDER EQUITY METHOD

On April 10, 2009, the Company entered into an agreement to form a joint venture with the Atheeb Trading Company, a member of the Atheeb Group ("Atheeb"). The joint venture entity Atheeb NetSol Saudi Company Ltd. is a company organized under the laws of the Kingdom of Saudi Arabia. The venture was formed with an initial capital contribution of \$268,000 by the Company and \$266,930 by Atheeb with a profit sharing ratio of 50.1:49.9, respectively. The final formation of the company was completed on March 7, 2010. The joint venture was accounted for as an equity method investment as the Company has not established control over the affairs of Atheeb NetSol Saudi Company Ltd. due to its minority representation on the board of directors.

The Company's investment in equity for the period ended September 30, 2010 is as follows:

Initial investment in Atheeb NetSol at cost	\$ 268,000
Net loss for the period	(134,719)
NetSol's share (50.1%)	(67,494)
Net book vale @ 6-30-10	\$ 200,506
Net loss for the quarter	(140,594)
NetSol's share (50.1%)	(70,438)
Net book vale @ 9-30-10	\$ 130,068

NOTE 11 - ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Accounts payable and accrued expenses consist of the following at September 30, 2010 and June 30, 2010:

	As of	September 30, 2010	A:	s of June 30, 2010
Accounts Payable	\$	1,305,406	\$	1,321,212
Accrued Liabilities		3,119,128		2,369,153
Accrued Payroll		89,296		158,392
Accrued Payroll Taxes		378,171		299,908
Interest Payable		534,803		602,614
Deferred Revenues		5,721		6,472
Taxes Payable		135,427		133,169
Total	\$	5,567,954	\$	4,890,921

NOTE 12 - DEBTS

(A) LOANS AND LEASES PAYABLE

Notes payable consist of the following at September 30, 2010 and June 30, 2010:

Name	Se	As of eptember 30, 2010	 Current Maturities	_	Long-Term Maturities
Habib Bank Line of Credit	\$	4,407,923	\$ 4,407,923	\$	-

		867,583	 		867,583
	\$	9,085,311	\$ 7,285,773	\$	1,799,538

The Company finances Directors' and Officers' ("D&O") liability insurance as well as Errors and Omissions ("E&O") liability insurance, for which the total balances are renewed on an annual basis and as such are recorded in current maturities. The interest rate on the insurance financing was 0.49% as of September 30, 2010 and June 30, 2010. Interest paid during the quarter-ended September 30, 2010 and 2009 was nominal.

In April 2008, the Company entered into an agreement with Habib American Bank to secure a line of credit to be collateralized by Certificates of Deposit held at the bank. The interest rate on this line of credit is variable and was 3.23% as of September 30, 2010 and June 30, 2010, respectively. Interest paid during the quarter ended September 30, 2010 and 2009 was \$40,123 and \$45,774, respectively.

During the year ended June 30, 2008, the Company's subsidiary, NTE entered into an overdraft facility with HSBC Bank plc whereby the bank would cover any overdrafts up to £200,000. The annual interest rate is 3.25% over the bank's sterling base rate, which was 5.00% as of September 30, 2010 and June 30, 2010, respectively.

In August 2007, the Company's subsidiary, NetSol UK, entered into an agreement with HSBC Bank whereby the line of credit outstanding of $\pounds500,000$ or approximately \$790,450 was converted into a loan payable with a maturity of three years. The interest rate is 7.5% with monthly payments of £14,436 or approximately \$22,822. The Parent has guaranteed payment of the loan in the event the subsidiary should default. Interest paid during the quarter ended September 30, 2010 and 2009 was \$214 and \$5,979, respectively. As of September 30, 2010, this loan was paid off in full.

The Company's subsidiary, NetSol PK, entered into a term finance facility from Askari Bank to finance the construction of a new building. The total amount of the facility is Rs. 200,000,000 or approximately \$2,302,291 (secured by the first of Rs. 580 million over the land, building and equipment of the company). The interest rate is 2.75% above the six-month Karachi Inter Bank Offering Rate. As on June 30, 2010, the subsidiary had used Rs. 100,000,000 or approximately \$1,163,738 of which \$727,336 was shown as long term liabilities and the remainder of \$436,402 as current maturity. As of the quarter ended September 30, 2010, the Company has used Rs. 100,000,000 or approximately \$1,151,145 of which \$719,465 is shown as long term liabilities and the remainder of \$431,680 as current maturity.

The Company leases various fixed assets under capital lease arrangements expiring in various years through 2014. The assets and liabilities under capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The assets are depreciated over the lesser of their related lease terms or their estimated useful lives and are secured by the assets themselves. Depreciation of assets under capital leases is included in depreciation expense for the quarters ended September 30, 2010 and 2009.

Following is the aggregate minimum future lease payments under capital leases as of September 30, 2010 and June 30, 2010:

	Aso	of September 30, 2010	As of June 30, 2010
Minimum Lease Payments			
Due FYE 9/30/11	\$	964,714	\$ 941,406
Due FYE 9/30/12		159,763	189,155
Due FYE 9/30/13		14,636	 27,481
Total Minimum Lease Payments		1,139,112	1,158,042
Interest Expense relating to future			
periods		(42,438)	 (46,771)
Present Value of minimum lease			
payments		1,096,675	1,111,271
Less: Current portion		(929,362)	 (906,651)
Non-Current portion	\$	167,312	\$ 204,620

Following is a summary of fixed assets held under capital leases as of June 30, 2010 and 2009:

	As o	of September 30, 2010	As of June 30, 2010
Computer Equipment and Software	\$	470,842	\$ 473,033
Furniture and Fixtures		829,503	830,942
Vehicles		229,515	232,026
Building Equipment		302,216	302,216
Total		1,832,075	1,838,217
Less: Accumulated Depreciation		(702,837)	 (621,567)
Net	\$	1,129,238	\$ 1,216,650

In 2008, the Company's subsidiary, NTNA, had acquired an office space in Emeryville on a long term lease. However, due to the unprecedented recession experienced in 2009, the company decided to vacate the office space and terminate the lease in October 2009. The Company recorded a lease abandonment charge of \$1,076,347 in the quarter-ended December 31, 2009. However, the office space was leased by another company during the quarter-ended March 31, 2010 and the lease abandonment charge was reduced by \$208,765 to \$867,583 as of September 30, 2010 and June 30, 2010. The liability as of September 30, 2010 and June 30, 2010 was determined using fair value level 2 methodology and assumptions.

(B) LOANS PAYABLE- BANK

The Company's subsidiary, NetSol TPK, has a loan with a bank, secured by the Company's assets. This loan consists of the following as of September 30, 2010 & June 30, 2010:

For the period ended	September 30, 2010:
TYPEOF	MATTIDITY

TYPE OF	MATURITY	INTEREST	BALANCE
LOAN	DATE	RATE	USD
Export Refinance	Every 6 months	9.00%	6 \$ 2,302,291
•	•		
Total			\$ 2,302,291
For the year ended June	e 30, 2010:		
TYPE OF	MATURITY	INTEREST	BALANCE
LOAN	DATE	RATE	USD
Export Refinance	Every 6 months	9.009	% \$ 2,327,476
•	-		
Total			\$ 2,327,476

(C) OTHER PAYABLE - ACQUISITION

On June 30, 2006, the Company acquired McCue Systems, Inc. ("McCue"), a California corporation (subsequently renamed as NetSol Technologies North America, Inc.) The total purchase price was \$7,080,385, including \$3,784,635 of cash and 1,712,332 shares of the Company's common stock. Of the total purchase price, the accompanying consolidated financial statements include certain amounts payable to McCue shareholders that have not been located as of the date of this report.

As of the period-ended September 30, 2010 and June 30, 2010, the remaining cash due of \$103,226 is shown as "Other Payable – Acquisition" and the remaining stock to be issued of 46,704 shares at an average price of \$1.89 is shown in "Shares to be issued" in the accompanying consolidated financial statements. Amounts payable represent the remaining McCue shareholders that have not been located as of the date of this report.

(D) DUE TO OFFICERS

The officers of the Company, from time to time, loan funds to the Company. The balance due to officers as of September 30, 2010 and June 30, 2010 was Nil and \$10,911 respectively.

NOTE 13 - CONVERTIBLE NOTES PAYABLE

The net outstanding balance of convertible notes as of June 30, 2010 and 2009 is as follows:

Issue Date	Balance net of BCF @ September 30, 2010	Current Portion	Long Term	Maturity Date
Jul-08	3,860,018	3,860,018	-	Jul-11
Mar-10	1,500,000	1,500,000	-	Mar-11
Total	5,360,018	5,360,018	-	
Issue Date	Balance net of BCF @ June 30, 2010	Current Portion	Long Term	Maturity Date
Issue Date Jul-08		Current	Long Term 4,066,108	,
	June 30, 2010	Current		Date
Jul-08	June 30, 2010 4,066,108	Portion		Date Jul-11
Jul-08 Aug-09	June 30, 2010 4,066,108 1,517,096	Portion 1,517,096		Date Jul-11 Aug-10

For the periods ended September 30, 2010 and September 30, 2009, the interest expense on convertible notes was \$192,370 and \$158,064, respectively.

(A) 2008 CONVERTIBLE DEBT

In July 2008, the Company issued \$6,000,000 of 7% convertible debt maturing in 3 years (the "2008 Notes"), with a conversion price of \$3.00 per share.

In January 2009, the 2008 Notes were amended to remove certain anti-dilution protection provisions and participation rights in future filings in exchange for a reduction in the conversion rate to \$0.78, and \$1,000,000 in cash, payable to the debt holders in 4 quarterly installments. Pursuant to the terms of the amendment, the Company recorded a beneficial conversion feature ("BCF") in the amount of \$230,769 which is being amortized as a component of interest expense over the maturity period. The related liability of \$1,000,000 was recorded as a component of interest expense for the year-ended June 30, 2009.

In August 2009, the Company amended the 2008 Notes by reducing the conversion rate to \$0.63, and recorded an additional BCF of \$715,518, which is being amortized as a component of interest expense over the maturity period.

During the year-ended June 30, 2010, Holders of the 2008 Notes elected to convert principal and interest due thereon into a total of 2,513,112 shares of common stock. These conversions reduced the total principal of the 2008 Notes to \$4,450,000.

During the quarter ended September 30, 2010, Holders of the 2008 Note further elected to convert the principal and interest due thereon into a total of 310,435 shares of common stock. These conversions reduced the principal of the 2008 Note to \$4,149,402.

(B) 2009 CONVERTIBLE DEBT

In August 2009, the Company issued \$2,000,000 of 9% convertible debt maturing in 1 year (the "2009 Notes") with a conversion price of \$0.63 per share, in exchange for the redemption of preferred shares outstanding. The associated BCF of \$1,428,571 is being amortized as a component of interest expense through maturity.

During the year-ended June 30, 2010, Holders of the 2009 Notes elected to convert principal and interest due thereon into a total of 645,556 shares of common stock. This conversion reduced the total principal of the 2009 Notes to \$1,600,000.

During the quarter ended September 30, 2010, Holders of the 2009 Note further elected to convert the remaining principal and interest due thereon into a total of 2,613,333 shares of common stock. These conversions reduced the principal of the 2009 Note to nil.

(C) 2010 CONVERTIBLE DEBT

In March 2010, the Company issued \$1,500,000 of 8% convertible debt maturing in 1 year (the "2010 Notes"), with a conversion price of \$1.15 per share. The maturity date of these notes may be extended an additional year upon agreement of both parties. In August, 2010, the note conversion prices were adjusted to \$.0.85 per share.

NOTE 14 - STOCKHOLDERS' EQUITY:

(A) TREASURY STOCK

On March 24, 2008, the Company announced that it had authorized a stock repurchase program permitting the Company to repurchase up to 1,000,000 of its shares of common stock over the next 6 months. The shares are to be repurchased from time to time in open market transactions or privately negotiated transactions in the Company's discretion. During the year ended June 30, 2008, the Company had repurchased a total of 13,600 shares on the open market valued at \$25,486. The balance as of June 30, 2008 was \$35,681. In September 2008, the stock repurchase plan was extended an additional 6 months. During the year ended June 30, 2009, the Company purchased an additional 208,900 shares on the open market valued at \$360,328. The balance as of September 30, 2010 and June 30, 2010 was \$396,008. The stock repurchase plan expired on March 24, 2009.

On July 27, 2010, the Company announced that it had authorized a stock repurchase program permitting the Company to repurchase up to 2,000,000 of its shares of common stock over the following 6 months. The shares are to be repurchased from time to time in open market transactions or privately negotiated transactions in the Company's discretion. The Company did not repurchase any shares of common stock during the quarter ended September 30, 2010. The stock repurchase plan will expire on January 27, 2011.

(B) SHARES ISSUED FOR SERVICES TO RELATED PARTIES

During the three months period ended September 30, 2010, and year ended June 30, 2010, the Company issued a total of 210,000 and 187,500 shares of restricted common stock for services rendered by the officers of the company. The issuances were approved by both the compensation committee and the board of directors. These shares were valued at the fair market value of \$151,200 and 163,125, as of September 30, 2010 and June 30, 2010, respectively.

During the three months period ended September 30, 2010, and year ended June 30, 2010, the Company issued a total of 30,000 and 90,000 shares of restricted common stock for services rendered by the independent members of the Board of Directors as part of their board compensation. The issuances were approved by both the compensation committee and the board of directors. These shares were valued at the fair market value of \$25,200 and \$78,900, as of September 30, 2010 and June 30, 2010, respectively.

During the three months period ended September 30, 2010 and year ended June 30, 2010, the Company issued a total of 15,432 and 139,881 shares of its common stock to employees as required according to the terms of their employment agreements valued at \$12,500 and \$130,500, respectively.

(C) SHARE-BASED PAYMENT TRANSACTIONS

During the period ended September 30, 2010, and year ended June 30, 2010, the Company issued a total of 25,000 and 501,931 shares of its common stock for provision of services to unrelated consultants valued at \$20,750 and \$275,019, respectively.

NOTE 15 - INCENTIVE AND NON-STATUTORY STOCK OPTION PLAN

Common stock purchase options and warrants consisted of the following as of September 30, 2010:

		Exercise		aggregated
2000	# shares	Price	Int	rinsic Value

	\$3.00 - \$5.00	12,500	1.01	3.70
Totals		4,163,319	4.14	0.58

All options and warrants granted are vested and are exercisable as of September 30, 2010, except 375,000 options which will vest in next two quarters.

(A) INCENTIVE AND NON-STATUTORY STOCK OPTION PLAN

The Company maintains several Incentive and Non-Statutory Stock Option Plans ("Plans") for its employees and consultants. Options granted under these Plans to an employee of the Company become exercisable over a period of no longer than ten (10) years and no less than twenty percent (20%) of the shares are exercisable annually. Options are not exercisable, in whole or in part, prior to one (1) year from the date of grant unless the Board specifically determines otherwise, as provided.

Two types of options may be granted under these Plans: (1) Incentive Stock Options (also known as Qualified Stock Options) which may only be issued to employees of the Company and whereby the exercise price of the option is not less than the fair market value of the common stock on the date it was reserved for issuance under the Plan; and (2) Non-statutory Stock Options which may be issued to either employees or consultants of the Company and whereby the exercise price of the option is less than the fair market value of the common stock on the date it was reserved for issuance under the plan. Grants of options may be made to employees and consultants without regard to any performance measures. All options issued pursuant to the Plan are nontransferable and subject to forfeiture.

OPTIONS

During the quarter ended December 31, 2009, the Company granted 250,000 options to two employees with an exercise price of \$0.75 per share and an expiration date of 1 year, vesting immediately. Using the Black-Scholes method to value the options, the Company recorded \$71,238 in compensation expense for these options in the accompanying consolidated financial statements. The Black-Scholes option pricing model used the following assumptions:

Risk-free interest rate	1.56%
Expected life	1 year
Expected volatility	56%

During the quarter ended June 30, 2010, the Company granted 50,000 options to two employees with an exercise price of \$0.75 per share and an expiration date of 1 month, vesting immediately. Using the Black-Scholes method to value the options, the Company recorded \$3,652 in compensation expense for these options in the accompanying consolidated financial statements. The Black-Scholes option pricing model used the following assumptions:

Risk-free interest rate	1.08%
Expected life	1 month
Expected volatility	39%

During the quarter ended September 30, 2010, the Company granted 750,000 options to five employees with an exercise price of \$0.65 per share and an expiration date of 1 Year, vesting quarterly. Using the Black-Scholes method to value the options, the Company recorded \$23,566 per quarter in compensation expense for these options in the accompanying consolidated financial statements. The Black-Scholes option pricing model used the following assumptions:

Risk-free interest rate	2.01%
Expected life	1 year
Expected volatility	29%

During the quarter ended September 30, 2010, the Company granted 10,000 options to one employee with an exercise price of \$0.65 per share and an expiration date of 1 Year, vesting immediately. Using the Black-Scholes method to value the options, the Company recorded \$1,257 in compensation expense for these options in the accompanying consolidated financial statements. The Black-Scholes option pricing model used the following assumptions:

Risk-free interest rate	2.01%
Expected life	1 year
Expected volatility	29%

During the quarter ended September 30, 2010, the Company granted 242,000 options to seven employee with an exercise price of \$0.65 per share and an expiration date of 4 months, vesting immediately. Using the Black-Scholes method to value the options, the Company recorded \$22,092 in compensation expense for these options in the accompanying consolidated financial statements. The Black-Scholes option pricing model used the following assumptions:

Risk-free interest rate	1.81%
Expected life	4 months
Expected volatility	29%

WARRANTS

During the year ended June 30, 2010, the Company amended the terms of warrant agreements associated with common stock issued in October, 2007. Pursuant to the terms of the amendment, the exercise price was reduced to \$0.31 from \$0.63, resulting in a corresponding increase in the number of shares of common stock underlying the warrants by 3,274,682. The above holders opted cashless exercise of 600,000 warrants and as a consequence 466,571 shares were issued.

(B) EQUITY INCENTIVE PLAN

In May 2008, the shareholders approved the 2008 Equity Incentive Plan (the "2008 Plan") which provides for the grant of equity-based awards, including options, stock appreciation rights, restricted stock awards or performance share awards or any other right or interest relating to shares or cash, to eligible participants. The aggregate number of shares reserved and available for award under the 2008 Plan is 1,000,000 (the Share Reserve). The 2008 Plan contemplates the issuance of common stock upon exercise of options or other awards granted to eligible persons under the 2008 Plan. Shares issued under the 2008 Plan may be both authorized and unissued shares or previously issued shares acquired by the Company. Upon termination or expiration of an unexercised option, stock appreciation right or other stock-based award under the 2008 Plan, in whole or in part, the number of shares of common stock subject to such award again become available for grant under the 2008 Plan. Any shares of restricted stock forfeited as described below will become available for grant. The maximum number of shares that may be granted to any one participant in any calendar year may not exceed 500,000 shares. All options issued pursuant to the Plan are nontransferable and subject to forfeiture.

STOCK OPTIONS

Options granted under the 2008 Plan are not generally transferable and must be exercised within 10 years, subject to earlier termination upon termination of the option holder's employment, but in no event later than the expiration of the option's term. The exercise price of each option may not be less than the fair market value of a share of the Company's common stock on the date of grant (except in connection with the assumption or substitution for another option in a manner qualifying under Section 424(a) of the Internal Revenue Code of 1986, as amended (the Code). Incentive stock options granted to any participant who owns 10% or more of the Company's outstanding common stock (a Ten Percent Shareholder) must have an exercise price equal to or exceeding 110% of the fair market value of a share of our common stock on the date of the grant and must not be exercisable for longer than five years. Options become vested and exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the Committee. The maximum term of any option granted under the 2008 Plan is ten years, provided that an incentive stock option granted to a Ten Percent Shareholder must have a term not exceeding five years.

PERFORMANCE AWARDS

Under the 2008 Plan, a participant may also be awarded a "performance award," which means that the participant may receive cash, stock or other awards contingent upon achieving performance goals established by the Committee. The Committee may also make "deferred share" awards, which entitle the participant to receive our stock in the future for services performed between the date of the award and the date the participant may receive the stock. The vesting of deferred share awards may be based on performance criteria and/or continued service with our Company. A participant who is granted a "stock appreciation right" under the Plan has the right to receive all or a percentage of the fair market value of a share of stock on the date of exercise of the stock appreciation right minus the grant price of the stock appreciation right determined by the Committee (but in no event less than the fair market value of the stock on the date of grant). Finally, the Committee may make "restricted stock" awards under the 2008 Plan, which are subject to such terms and conditions as the Committee determines and as are set forth in the award agreement related to the restricted stock. As of September 30, 2010, 789,500 shares have been issued under this plan.

NOTE 16 - SEGMENT AND GEOGRAPHIC AREAS

The Company has identified three global regions or segments for its products and services; North America, Europe, and Asia-Pacific. Our reportable segments are business units located in different global regions. Each business unit provides similar products and services; license fees for leasing and asset-based software, related maintenance fees, and implementation and IT consulting services. Separate management of each segment is required because each business unit is subject to different operational issues and strategies due to their particular regional location. We account for intracompany sales and expenses as if the sales or expenses were to third parties and eliminate them in the consolidation. The following table presents a summary of operating information and certain balance sheet information for the three months ended September 30:

		2010	2009
Revenues from unaffiliated customers:			
North America	\$	1,242,982	\$ 1,723,954
Europe		2,089,979	929,794

	_	·	

Net revenues by our various products and services provided for the period ended September 30, are as follows:

	2010	2009
Licensing Fees	\$ 3,477,793	\$ 2,551,593
Maintenance Fees	1,669,919	1,807,716
Services	3,255,360	 3,262,764
Total	\$ 8,403,071	\$ 7,622,073

NOTE 17 - NON-CONTROLLING INTEREST IN SUBSIDIARY

The Company had non-controlling interests in several of its subsidiaries. The balance of non-controlling interest as of September 30, 2010 and June 30, 2010 was as follows:

SUBSIDIARY	Non- Controlling Interest %	Non-Controlling Interest September 30, 2010
NetSol PK	42.04% \$	9,321,718
NetSol-Innovation	49.90%	1,397,090
Total	\$	10,718,808
		Non-Controlling
	Non-	Interest
	Controlling	June 30,
SUBSIDIARY	Interest %	2010
NetSol PK	42.04% \$	9,133,392
NetSol-Innovation	49.90%	1,291,057
Connect	49.90%	(1,891)

(A) NETSOL TECHNOLOGIES, LIMITED ("NETSOL PK")

For the fiscal quarters ended September 30, 2010 and 2009, NetSol Technologies Ltd. ("NetSol PK") had net income of \$2,031,123 and \$2,411,344. The related non-controlling interest was \$853,884 and \$1,013,729, respectively.

In April, 2009, NetSol PK issued 6,223,209 shares of common stock to the company in fulfillment of an outstanding loan balance of \$1,879,672 provided by the Company.

During the fiscal year-ended June 2009, the Company disposed of 3,132,255 shares of NetSol PK in the open market with a value of \$558,536. A net gain of \$351,522 is recorded as "Other Income" in the accompanying consolidated financial statements. As a result of the sale, the corresponding non-controlling interest increased from 41.32% to 42.04%.

During the quarter ended September 30, 2010, NetSol PK declared a cash dividend of \$1,125,733, of which the Company's interest was \$652,475. The dividend will be paid during the quarter-ended December 31, 2010. The amount attributable to the minority holders was \$473,258 and is reflected in the accompanying consolidated financial statements.

(B) NETSOL INNOVATION (PRIVATE) LIMITED ("NETSOL INNOVATION")

For the fiscal quarters ended September 30, 2010 and 2009, NetSol Innovation (Private) Limited ("NetSol Innovation") had net income of \$241,731 and \$209,405. The related non-controlling interest was \$120,624 and \$104,493, respectively.

(C) NETSOL CONNECT ("CONNECT")

The company has acquired the non-controlling interest in NetSol Connect against a payment of \$180,000 in the start of this fiscal quarter. The balance of non-controlling interest as on June 30, 2010 (the acquisition date) was \$1,891 (loss). Per Para 33 of SFAS 160 company adjusted the additional paid in capital by \$181,891.

NOTE 18 - SUBSEQUENT EVENTS

There were 210,000 shares of common stock granted to executive employees as part of the employment agreements which were earned upon the conclusion of the quarter ended September 30, 2010.

A consultant was issued 233,000 shares as part of the consultant's agreement with the Company. The issuance of shares was reliant upon the acquisition of a common stock share price of no less than \$1.75.

Holders of warrants with an exercise price of \$.31 per share exercised warrants for a total of 1,406,331 shares of common stock.

Accredited investors who participated in an offering of shares of common stock which commenced in August 2010 were issued 1,970,384 shares of common stock as part of the final issuances due in this raise. The per share price of this offering was \$.65 based on the offering commencement date of August 9, 2010.

An employee was issued 10,000 shares of common stock as compensation due under terms of his employment with the Company.

Item 2. Management's Discussion and Analysis Or Plan Of Operation

The following discussion is intended to assist in an understanding of the Company's financial position and results of operations for the quarter ending September 30, 2010.

Forward-Looking Information

This report contains certain forward-looking statements and information relating to the Company that is based on the beliefs of its management as well as assumptions made by and information currently available to its management. When used in this report, the words "anticipate", "believe", "estimate", "expect", "intend", "plan", and similar expressions as they relate to the Company or its management, are intended to identify forward-looking statements. These statements reflect management's current view of the Company with respect to future events and are subject to certain risks, uncertainties and assumptions. Should any of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in this report as anticipated, estimated or expected. The Company's realization of its business aims could be materially and adversely affected by any technical or other problems in, or difficulties with, planned funding and technologies, third party technologies which render the Company's technologies obsolete, the unavailability of required third party technology licenses on commercially reasonable terms, the loss of key research and development personnel, the inability or failure to recruit and retain qualified research and development personnel, or the adoption of technology standards which are different from technologies around which the Company's business ultimately is built. The Company does not intend to update these forwardlooking statements.

INTRODUCTION

NetSol Technologies, Inc. ("NetSol" or the "Company") (NasdaqCM: NTWK) (NasdaqDubai: NTWK) is a worldwide provider of IT solutions to the global financing and leasing industry, with world class enterprise software and services. As a CMMI level 5 company, a distinction shared by few companies worldwide, NetSol uses its BestShoring® practices and highly-experienced resources in analysis, development, quality assurance, and implementation to deliver high-quality, cost-effective solutions. The Company is organized into two main revenue areas, consisting of its enterprise solutions (NetSol Financial Solutions "NFSTM") for the global financing and leasing industry and its portfolio of IT based global business services ("GBS"). NetSol's GBS offerings include portfolio management systems for the financial services industry and, consulting, custom development, systems integration, and technical services for the global healthcare, insurance, real estate and technology markets. NetSol's commitment to quality is demonstrated by its achievement of the ISO 9001, ISO 279001, and SEI (Software Engineering Institute, Carnegie Mellon University, USA) CMMI (Capability Maturity Model) Level 5 assessments, a distinction shared by fewer than 100 companies worldwide. NetSol's clients include Fortune 500 manufacturers, global automakers, financial institutions, technology providers, and governmental agencies.

Founded in 1996, NetSol is headquartered in Calabasas, California. NetSol also has operations and/or offices in: Horsham, United Kingdom; Alameda, California, USA; Beijing, China; Lahore, Islamabad and Karachi, Pakistan; Adelaide, Australia; Bangkok, Thailand; and, Riyadh, Kingdom of Saudi Arabia

In today's highly competitive marketplace, business executives with labor or services-centric budgetary responsibilities are not just encouraged but, in fact, obliged to engage in "Make or Buy" decision process when contemplating how to support and staff new development, testing, services support and delivery activities. The Company business offerings are aligned as a BestShoring® solutions strategy. Simply defined, BestShoring® is NetSol Technologies' ability to draw upon its global resource base and construct the best possible solution and price for each and every customer. Unlike traditional outsourcing offshore vendors, NetSol draws upon an international workforce and delivery capability to ensure a "BestShoring® delivers BestSolutionTM" approach.

NetSol combines domain expertise, not only with lowest cost blended rates from its design centers and campuses located around the world, but also with the guarantee of localized program and project management while minimizing any implementation risk associated with a single service center. Our BestShoring® approach, which we consider a unique and cost effective global development model, is leading the way, providing value added solutions for Global Business ServicesTM through a win-win partnership, rather than the traditional outsourced vendor framework. Our focus on "Solutions" serves to ensure the most favorable pricing while delivering in-depth domain experience. NetSol currently has locations in Bangkok, Beijing, Lahore, London, the San Francisco Bay Area, and Adelaide to best serve its clients and partners worldwide. This provides NetSol customers with the optimum balance of subject matter expertise, in-depth domain experience, and cost effective labor, all merged into a scalable solution. In this way, "BestShoring® delivers BestSolutionTM".

Information technology services are valuable only if they fulfill the business strategy and project objectives set forth by the customer. NetSol's expert consultants have the technical knowledge and business experience to ensure the optimization of the development process in alignment with basic business principles. The Company offers a broad array of professional services to clients in the global commercial markets and specializes in the application of advanced and complex IT enterprise solutions to achieve its customers' strategic objectives. Its service offerings include IT Consulting & Services; NetSol Defense Division; Business Intelligence, Information Security, Independent System Review, Outsourcing Services and Software Process Improvement Consulting; maintenance and support of existing systems; and, project management.

In addition to services, our product offerings are fashioned to provide a Best Product for Best Solution model. Our offerings include our flagship global solution, NetSol Financial Suite (NFSTM). NFSTM, a robust suite of five software applications, is an end-to-end solution for the lease and finance industry covering the complete leasing and finance cycle starting from quotation origination through end of contract. The five software applications under NFSTM have been designed and developed for a highly flexible setting and are capable of dealing with multinational, multi-company, multi-asset, multi-lingual, multi-distributor and multi-manufacturer environments. Each application is a complete system in itself and can be used independently to address specific sub-domains of the leasing/financing cycle. NFSTM is a result of more than eight years of effort resulting in over 60 modules grouped in five comprehensive applications. These five applications are complete systems in themselves and can be used independently to exhaustively address specific sub-domains of the leasing/financing cycle. When used together, they fully automate the entire leasing / financing cycle.

The NetSol Financial SuiteTM also includes LeasePak. LeasePak provides the leasing technology industry with the development of Web-enabled and Web-based tools to deliver superior customer service, reduce operating costs, streamline the lease management lifecycle, and support collaboration with origination channel and asset partners. LeasePak can be configured to run on HP-UX, SUN/Solaris or Linux, as well as for Oracle and Sybase users. In terms of scalability, NetSol Technologies North America offers the basic product as well as a collection of highly specialized add on modules for systems, portfolios and accrual methods for virtually all sizes and complexities of operations. These solutions provide the equipment and vehicle leasing infrastructure at leading Fortune 500 banks and manufacturers, as well as for some of the industry's leading independent lessors.

Our product offerings and services also include: LeaseSoft Portals and Modules through our European operations; LeasePak 6.0b of our NFSTM product suite; enterprise wide information systems, such as or LRMIS, MTMIS and Hospital Management Systems; Accounting Outsourcing Services, and, NetSol Technology Institute, our specialized career and technology program in Pakistan.

To further bolster NetSol's Solutions capabilities, in October 2008, NetSol acquired Ciena Solutions, a preferred SAP and Business Objects integration firm. The Ciena Solutions practice is now integrated into our wholly owned subsidiary, NetSol Technologies North America, Inc. This acquisition expanded NetSol's domain and subject matter expertise to include integration and consulting services for:

- SAP R/3 System deployments
- NetWeaver
- Exchange Infrastructure Portals
- MySAP Business Suite
- Supplier Relationship Management Module
- Client Relationship Management Module
- SAP/Business Objects Products and related Services

In addition to this expansion of SAP-centric integration consulting and services, this practice has developed proprietary intellectual property in the form of designs and source code focused on enhancing SAP-centric procurement activities.

The introduction of a major new product, smartOCITM, has emerged from this integration. smartOCITM is a new search engine technology developed by NetSol which provides corporate buyers and shoppers a simple and intuitive user interface to search multiple supplier catalogs simultaneously within the SAP SRM application. The launch of smartOCITM at the SAP SAPPHIRE Conference in Orlando, Florida, targeting approximately 1,000 SAP SRM platform customers has the strengthened NetSol's presence in the global SAP Services market.

The Company continues its efforts to reduce redundancy and cohesively present services and product operations on a global basis. This consolidation enables the Company to coordinate and streamline product, service and marketing while taking further advantage of the cost arbitrage offered by our highly trained, highly productive, Pakistani resources. This consolidation follows the successful integration of the operations acquired in the United Kingdom and the San Francisco Bay Area in California and facilitates the use of these regional offices as platforms for presenting an expanding services offering, relying on the experience and resources in Pakistan and our product offerings in North America and Europe.

While the Company follows a global strategy for sales and delivery of its portfolio of solutions and services, it continues to maintain regional offices in the San Francisco Bay area, California for North America and the parent headquarters in Calabasas, California; Horsham, United Kingdom, for Europe; and, our "center of excellence" operation in Lahore, Pakistan for Asia Pacific. The Company continues to maintain services or products and specific sales offices in Australia, China, Thailand, Kingdom of Saudi Arabia and Pakistan and in any other country on an as needed basis.

Marketing and Business Development Activities:

Management undertook major steps to sustain growth in the global markets:

- o In 2009-2010, to enhance productivity and cost efficiencies, the concept of Global Delivery Model was implemented. Without moving the source codes of US products or UK products to Lahore, Pakistan, we have integrated the local developers / engineers / programming resources with PK technology group teams. This model would eventually create much stronger band width for customers worldwide but also have the same interfacing local management available for regional clients. In essence, the concept of BestShoring® model is effectively being executed.
- o The global delivery model would further streamline the cost base as well as optimum utilization of NetSol Center of Excellence, CMMI Level 5 technology campus and translate into better and more competitive pricing modules for our customers.
- o The remarkable success and demand of NFSTM in China has led to long term planning to expand in the Chinese market. The overall steady economic growth in China and historic transformation of the auto sector (China outsold cars against the United States in number of units in 2009) combined with growing consumer spending, warrants the hire of additional local Chinese staff and infrastructure improvement. Management is poised to create a 'proximity development center' or PDC and clients support team to better serve our growing customers base.
- o In addition to further penetrating auto captive market in China, NetSol has entered a new segment of big ticket leasing with the successful implementation of NFSTM at Minsheng Financial leasing. Minsheng is the 4th largest big ticket leasing company in China. The three major sectors of focus in China will be banking, auto finance and equipment finance.
- o Thailand is a new emerging market for banking and auto finance. NetSol has a modest presence in Bangkok and is operating under NetSol Thai, a recently formalized wholly owned subsidiary of NTI. The management has started to grow the region by adding a few Thai nationals as staff members and experienced business executives from within NetSol. The pipeline of new customers is growing from the markets in Japan, South Korea and India. These markets will be serviced and supported from the Thailand office.
- o NetSol North American operation has taken critical steps to further enhance the service levels of the local technical team with effective integration of the NetSol PK center of excellence. This strategy has impressively added accretive revenue and interest from current major customers. While the overall market is still going through consolidation and correction, the NetSol team in the US is successfully executing on efforts to grow from its existing client base.
- o NetSol in North America has effectively established a relationship with senior management in SAP to build smartOCITM, a new search engine procurement technology for major corporations. In addition, NetSol is pursuing major alliances to grow the NFSTM business through this relationship in various global markets.
- o Marketing and branding efforts will be resumed to generate new leads and demand of NetSol offerings in both matured and emerging markets. During the recession in 2008-2009, most of these activities were abandoned.

NetSol marketing activities will continue to:

- Encourage organic revenue growth in the Chinese market in the automobile, banking, manufacturing and captive leasing sectors.
- Expand the Beijing office with new local Chinese staff and senior business development and project management teams.
- Further penetrate the Asia Pacific markets by selling NetSol offerings in the key and robust markets of Australia, New Zealand, Singapore, Thailand, South Korea, and Japan.
- Expand Thailand operations with the aim of making it a second hub, after China. A few senior business development teams have been mobilized and relocated in Thailand to support the new business development efforts in the APAC region.
- While consolidating the development and sales teams, further build and expand in the North America market. As the most mature and largest market for the Company's solutions, North America will remain key to new revenue in the coming years. NetSol's existing product line including LeasePak and its modules will remain as a primary offering to support our existing customers.
- NetSol SAP practice will enhance the revenue and add new customers for SAP consulting service, staffing & proprietary bolt-on software offerings.
- Expand and support the new and innovative road map of more capable and robust solutions to the existing 30 plus US customers.
- Increase marketing activities by participating in major forums such as ELFA (the Equipment Leasing & Finance Association) in North America and many other selected international forums to grow NetSol business and image.
- Test market NFSTM new generation products with key global customers.
- Expand and win new customers in the Middle Eastern markets through a recently formed joint venture with Atheeb Group in the Kingdom of Saudi Arabia (KSA). This will include sectors in leasing, banking, defense and public areas.

Funding and Investor Relations:

Management anticipates, but there is no guaranty, that as the price of the Company's shares of common stock will rise, as quoted on the NASDAQ Capital Market, and that:

- Officers may exercise options that are currently in the money.
- Company may look to raise new capital through debt or common stock offerings with friends of family investors which will be held for long term investment and require no payment of placement fees.
- Exercise of warrants by major fund investors.

Investor Relations efforts will include:

- Newly hired IR and PR firm will play a major part in expanding the new retail and institutional investors base.
- Telling the NetSol story to sell side analysts, funds, portfolio managers and financial media.
- Aggressively position NetSol in front of major investors' conferences and road shows to be organized by RedChip and other major institutions.
- Push strategy with US mainstream media to build NetSol image and a 'niche' business offering.
- Founding management's aim to continue to invest in the company is anticipated to display such management's belief in NetSol's potential to new investors.
- Aggressively enhance the visibility and liquidity in NASDAQDUBAI exchange through road shows and Middle East focused investors' conferences.

Improving the Bottom Line:

These measures will improve the bottom line ongoing basis:

- Improve pricing, sales volume and fee structures.
- Continue consolidation and reevaluating operating margins as ongoing activities.
- Streamline further cost of goods sold to improve gross margins to historical levels over 70%, as sales ramp up.
- Generate higher revenues per employee, enhance productivity and lower cost per employee.
- Optimize the utilization of NetSol PK resources, infrastructure, processes and disciplines to maximize the bottom-line and fully leverage the cost arbitrage.
- Grow process automation and leverage the best practices of CMMI level 5. Global delivery concept and integration will further improve both gross and net margins.
- Cost efficient management of every operation and continue further consolidation to improve bottom line.
- Retire Debt to reduce the interest cost significantly and to make every effort to avoid any one time charges.

Management continues to be focused on building its delivery capability and has achieved key milestones in that respect. Key projects are being delivered on time and on budget, quality initiatives are succeeding, especially in maturing internal processes.

In a quest to continuously improve its quality standards, CMMI level companies are reassessed every three years by independent consultants under the standards of the Carnegie Mellon University to maintain its CMMI Level 5 quality certification. As required, NetSol was reassessed in 2010 and was successfully recertified as CMMI Level 5. We believe that the CMMI standards are a key reason in NetSol's demand surge worldwide. We remain convinced that this trend will continue for all NetSol offerings promoting further beneficial alliances and increasing the number and quality of our global customers. The quest for quality standards is imperative to NetSol's overall sustainability and success. In 2008, NetSol became ISO 27001 certified, a global standard and a set of best practices for Information Security Management.

MATERIAL TRENDS AFFECTING NETSOL

Management has identified the following material trends affecting NetSol.

Positive trends:

- The global recession and consolidations have opened doors for low cost solution providers such as NetSol. The BestShoring® model of NetSol is a catalyst in today's environment.
- The global economic pressures and recession has shifted IT processes and technology to utilize both offshore and onshore solutions providers, to control the costs and improve ROIs.
- China has become the second largest economy and has grown to over 9% GDP a year while other industrial nations have declined or grown marginally.
- China's automobile and banking sectors have been unaffected by the global meltdown and in fact have outgrown all other economies with their recent automobile sales statistics.
- As reported by the Associated Press, China surpassed the US as the number one automobile market in auto sales. JD Powers &
 Associates anticipated further strong growth in auto sales for the upcoming years. It is anticipated that this market opportunity will
 result in further penetration by NetSol into China's burgeoning leasing and finance market.
- The surviving IT companies, such as NetSol, with price advantage and a global presence, will gain further momentum as economic indicators turn positive. The bigger customers and targeted verticals are much more cost conscious and are seeking a better rate of return on investments in IT services. NetSol has an edge due to its BestShoring® model and proven track record of delivery and implementations worldwide.

- NetSol has never lost a product customer despite the recent severe recession. The dependency of our blue chip clients on NetSol
 solutions has further elevated new enhancements and services orders in the US.
- Improved outlook and earnings of bell weather technology companies in USA, reflecting the turnaround of this sector after recession.
- The aid and support of trade in Pakistan from countries like the US, China, Saudi Arabia and other western and friendly countries seems to be growing recently. This will positively affect NetSol, local employees and customers worldwide. Pakistan has every potential to rise up as the plans for energy, power, agriculture and infrastructures (including 12 new dams to be built by Chinese companies) create a much better outlook and growth for Pakistan.
- US AID and many other western agencies are diligently assisting the Pakistani people to improve literacy, education, poverty alleviation and healthcare programs. These initiatives will necessarily result in more graduates in science and technology areas.
- Global opportunities to diversify delivery capabilities in new emerging economies that offer geopolitical stability and low cost IT resources reducing dependency upon Lahore technology campus.
- Our global multi-national clients have continued to pursue deeper relationships in newer regions and countries. This reflects our customers' dependencies and satisfaction with our NetSol Financial Suite of products.
- The levy of Indian IT sector excise tax of 35% (NASSCOM) on software exports is very positive for NetSol. In Pakistan there is a 15 year tax holiday on IT exports of services. There are 7 more years remaining on this tax incentive.

Negative trends:

- Geo political unrest due to extremism in the regions of Pakistan and Afghanistan.
- The flooding disaster in Pakistan, due to heavy monsoon rainfall, has affected more than 20 million people. The rebuilding of the affected areas will distract the government of Pakistan and major resources will be diverted to deal with the aftermath of this disaster. Accordingly, management expects delays in major public and defense projects.
- The emergence of many smaller players offering IT solutions in China has resulted in competition in pricing.
- The sluggish European market, due to debt crisis, could lead to our European business suffering.
- Dramatic and deep global recession has created a serious decline in business spending causing significant budget cuts for many of the Company's target verticals.
- Tightened liquidity and credit restrictions in consumer spending has either delayed or reduced spending on business solutions and systems squeezing IT budgets and elongating decision making cycles.
- Tighter internal processes and budgets will cause delays in the receivables from few clients.
- Challenged US auto sectors, banking and retail sectors, thus resulting in longer sales and closing cycles.
- Anticipated worsening US deficit and rise in inflation in coming years would further put stress on consumers and business spending.
- Unrest and growing war in Afghanistan could increase the migration of both refugees and extremists to Pakistan, thus creating
 domestic and regional challenges.

CRITICAL ACCOUNTING POLICIES

Our financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP"). Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. These estimates and assumptions are affected by management's application of accounting policies. Critical accounting policies for us include revenue recognition and multiple element arrangements, intangible assets, software development costs, and goodwill.

REVENUE RECOGNTION

The Company recognizes revenue from license contracts without major customization when a non-cancelable, non-contingent license agreement has been signed, delivery of the software has occurred, the fee is fixed or determinable, and collectability is probable. Revenue from the sale of licenses with major customization, modification, and development is recognized on a percentage of completion method. Revenue from the implementation of software is recognized on a percentage of completion method.

Revenue from consulting services is recognized as the services are performed for time-and-materials contracts. Revenue from training and development services is recognized as the services are performed. Revenue from maintenance agreements is recognized ratably over the term of the maintenance agreement, which in most instances is one year.

MULTIPLE ELEMENT ARRANGEMENTS

We enter into multiple element revenue arrangements in which a customer may purchase a number of different combinations of software licenses, consulting services, maintenance and support, as well as training and development (multiple-element arrangements).

VSOE of fair value for each element is based on the price for which the element is sold separately. We determine the VSOE of fair value of each element based on historical evidence of our stand-alone sales of these elements to third-parties or from the stated renewal rate for the elements contained in the initial software license arrangement. When VSOE of fair value does not exist for any undelivered element, revenue is deferred until the earlier of the point at which such VSOE of fair value exists or until all elements of the arrangement have been delivered. The only exception to this guidance is when the only undelivered element is maintenance and support or other services, then, the entire arrangement fee is recognized ratably over the performance period.

INTANGIBLE ASSETS

Intangible assets consist of product licenses, renewals, enhancements, copyrights, trademarks, trade names, and customer lists. Intangible assets with finite lives are amortized over the estimated useful life and are evaluated for impairment at least on an annual basis and whenever events or changes in circumstances indicate that the carrying value may not be recoverable. We assess recoverability by determining whether the carrying value of such assets will be recovered through the undiscounted expected future cash flows. If the future undiscounted cash flows are less than the carrying amount of these assets, we recognize an impairment loss based on the excess of the carrying amount over the fair value of the assets.

SOFTWARE DEVELOPMENT COSTS

Costs incurred to internally develop computer software products or to enhance an existing product are recorded as research and development costs and expensed when incurred until technological feasibility for the respective product is established. Thereafter, all software development costs are capitalized and reported at the lower of unamortized cost or net realizable value. Capitalization ceases when the product or enhancement is available for general release to customers.

The Company makes on-going evaluations of the recoverability of its capitalized software projects by comparing the amount capitalized for each product to the estimated net realizable value of the product. If such evaluations indicate that the unamortized software development costs exceed the net realizable value, the Company writes off the amount which the unamortized software development costs exceed net realizable value. Capitalized and purchased computer software development costs are being amortized ratably based on the projected revenue associated with the related software or on a straight-line basis over three years, whichever method results in a higher level of amortization.

GOODWILL

Goodwill represents the excess of the aggregate purchase price over the fair value of the net assets acquired in a purchase businesses combination. Goodwill is reviewed for impairment on an annual basis, or more frequently if events or changes in circumstances indicate that the carrying amount of goodwill may be impaired. The goodwill impairment test is a two-step test. Under the first step, the fair value of the reporting unit is compared with its carrying value (including goodwill). If the fair value of the reporting unit is less than its carrying value, an indication of goodwill impairment exists for the reporting unit and the enterprise must perform step two of the impairment test (measurement). Under step two, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill over the implied fair value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit in a manner similar to a purchase price allocation. The residual fair value after this allocation is the implied fair value of the reporting unit goodwill. Fair value of the reporting unit is determined using a discounted cash flow analysis. If the fair value of the reporting unit exceeds its carrying value, step two does not need to be performed.

CASH RESOURCES

The company had \$2.155 million worldwide in cash as on September 30, 2010.

CHANGES IN FINANCIAL CONDITION

Net revenues for the quarter ended September 30, 2010 and 2009 are broken out among the subsidiaries as follows:

	2010)	200)9
	Revenue	%	Revenue	%
Corporate headquarters	\$ -	0.00% 5	-	0.00%

Net revenues for the quarter ended September 30, 2010 were \$8,403,071 as compared to \$7,622,073 for the quarter ended September 30, 2009. This reflects an increase of \$780,999 or 10.25% in the current quarter as compared to the quarter ended September 30, 2009. Revenue from services, which includes consulting and implementation, slightly decreased from \$3,262,764 to \$3,255,360. License revenues grew by \$926,200 over the comparable quarter in fiscal 2009.

The gross profit was \$5,222,442 in the quarter ending September 30, 2010 as compared with \$4,062,988 for the same quarter of the previous year for an increase of 28.54% or \$1,159,454. The gross profit percentage for the quarter increased approximately 9% to 62.15% from 53.31% in the quarter ended September 30, 2009. The cost of sales was \$3,180,629 in the current quarter compared to \$3,559,085 in the comparable quarter of fiscal 2010. As a percentage of sales it decreased 9% from 46.69% for the quarter ended September 30, 2009 to 37.85% in the current quarter. Salaries and consultant fees decreased by \$26,865, from \$2,013,753, in the prior comparable quarter to \$1,986,888. As a percentage of sales, it decreased by 2.78% from 26.42% in the prior comparable quarter to 23.64% in the current quarter. The improvement in gross profit margin is due to management's efforts for globalization of delivery of products using the BestShoring® model.

Operating expenses were \$3,196,913 for the quarter ending September 30, 2010 as compared to \$2,916,802, for the corresponding period last year for an increase of 9.60% or \$280,111. As a percentage of sales it marginally decreased by 0.23% from 38.27% to 38.04%. Depreciation and amortization expense amounted to \$266,443 and \$512,362 for the quarter ended September 30, 2010 and 2009, respectively. Combined salaries and wage costs were \$920,264 and \$714,899 for the comparable periods, respectively. As a percentage of sales, these costs increased from 9.38% to 10.95%. General and administrative expenses were \$1,132,519 and \$1,099,806 for the quarters ended September 30, 2010 and 2009, respectively, an increase of \$32,713 or 2.97%. As a percentage of sales, these expenses were 13.48% in the current quarter compared to 14.43% in the comparable quarter. The increase is mainly attributable due to amortization of some non-cash expense on grant of options.

Selling and marketing expenses were \$483,970 and \$493,629, in the quarter ended September 30, 2010 and 2009, respectively. Professional services expense increased 44.72% to \$139,085 in the quarter ended September 30, 2010, from \$96,106 in the corresponding period last year.

Income from operations was \$2,025,530 compared to \$1,146,186 for the quarters ended September 30, 2010 and 2009, respectively. This represents an increase of \$879,343 for the quarter compared with the comparable period in the prior year. As a percentage of sales, net income from operations was 24.10% in the current quarter compared to 15.04% in the prior period.

Net income was \$1,566,981 compared to a loss of \$263,917 for the quarters ended September 30, 2010 and 2009, respectively. This is an increase of \$\$1,830,898 compared to the prior year. Included in this income is foreign currency exchange gain of \$1,073,894 (September 2009, \$383,835) due to appreciation of Euro by more than 13% in the current quarter against Pakistan Rupee. The current fiscal quarter amount includes a net reduction of \$974,508 compared to \$1,108,975 in the prior period for the 49.9% non-controlling interest in NetSol Innovation owned by other parties, and the 42.04% non-controlling interest in NetSol PK. Interest expense was \$315,644 in the current quarter as compared to \$468,615 in the comparable period. Net income per share, basic and diluted, was \$0.04 as compared to loss of \$0.01 for the quarters ended September 30, 2010 and 2009.

The net EBITDA income was \$2,788,565 compared to \$1,220,581 for the quarters ended September 30, 2010 and 2009, after amortization and depreciation charges of \$897,383 and \$1,010,866, income taxes of \$8,556 and \$5,017, and interest expense of \$315,644 and \$468,615, respectively. The EBITDA earning per share, basic and diluted was \$0.07 and \$0.06 for the quarter ended September 30, 2010 and, basic and diluted, was \$0.04 for the quarter ended September 30, 2009. As a percentage of revenues EBITDA was 33.19% compared to 16% for the quarters ended September 30, 2010 and 2009, respectively. Although the net EBITDA income is a non-GAAP measure of performance, we are providing it because we believe it to be an important supplemental measure of our performance that is commonly used by securities analysts, investors, and other interested parties in the evaluation of companies in our industry. It should not be considered as an alternative to net income, operating income or any other financial measures calculated and presented, nor as an alternative to cash flow from operating activities as a measure of our liquidity. It may not be indicative of the Company's historical operating results nor is it intended to be predictive of potential future results.

LIQUIDITY AND CAPITAL RESOURCES

The Company's cash position was \$2,154,813at September 30, 2010, compared to \$3,956,279 at September 30, 2009.

Net cash used in operating activities amounted to \$113,820 for the quarter ended September 30, 2010, as compared to cash provided by amounting to \$692,312 for the comparable period last fiscal year.

Net cash used by investing activities amounted to \$2,686,900 for the quarter ended September 30, 2010, as compared to \$1,708,000 for the comparable period last fiscal year. The Company had net purchases of property and equipment of \$682,676 compared to \$95,160 for the comparable period last fiscal year. The purchase of non-controlling interest used \$180,000 in current quarter as compared to \$Nil in corresponding previous year quarter. The short term investment held for sales used \$254,632 in current quarter as compared to \$Nil in corresponding previous year quarter. The increase in intangible assets which represents amounts capitalized for the development of new products was \$1,574,143 and \$1,612,840 for the comparable periods.

Net cash provided by financing activities amounted to \$952,233 and \$643,057 for the quarters ended September 30, 2010, and 2009, respectively. The Company sold \$2,021,139 as compared to \$158,906 of common stock. The quarter ended September 30, 2010 included the cash inflow of \$186,875 from the exercising of stock options and warrants compared to \$Nil in quarter ended September 30, 2009. In the current fiscal period, the Company had net payments on account of bank loans, loans and capital leases of \$1,255,781as compared to net proceeds of \$445,891 in the comparable period last year.

The Company does not anticipate plans to pursue new financing in the upcoming quarter. We remain open to strategic relationships that would provide value added benefits. The focus will remain on continuously improving cash reserves internally and reduced reliance on external capital raise.

As a growing company, we have on-going capital expenditure needs based on our short term and long term business plans. Although our requirements for capital expenses vary from time to time, for the next 12 months, we anticipate needing working capital of \$5.0 to \$7.0 million for US, European and UAE, new business development activities and infrastructure enhancements.

While there is no guarantee that any of these methods will result in raising sufficient funds to meet our capital needs or that even if available will be on terms acceptable to the Company, we will be very cautious and prudent about any new capital raise given the global market declines. However, the Company is very conscious of the dilutive effect and price pressures in raising equity-based capital.

Item 3. Quantitative and Qualitative Disclosures About Market Risks.

None.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this Report (September 30, 2010). Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and are effective in ensuring that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the first quarter of fiscal year 2010 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

To the best knowledge of Company's management and counsel, there is no material litigation pending or threatened against the Company.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

In July 2010, the Company issued a total of 210,000 shares of restricted common stock to executive employees as part of their compensation agreements. These share issuances were further reported on the employees annual form 5 filings. These shares were issued in reliance on an exemption from registration available under Regulation D of the Securities Act of 1933, as amended.

In July 2010, one of the holders of our \$2 million convertible note converted \$1,646,400 worth of principal and interest there on from the note into a total of 2,613,333 shares of common stock. This transaction was originally reported in an 8-K at the time of the issuance of the Note in July 2008. The shares were issued in reliance on an exemption from registration under Regulation D of the Securities Act of 1933, as amended.

In July 2010, the four independent directors were issued a total of 30,000 shares as compensation for their service on the board of directors for the quarter ended June 30, 2010. These shares are issued as part of the Company's 2008 Equity Incentive Plan. These share issuances were reported in the holders' annual Form 5 filing. These shares were issued in reliance on exemptions from registration under Regulation S and D of the Securities Act of 1933, as amended.

In August 2010, one of the holders of our \$6 million convertible note converted \$43,591 worth of principal and interest there on from the note into 69,192 shares of common stock. This transaction was originally reported in an 8-K at the time of the issuance of the Note in July 2008. The shares were issued in reliance on an exemption from registration under Regulation D of the Securities Act of 1933, as amended.

In September 2010, one of the holders of our \$6 million convertible note converted \$261,026 worth of principal and interest there on from the note into 414,326 shares of common stock. This transaction was originally reported on an 8-K at the time of the issuance of the Note in July 2008. The shares were issued in reliance on an exemption from registration under Regulation D of the Securities Act of 1933, as amended.

In September 2010, holders of warrants were issued a total of 466,571 shares of common stock as a result of the exercise of warrants issued in June and October 2007. This transaction was initially reported at the time of the acquisition of the shares of common stock and associated warrants in 2007. The shares were issued in reliance on an exemption from registration under Regulation D of the Securities Act of 1933, as amended.

In September 2010, an employee of the Company was issued 15,432 shares of restricted common stock which was required to be issued according to the terms of his employment agreement. The shares were issued in reliance on an exemption from registration under Regulation D of the Securities Act of 1933, as amended.

In September 2010, shares of restricted common stock totaling 1,769,230 shares were issued to 3 accredited investors who all had a pre-existing investor relationship with the Company as part of an offering of common stock at \$.65 per share that was commenced in August 2010. The shares were issued in reliance on an exemption from registration under Regulation S of the Securities Act of 1933, as amended.

In September 2010, the Company issued 25,000 shares of common stock to a consultant. The shares were due as part of their agreement with the Company. The consultant is an accredited investor. The shares were issued in reliance on an exemption from registration under Regulation D of the Securities Act of 1933, as amended.

During the quarter ended September 30, 2010, the Company issued 350,000 shares of common stock against the exercise of options with a total consideration of \$186,875.

STOCK REPURCHASE PLAN

No purchases were made in the repurchase plan approved by the Board of Directors in July 2010 from the date of the inception of the plan through September 30, 2010. The maximum number of shares that may be purchased under the plan remains at 2,000,000. The repurchase plan expires in January 2011.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Submission Of Matters To A Vote Of Security Holders

None.

Item 5. Other Information

None.

Item 6. Exhibits

- 31.1 Certification pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 (CEO)
- 31.2 Certification pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 (CFO)
- 32.1 Certification pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 (CEO)
- 32.2 Certification pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 (CFO)

SIGNATURES

In accordance with the requirements of the Exchange Act, the registrant caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

NETSOL TECHNOLOGIES, INC.

ate: November 10, 2010 /s/ Najeeb Ghauri

NAJEEB GHAURI Chief Executive Officer\

Date: November 10, 2010 /s/Boo-Ali Siddiqui

BOO-ALI SIDDIQUI Chief Financial Officer

Certification Pursuant to 18 U.S.C. Section 1350 As Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Najeeb Ghauri, certify that:

- (1) I have reviewed this quarterly report on Form 10-Q for the quarter ended September 30, 2010 of NetSol Technologies, Inc., ("Registrant").
- (2) Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
- (3) Based on my knowledge, the financial statements and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- (4) The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
- (a) designed such disclosure controls and procedure, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
- (b) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
- (c) disclosed in this report any changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and;
- (5) The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of the internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):

(a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

- (1) I have reviewed this quarterly report on Form 10-Q for the quarter ended September 30, 2010 of NetSol Technologies, Inc., ("Registrant").
- (2) Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
- (3) Based on my knowledge, the financial statements and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- (4) The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
- (a) designed such disclosure controls and procedure, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
- (b) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
- (c) disclosed in this report any changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and;
- (5) The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of the internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):

(a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: November 10, 2010 /s/ Boo-Ali Siddiqui

Boo-Ali Siddiqui Chief Financial Officer

CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT BY SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the Interim Report of NetSol Technologies, Inc. on Form 10-Q for the period ending September 30, 2010, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), the undersigned, Najeeb Ghauri, Chief Executive Officer of the Company, certifies, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to ss. 906 of the Sarbanes-Oxley Act of 2002, that:
