**EXPLANATORY NOTE**

This Form 10-Q/A amends the quarterly report on Form 10-Q of NetSol Technologies, Inc. (the “Company”) for the quarter ended September 30, 2011 (the “Original Filing”), filed on November 8, 2011 to change management’s conclusion regarding the effectiveness of its disclosure controls and procedures in light of its conclusion that its financial controls and procedures contain a material weakness as of September 30, 2011. The remainder of the 10-Q filed dated November 8, 2011 remains unchanged.

This Form 10-Q/A amends Part I, Item 4 (Controls and Procedures) in the Company's Original Filing. Except to the extent required to reflect the above-referenced revisions, this Form 10-Q/A continues to describe the Company as of the date of the Original Filing, and does not update disclosures to reflect events that occurred after the date of the Original Filing. Accordingly, this Amendment should be read in conjunction with the Original Filing and with our other filings made with the Securities and Exchange Commission subsequent to the filing of the Original Filing, including any amendments to those filings.

## NETSOL TECHNOLOGIES, INC.

### Item 4. Controls and Procedures

#### *Evaluation of Disclosure Controls and Procedures*

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 under the Exchange Act, as of the end of the period covered by this Report (September 30, 2011). Based upon that evaluation, the Chief Financial Officer and Chief Executive Officer concluded that our disclosure controls and procedures were not effective.

#### *Management's Report on Internal Control over Financial Reporting*

Our management has the responsibility to establish and maintain adequate internal controls over our financial reporting, as defined in Rule 13a-15(f) under the Securities and Exchange Act of 1934. Our internal controls are designed to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of our external financial statements in accordance with generally accepted accounting principles (GAAP).

Due to inherent limitations of any internal control system, management acknowledges that there are limitations as to the effectiveness of internal controls over financial reporting and therefore recognize that only reasonable assurance can be gained from any internal control system. Accordingly, our internal control system may not detect or prevent material misstatements in our financial statements and projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Under the supervision and participation of management, including the Chief Executive Officer and Chief Financial Officer, we have performed an assessment of the effectiveness of our internal controls over financial reporting as of September 30, 2011. This assessment was based on the criteria established in Internal Control-Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on the results of our assessment, the Company has determined that as of September 30, 2011, there was a material weakness in the Company's internal control over financial reporting. Specifically, while in the performance of this assessment, management identified that its accounting staff do not have sufficient technical accounting knowledge relating to accounting for complex U.S. GAAP matters. In particular, although our CFO is a Chartered Accountant (CA) in Pakistan neither he, nor our controllers, holds a Certified Public Accounting (CPA) license in the United States. While the CA certification is recognized in several key countries relative to the Company's operations, including Pakistan, the United Kingdom, and other British Commonwealth countries, the Company has determined that a deficiency exists with respect to required financial reporting expertise in the United States. Based on this evaluation, management concluded that our internal control over financial reporting was not effective as of September 30, 2011. Notwithstanding the existence of such material weakness in our internal controls over financial reporting, our management, including our Chief Executive Officer, believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

Management is committed to remediating the material weakness as quickly as possible and we will continue to encourage our current accounting staff to both further their continuing education and to sit for the Certified Public Accountant exam in the United States. Additionally, and in recognition of immediate financial reporting needs, the Company intends to implement additional controls and procedures during the current fiscal year to continue to ensure timely and accurate financial reporting objectives. Such additional controls and procedures may include: The retention of a U.S. based CPA as Chief Financial Officer with U.S. GAAP experience and appropriate knowledge of internal controls over financial reporting, for purposes of appropriate oversight of the financial reporting process and continued training of the accounting staff; recruitment of additional personnel with relevant U.S. GAAP experience to enhance our financial reporting and internal control function; retention of the services of a consultant for advisory services with respect to SOX 404 compliance.

#### **Changes in Internal Control Over Financial Reporting**

There have been no changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the first quarter of fiscal year 2012 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
